## Independent Auditor's Report

### To the Members of Edelweiss Securities Limited

#### Report on the Financial Statements

We have audited the accompanying financial statements of Edelweiss Securities Limited (the "Company"), which comprise the Balance Sheet as at 31 March 2017, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143 (10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances.

## Edelweiss Securities Limited

### **Annexure - B to the Independent Auditor's Report of even date on the financial statements of Edelweiss Securities Limited**

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")**

We have audited the internal financial controls over financial reporting of Edelweiss Securities Limited (the "Company") as of 31 March 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, and timely preparation of reliable financial information, as required under the Act.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Edelweiss Securities Limited

### **Annexure - B to the Independent Auditor's Report of even date on the financial statements of Edelweiss Securities Limited (*Continued*)**

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

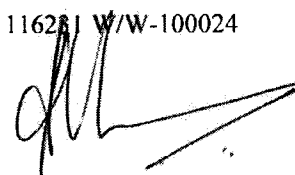

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

## Notes to the financial statements

for the year ended 31 March 2017

(Currency : Indian rupees in millions)

### 1. Significant accounting policies

#### 1.1 Basis of preparation of financial statements

The accompanying financial statements are prepared and presented in accordance with India Generally Accepted Accounting Principles ("GAAP") under the historical cost convention, on the accrual basis of accounting, unless otherwise stated, and comply with the Accounting Standards as prescribed under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) rules, 2014, the provisions of the Companies Act, 2013 (to the extent notified), (hereinafter referred to as 'the Act') and Schedule III to the Act. The financial statements are presented in Indian rupees in millions.

#### 1.2 Use of estimates

The preparation of the financial statements in conformity with the GAAP requires management to make certain estimates and assumptions that affect the reported amount of assets, liabilities disclosure of contingent liabilities on the date of the financial statement and reported amount of revenue and expenses during the reporting period. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as on the date of the financial statement. Actual results could differ from the estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

#### 1.3 Current and Non-current classification

All assets and liabilities are classified into current and non-current

##### Assets

An asset is classified as current when it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle or it is held primarily for the purpose of being traded or it is expected to be realized within twelve months after the reporting date or it is cash or cash equivalent unless it is restricted from being exchanged or expected to be used to settle a liability for at least twelve months after the reporting date. Current assets include the current portion of non-current assets. All other assets are classified as non-current.

##### Liabilities

A liability is classified as current when it is expected to be settled in the company's normal operating cycle or it is held primarily for the purpose of being traded or it is due to be settled within twelve months after the reporting date or the company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of the liability that could, at the option of the counterparty, results in its settlement by the issue of equity instruments do not affect its classification. Current liabilities include current portion of non-current liabilities. All other liabilities are classified as non-current

### 1. Significant accounting policies (Continued)

#### 1.4 Revenue recognition

- Brokerage income is recognised as per contracted rates at the execution of transactions on behalf of the customers on the trade date and is reflected net of related stock exchange expenses.
- Fee income is accounted for, on an accrual basis in accordance with the terms and contracts entered into between the Company and the counterparty.
- Income from treasury operations comprises of profit/loss on sale of securities, profit/loss on equity and currency derivative instruments.
  - i) Profit/ loss on sale of securities are determined based on the weighted average cost of the securities sold.
  - ii) Realised profit/ loss on closed positions of all derivative instruments is recognised on final settlement on squaring-up of the contracts. All outstanding derivative contracts in the nature of forwards / futures / options are measured at fair value as at the balance sheet date. Fair value is determined using quoted market prices in an actively traded market, for the instrument, wherever available, as the best evidence of fair value. In the absence of quoted market prices in an actively traded market, market intermediary quotes, valuation techniques are used to determine the fair value. In most cases the valuation techniques use observable market data as input parameters in order to ensure reliability of the fair value measure.
- Research services fee income is accounted when there is reasonable certainty as to its receipts.
- Interest income is recognised on accrual basis.
- Dividend income is recognised when the right to receive payment is established.
- Profit/loss on sale of investment is recognised on trade date basis. Profit/loss on sale of investments is determined based on the weighted average cost of the investments sold.
- Warehouse charges have been netted off against warehouse expenses.
- Delayed payment charges are recognised on accrual basis.

#### 1.5 Fixed assets and depreciation

##### Property, Plant and Equipment and Capital work in progress

Property, Plant and Equipment are stated at cost of acquisition or construction, less accumulated depreciation and impairment losses, if any. The cost of fixed assets comprises purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Capital work in progress comprises the cost of fixed assets that are not ready for its intended use at the reporting date.

Depreciation is provided on a written down value basis from the date the asset is ready for its intended use or put to use whichever is earlier. In respect of assets sold, depreciation is provided upto the date of disposal.

### 1. Significant accounting policies (Continued)

#### 1.5 Fixed assets and depreciation (Continued)

As per the requirement of Schedule II of the Companies Act, 2013, the Company has evaluated the estimated useful lives of the respective fixed assets which are as per the provisions of Part C of Schedule II of the Act for calculating the depreciation.

The estimated useful lives of the fixed assets are as follows:

Class of asset	Useful life
Building (other than factory building)	60 years
Furniture and fixtures	10 years
Vehicles	8 years
Office equipment	5 years
Computers and data processing units - Servers and networks	6 years
Computers and data processing units - End user devices, such as desktops, laptops etc.	3 years

Leasehold improvements are amortized on a straight-line basis over the estimated useful lives of the assets or the period of lease whichever is shorter.

#### Intangible fixed assets

Intangible fixed assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortization and impairment, if any.

Intangible such as software is amortised over a period of 3 years based on its estimated useful life whichever is shorter.

MCX membership rights are amortised over a period of 3 years.

Goodwill is amortised over a period of 5 years.

#### 1.6 Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and the value in use of those assets. Value in use is arrived at by discounting the estimated future cash flows to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of the depreciable historical cost.

### 1. Significant accounting policies (Continued)

#### 1.7 Stock-in-trade

- a) The securities acquired with the intention of short term holding and trading positions are considered as stock-in-trade and disclosed as current assets.
- b) The securities, including from error trades, held as stock-in-trade are valued at lower of weighted average cost or market value.
- c) In case of units of mutual funds held as stock-in-trade, net asset value is considered as fair value.
- d) Debt instruments held as stock in trade are valued at weighted average cost or realisable value whichever is lower. In case of debt instruments for which direct quotes are not available, they are valued at the lowest of the quotes as on valuation date as provided by market intermediaries.

#### 1.8 Investments

Investments are classified into non-current (long term) investments and current investments. Investments which are intended to be held for one year or more are classified as non-current investments and investments which are intended to be held for less than one year are classified as current investments.

Non-current (long term) investments are carried at cost less diminution in value which is other than temporary, determined separately for each investment.

Current investments are carried at lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each investment. In case of investments in mutual funds, the net asset value of units declared by the mutual funds is considered as the fair value.

#### 1.9 Foreign currency transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transaction. Exchange differences, if any arising out of transactions settled during the year are recognised in the statement of profit and loss of the year.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the closing exchange rates on that date. The resultant exchange differences, if any, are recognised in the statement of profit and loss and related assets and liabilities are accordingly restated in the balance sheet.

#### 1.10 Employee benefits

The accounting policy followed by the Company in respect of its employee benefit schemes in accordance with Accounting Standard 15 (revised 2005), is set out below:

##### *Provident fund*

The Company contributes to a recognized provident fund which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognized in the statement of profit and loss.

### 1. Significant accounting policies (Continued)

#### 1.10 Employee benefits (Continued)

##### *Gratuity*

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods. Such benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted.

The present value of the obligation under such benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method which recognises each period of services as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at present values of estimated future cash flows. The discounted rates used for determining the present value are based on the market yields on Government Securities as at the balance sheet date.

Benefits in respect of gratuity are funded with an Insurance Company approved by Insurance Regulatory and Development Authority (IRDA).

Actuarial gains and losses arising from experience adjustments and change in actuarial assumptions are recognised in the statement of profit and loss in the period in which they arise.

##### *Compensated Leave Absences*

The eligible employees of the Company are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Company recognises the charge to the statement of profit and loss and corresponding liability on account of such non-vesting accumulated leave entitlement based on a valuation by an independent actuary.

##### *Deferred Bonus*

The Company has adopted a Deferred Bonus Plan under the Deferred Variable Compensation Plan. A pool of identified senior employees of the Company is entitled for benefits under this plan. Such deferred compensation will be paid in a phased manner over a future period of time. The measurement for the same has been based on actuarial assumptions and principles. These assumptions and principles are consistent with the requirements of Accounting Standard 15 (Revised 2005).

#### 1.11 Taxation

Income-tax expense comprises of current tax (i.e. amount of tax for the period determined in accordance with the Income Tax Act, 1961) and deferred tax charge or benefit (reflecting the tax effect of timing differences between accounting income and taxable income for the year).

### 1. Significant accounting policies (*Continued*)

#### 1.11 Taxation (*Continued*)

##### *Current tax*

Provision for current tax is recognised based on estimated tax liability computed after adjusting for allowances, disallowances and exemptions in accordance with the Income Tax Act, 1961.

##### *Deferred tax*

The deferred tax charge or benefit and the corresponding deferred tax liabilities and assets are recognized using the tax rates that have been enacted or substantially enacted at the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the asset can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of these assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonable/virtually certain (as the case may be) to be realised.

##### *Minimum Alternate Tax (MAT) Credit*

MAT credit asset is recognized where there is convincing evidence that the asset can be realized in future. MAT credit assets are reviewed at each balance sheet date and written down or written up to reflect the amount that is reasonably certain to be realized.

#### 1.12 Operating leases

Lease payments for assets taken on operating lease are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

#### 1.13 Earnings per share

The Company reports basic and diluted earnings per share in accordance with Accounting Standard 20 - Earnings Per Share. Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all potential equity shares.

#### 1.14 Provisions and contingences

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an economic benefit will arise, the asset and related income are recognised in the period in which the change occurs.

#### 1.15 Presentation of financial assets and liabilities

Financial assets and liabilities are offset and the net amounts are presented in the Balance Sheet where the Company has a legal right to set off the recognised amounts. Such legal rights are by virtue of a binding legal contract or by an irrevocable undertaking executed by the Company. The aforesaid policy is generally applied to offset receivables from and payables to same counterparties; to offset fixed deposits specifically pledged with banks against the borrowings availed from them; and other such similar qualifying arrangements.

### 2.27 Segment reporting

#### Primary Segment (Business Segment)

The Company's business is organised and management reviews the performance based on the business segments as mentioned below:

Segment	Activities covered
Agency business	Broking and advisory services
Capital based business	Income from treasury operations and income from investment and dividend

Income for each segment has been specifically identified. Expenditure, assets and liabilities are either specifically identifiable with individual segments or have been allocated to segments on a systematic basis. Based on such allocations, segment disclosures relating to revenue, results, assets and liabilities have been prepared.

#### Secondary Segment

Since the business operations of the Company are primarily concentrated in India, the Company is considered to operate only in the domestic segment and therefore there is no reportable geographic segment.

The following table gives information as required under the Accounting Standard -17 on Segment Reporting:
