Edelweiss is a large financial services firm with presence in India's most scalable and profitable sectors. Our various businesses address the needs of multiple client segments and demographics. During the last few years, several of our "young" businesses have gained ground while the mature businesses have scaled up into sustainable business models with increased market share in their respective segments.

Speaking on the occasion, Mr. Rashesh Shah, Chairman and CEO, Edelweiss Financial Services Limited said:

"FY18 has been a good year for the Edelweiss Group. Our Consolidated PAT for the year was INR 890 cr with a YoY growth of 46% (INR 609 cr in FY17) and PAT Excluding Insurance grew 44% to INR 1,036 cr (INR 719 cr in FY17). Balance Sheet grew by 42% during the same period. Return on Equity Excluding Insurance stands at 22.1% for FY18."

With this latest quarter, Edelweiss's PAT has now grown consistently at a CAGR of 38% for over 28 quarters-across business cycles.

FY18 also marked the first time in 10 years when Edelweiss raised fresh equity at the Group level via our QIP in Q3, which saw the participation of marquee investors like CDPQ, HDFC Mutual Fund and Kotak Mutual Fund as well as the support of our existing investors.

Today, Edelweiss's 'bank-like' breadth of businesses serve both retail and corporate customers, across credit, wealth and asset management, capital markets and insurance. While our performing credit and distressed credit businesses continue to do very well, we are very excited about our retail credit business, and SME lending and small ticket home loans in particular. We are also happy to report that as our wealth and asset management businesses are gaining scale, their contribution to our profits has been steadily increasing. Since these businesses do not require additional capital, this gives us enhanced profitability and a bankable source of additional internal accruals which will power our continued growth.

We believe that the long term trends in the democratisation of access to credit and continued financialisation of savings in India are irreversible, and the next decade will present a tremendous growth opportunity for financial services. With our range of offerings and stronger capital base, we are uniquely positioned amongst NBFCs to benefit sustainably from these two trends"

- **Fund based income is INR 5,656 cr (INR 4,806 cr in FY17), up 18%.**
