

EAAA TransInfra Managers Limited

Corporate Identity Number: U66309MH2025PLC446014

Financial Statements for the year ended March 31, 2026

INDEPENDENT AUDITOR'S REPORT

To the Members of EAAA TransInfra Managers Limited

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying Financial Statements of EAAA TransInfra Managers Limited ('the Company') which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash Flows and the Statement of Changes in Equity for the period from April 18, 2025 to March 31, 2026 ('the period') then ended, and notes to the Financial Statements, including a summary of material accounting policies and other explanatory information ('The Financial Statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 as amended ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, (as amended) and other accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2026, and its loss including Other Comprehensive Income, and its Cash Flows and its Changes in Equity for the period ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('the ICAI') together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Board's Report, but does not include the Financial Statements and our auditor's report thereon. The Board Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. Based on the work we have performed, if we conclude that there is a material misstatement of this other information, we are required to report that fact.

Responsibilities of the Management and Those charged with Governance for the Financial Statements

The Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including Other Comprehensive Income, Cash Flows and Changes in Equity of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Management and the Board of Directors are also responsible for overseeing Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

We draw attention to Note 1.1 to the Financial Statements, which describes that the Company was incorporated during the current year and, accordingly, the financial statements for the year ended March 31, 2026 are the first set of financial statements prepared by the Company. As a result, no comparative financial statement have been presented.

Our opinion on the Financial Statements is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable as required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, and the Statement of Cash Flow and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- (e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting with reference to these Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2";
- (g) In our opinion the managerial remuneration for the period ended March 31, 2026 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 22 of the financial statements;
 - ii. The Company did not have any long- term contracts including derivative contracts for which there were any material foreseeable losses
 - iii. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company;

NANGIA & CO LLP

CHARTERED ACCOUNTANTS

- iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 27.7(A) to the financial statements, during the period no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 27.7(B) to the financial statements, during the period no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. The Company has not declared or paid any dividend during the period.
- vi. Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of accounts for the financial year ended March 31, 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the period for all transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the company as per the statutory requirements for record retention.

Annexure 1 referred to in paragraph 1 under the heading "Report on other legal and regulatory requirements" of our Report of Even Date on the Financial Statements of EAAA TransInfra Managers Limited

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) The Company does not have property, plant and equipment, right-of-use assets and intangible assets, the requirement to report on clause 3(i) of the Order is not applicable to the Company.
- (ii) (a) The Company's business does not require maintenance of inventories and, accordingly, the requirement to report on clause 3(ii)(a) of the Order is not applicable to the Company.

(b) The Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions during any point of time of the period on the basis of security of current assets. Accordingly, the requirement to report on Clause (ii)(b) of the Order is not applicable to the Company.
- (iii) (a) During the period the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(a) of the Order is not applicable to the Company.

(b) Based on our examination and the information and explanations given to us, the Company has not made investments in, provided any advances in nature of loans, guarantee and also not given security to any party. Accordingly, the requirement to report on clause 3(iii)(b) of the Order is not applicable to the Company.

(c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c) of the Order is not applicable to the Company.

(d) The Company has not granted loans or advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(d) of the Order is not applicable to the Company.

(e) There were no loans or advances in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(e) of the Order is not applicable to the Company.

(f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the period. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.
- (iv) There are no loans, investments, guarantees, and security in respect of which provisions of sections 185 and 186 of the Companies Act, 2013 are applicable and accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.

- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (vi) The Company is not in the business of sale of any goods or provision of such services as prescribed u/s 148 (1) of the Companies Act, 2013. Accordingly, the requirement to report on clause 3(vi) of the Order is not applicable to the Company.
- (vii) (a) According to the information and explanations given to us, in our opinion, the Company has been regular in depositing with appropriate authorities undisputed statutory dues including goods and services tax, provident fund, income-tax and other material statutory dues, as applicable. The provisions relating to sales-tax, duty of excise, duty of custom, value added tax, employee's state insurance and cess are currently not applicable to the Company. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no statutory dues referred in sub-clause (a) above which have not been deposited on account of any disputes as on March 31, 2026.
- (viii) According to the information and explanations given to us, the Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the period. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
- (ix) (a) According to the information and explanations given to us, the Company did not have any outstanding loans or borrowings or interest thereon due to any lender during the period. Accordingly, the requirement to report on clause (ix)(a) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.
- (c) According to the information and explanations given to us and the audit procedures performed by us, the Company did not have any term loans outstanding during the period. Accordingly, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.
- (d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not raised any funds on short term basis during the period. Accordingly, the requirement to report on clause (ix)(d) of the Order is not applicable to the Company.
- (e) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company.
- (f) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on Clause 3(ix)(f) of the Order is not applicable to the Company.

- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares/ fully or partially or optionally convertible debentures during the period under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) According to the information and explanations given to us, no material fraud by the Company or on the Company has been noticed or reported during the period.
- (b) During the period, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government. Also, the provisions of secretarial and cost audit is not applicable to the Company.
- (c) As represented to us by the Management, there are no whistle blower complaints received by the Company during the period.
- (xii) The Company is not a Nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clauses 3(xii)(a), (b) and (c) of the Order is not applicable to the Company.
- (xiii) According to the information and explanations given to us, transactions with the related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- (xiv) The Company does not have an internal audit system and is not required to have an internal audit system under the provisions of Section 138 of the Companies Act, 2013. Accordingly, the requirement to report under clauses 3(xiv)(a) and (b) of the Order is not applicable to the Company.
- (xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.
- (xvi) (a) According to the Information and explanations given to us and audit procedures performed by us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial activities or Housing Finance activities without obtaining a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- (c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) The Group has one Core Investment Company as part of the Group.
- (xvii) The Company has incurred cash losses amounting to Rs. 32,173.05 thousand in the current financial year.

NANGIA & CO LLP

CHARTERED ACCOUNTANTS

- (xviii) There has been no resignation of the statutory auditors during the period. Accordingly, the requirement to report on clause 3(xviii) of the Order is not applicable to the Company.
- (xix) On the basis of the financial ratios disclosed in note 27.12 to the Financial Statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) Section 135 regarding Corporate Social Responsibility of the Act is not applicable to the Company, accordingly, the requirements to report on clauses 3(xx)(a) and (b) of the Order are not applicable to the Company.
- (xxi) The Company does not prepare consolidated financial statements, accordingly, the requirement to report on clause 3(xxi) of the Order is not applicable to the Company.

"Annexure 2" to the Independent Auditor of even date on the financial statements of EAAA TransInfra Managers Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of EAAA TransInfra Managers Limited

We have audited the internal financial controls over financial reporting with reference to Financial Statement of EAAA TransInfra Managers Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the Financial Statements of the Company for the period ended on that date.

Responsibilities of the Management and Those charged with Governance for Internal Financial Controls

The Company's Management and the Board of directors are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting with reference to Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation, and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to Financial Statement based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to Financial Statement were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to Financial Statement and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to Financial Statement included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to Financial Statement.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting with reference to Financial Statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to Financial Statement includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to Financial Statement, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to Financial Statement to future periods are subject to the risk that the internal financial control over financial reporting with reference to Financial Statement may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting with reference to Financial Statement were operating effectively as at March 31, 2026 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Statement of Cash Flow

(Currency: Indian rupees in 000's)

Particulars	For the period ended April 18, 2025 to March 31, 2026
A Cash flow from operating activities	
Profit before tax	(33,371.37)
Adjustments for	
Gratuity and compensated expenses	86.75
Interest income	(5,542.17)
Operating cash flow before working capital changes	(38,826.79)
Adjustments for	
(Increase)/Decrease in other current assets	(1,547.00)
(Increase)/Decrease in other financial assets	(2,073.00)
Increase/(Decrease) in Trade payable	940.39
Increase/(Decrease) in provisions	1,029.31
Increase/(Decrease) in other current liabilities	1,531.65
Increase/(Decrease) in financial liabilities	7,385.39
Cash generated from / (used in) operations	(31,560.05)
Taxes paid (net of refunds)	(291.02)
Net cash generated from / (used in) operating activities - A	(31,851.07)
B Cash flow from investing activities	
Interest received	5,542.17
Net cash generated from investing activities - B	5,542.17
C Cash flow from financing activities	
Proceeds from fresh issue of equity shares	1,60,005.00
Net cash (used in) / generated from financing activities - C	1,60,005.00
Net increase / (decrease) in cash and cash equivalents (A+B+C)	1,33,696.10
Cash and cash equivalents as at the beginning of the year	
Cash and cash equivalents as at the end of the year	1,33,696.10
	March 31, 2026
Components of cash and cash equivalents	
- in current accounts	1,564.19
- in fixed deposits with original maturity less than 3 months	1,32,131.91
Total	1,33,696.10

Statement of Cashflow has been prepared under the indirect method as set out in Ind AS 7 prescribed under the Companies (Indian Accounting Standard) Rules, 2015 under the Companies Act, 2013

This is the Cash Flow Statement referred to in our report of even date.

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

1.1 Corporate information

EAAA TransInfra Managers Limited (the "Company") was incorporated in India on April 18, 2025. Edelweiss Financial Services Limited ("EFSL") continues to be the ultimate holding company of the Company. The Company would act as the Investment Manager for one or more infrastructure investment trusts.

1.2 Basis of preparation of Financial Statements

The Company was incorporated on April 18, 2025. Accordingly, no comparative figures for the previous period or year are presented. These financial statements cover the period from April 18, 2025, to March 31, 2026, representing the year ended March 31, 2026.

The Financial Statements of the Company has been prepared in accordance with Indian Accounting Standards ("Ind AS") as prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time), presentation requirements of Division II of Schedule III to the Companies Act, 2013, as applicable to the Financial Statements and other relevant provisions of the Act.

These Financial Statements have been prepared on a historical cost basis and on accrual basis, except for certain financial instruments such as financial asset and liabilities measured at fair value through profit and loss (FVTPL) instruments which have been measured at fair value where applicable.

The Financial Statements are presented in Indian Rupees (INR) and all values are rounded to the nearest thousands, except when otherwise indicated.

1.3 Presentation of Financial Statements

The Company presents its Financial Statement in compliance with the Division II of the Schedule III to the Companies Act, 2013.

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle or it is held primarily for the purpose of being traded or it is expected to be realized within 12 months after the reporting date or it is cash or cash equivalent unless it is restricted from being exchanged or expected to be used to settle a liability for at least 12 months after the reporting date. Current assets include the current portion of non-current assets. All other assets are classified as non-current.

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

Liabilities

A liability is classified as current when it is expected to be settled in the company's normal operating cycle or it is held primarily for the purpose of being traded or it is due to be settled within 12 months after the reporting date or the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. Current liabilities include current portion of non-current liabilities. All other liabilities are classified as non-current.

1.4 Use of estimates

The preparation of the financial statements requires management to make certain estimates and assumptions that affect the reported amount of assets, liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported revenue and expense during the reporting period. Actual results could differ from the estimates.

Material accounting policies

1.5 Revenue recognition

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognized when (or as) the Company satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset. When (or as) a performance obligation is satisfied, the Company recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation. The Company applies the five-step approach for recognition of revenue:

- i. identification of contract(s) with customers;
- ii. Identification of the separate performance obligations in the contract;
- iii. Determination of transaction price;
- iv. Allocation of transaction price to the separate performance obligations; and
- v. Recognition of revenue when (or as) each performance obligation is satisfied

The Company recognises revenue from the following sources:

a. **Investment Management Fees**

Investment Management fees on infrastructure investment trusts are recognised on an accrual basis in accordance with Investment Management Agreement and SEBI Regulations based on average assets under management (AUM) of infrastructure investment funds.

b. **Interest income**

Interest income is recognized using the effective interest rate.

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

1.6 Financial Instruments

Date of recognition

Financial assets and financial liabilities are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades; purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Initial measurement of financial instruments

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Classification of financial instruments

Financial assets

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- Amortised cost
- Fair value through other comprehensive income [FVOCI]
- Fair value through profit or loss [FVTPL]

The Company measures financial assets that meet the following conditions at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Sale that occur for below reason are considered as consistent with business model whose objective is to hold financial assets in order to collect contractual cash flows

- if those sales are infrequent (even if significant in value) or insignificant in value both individually and in aggregate (even if frequent).
- If such sales are made close to maturity of financial asset and proceeds from sale approximate the collection of the remaining contractual cashflow
- Selling a financial asset because of significant increase in credit risk

The Company measures financial assets that meet the following conditions at FVOCI

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

- the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. By default, all other financial assets are subsequently measured at FVTPL.

Amortized cost and Effective interest rate (EIR)

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Financial assets held for trading

The Company classifies financial assets as held for trading when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there evidence of a recent pattern of short-term profit is taking. Held-for-trading assets are recorded and measured in the balance sheet at fair value.

Financial assets at fair value through profit or loss

Financial assets in this category are those that are not held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109.

Investment in mutual funds

The Company subsequently measures all mutual fund investments at fair value through profit or loss as these financial assets do not pass the contractual cash flow test as required by Ind AS- 109- Financial Instruments, for being designated at amortised cost or FVOCI, hence classified at FVTPL.

Financial liabilities

All financial liabilities are measured at amortised cost.

Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the EIR.

Financial liabilities and equity instruments

Financial instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company entity are recognised at the proceeds received, net of direct issue costs.

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is derecognized when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, and only if, either:

The Company has transferred its contractual rights to receive cash flows from the financial asset; or

It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement.

A transfer only qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset; or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

The Company records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, together with loan commitment and financial guarantee contracts, in this section all referred to as 'financial instruments'. Equity instruments are not subject to impairment under Ind AS 109.

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

Impairment of financial assets

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on portfolio of its receivables. The provision matrix is based on its historically observed default rates over the expected life of the receivables.

For all other financial instruments, the Company recognises lifetime ECL when there has been a significant increase in credit risk (SICR) since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses (12m ECL). The assessment of whether lifetime ECL should be recognized is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. As for the exposure at default, (EAD) for financial assets, this is represented by the assets' gross carrying amount at the reporting date; for loan commitments and financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Company's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the expected credit loss (ECL) is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate. The Company recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

If a financial instrument includes both a loan (i.e. financial asset) and an undrawn commitment (i.e. loan commitment) component and the Company cannot separately identify the ECL on the loan commitment component from those on the financial asset component, the ECL on the loan commitment have been recognized together with the loss allowance for the financial asset. To the extent that the combined expected credit losses exceed the gross carrying amount of the financial asset, the expected credit losses have

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

been recognized as a provision. Also, for other loan commitments and all financial guarantee contracts, the loss allowance has been recognized as a provision.

Write off

Financial assets are written off either partially or in their entirety only when the Company has no reasonable expectation of recovery.

Determination of fair value

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability,

the principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

- Level 1 financial instruments –Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.
- Level 2 financial instruments–Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.
- Level 3 financial instruments –Those that include one or more unobservable input that is significant to the measurement as whole. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Company periodically reviews its valuation techniques including the adopted methodologies and model calibrations.

Therefore, the Company applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments.

The Company evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

1.7 Earnings per share

Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all potential equity shares, except where the results would be anti-diluted.

1.8 Foreign currency transactions

The financial statements are presented in Indian Rupees which is also functional currency of the Company. Transactions in currencies other than Indian Rupees (i.e. foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

1.9 Retirement and other employee benefit

Provident fund and national pension scheme

The Company contributes to a recognised provident fund and national pension scheme which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognised in the statement of profit and loss.

Gratuity

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Remeasurements are not reclassified to Statements of Profit and Loss in subsequent periods.

Compensated Absences

The eligible employees of the Company are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Company recognises the charge in the Statement of Profit and Loss and corresponding liability on such non-vesting accumulated leave entitlement based on a valuation by an independent actuary. The cost of providing annual leave benefits is determined using the projected unit credit method.

1.10 Share-based payment arrangements

Certain employees of the Company have been granted equity-settled Employee Stock Option Plans (ESOPs) by the Holding company. The Company recognizes a cost with respect to the services received from the said employees measured by reference to the fair value of the equity instruments granted by the ultimate parent at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the 'ESOP reserve'. In cases where the share options granted vest in instalments over the vesting period, the Company treats each instalment as a separate grant, because each instalment has a different vesting period, and hence the fair value of each instalment differs.

1.11 Property, plant and equipment and right of use assets

Property plant and equipment is stated at cost excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent costs incurred on an item of property, plant and equipment is recognised in the carrying amount thereof when those costs meet the recognition criteria as mentioned above. Repairs and maintenance are recognised in profit or loss as incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives. Depreciation is provided on a written down value basis from the date the asset is ready for its intended use or put to use whichever is earlier. In respect of assets sold, depreciation is provided upto the date of disposal.

As per the requirement of Schedule II of the Companies Act, 2013, the Company has evaluated the useful lives of the respective fixed assets which are as per the provisions of Part C of the Schedule II for calculating the depreciation.

Right-of-use assets are presented together with property and equipment in the statement of financial position – refer to the accounting policy 1.14. Right-of-use assets are depreciated on a straight-line basis over the lease term.

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognized as assets is derecognized at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate

Intangible fixed assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. Intangible assets with finite lives are amortised over the useful economic life.

Impairment of non-current assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statements of Profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of the depreciable historical cost.

1.12 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

1.13 Provisions and other contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents.

Contingent assets are not recognized in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized.

1.14 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right of use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short term lease

The Company has elected not to recognise right of use asset and lease liabilities for short term leases of property that has lease term of 12 months or less. The Company recognises lease payment associated with these leases as an expense on a straight line basis over lease term.

1.15 Income tax expenses

Income tax expense represents the sum of the tax currently payable and deferred tax.

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax assets are also recognised with respect to carryforward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

It is probable that taxable profit will be available against which a deductible temporary difference, unused tax loss or unused tax credit can be utilised when there are sufficient taxable temporary differences which are expected to reverse in the period of reversal of deductible temporary difference or in periods in which a tax loss can be carried forward or back. When this is not the case, deferred tax asset is recognised to the extent it is probable that:

- the entity will have sufficient taxable profit in the same period as reversal of deductible temporary difference or periods in which a tax loss can be carried forward or back; or
- tax planning opportunities are available that will create taxable profit in appropriate periods.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

1.16 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

EAAA TransInfra Managers Limited

Notes to the financial statements (continued)

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(a) Business model assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed.

(b) Actuarial assumptions used in calculation of defined benefit plans.

18 Earnings per share

Basic earnings per share (EPS) calculated by dividing the net profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted EPS is calculated by dividing the net profit attributable to ordinary equity holders (after adjusting for interest on the convertible preference shares and interest on the convertible bond, in each case, net of tax) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

Particulars	For the period ended April 18, 2025 to March 31, 2026
Net Profit from continued operation attributable to ordinary equity holders	(24,974.81)
Net Profit from continued operation attributable to ordinary equity holders adjusted for the effect of dilution	(24,974.81)
Weighted average number of ordinary equity shares for basic earnings per share	71,850
Earnings per share	
Basic earnings per share	(347.60)
Diluted earnings per share	(347.60)

1% Decrease in Withdrawal Rate	1
Mortality (increase in expected lifetime by 1 year)	Negligible change
Mortality (increase in expected lifetime by 3 years)	Negligible change

Table 6: Movement in Other Comprehensive Income

	March 31, 2026
Balance at start of year (Loss)/ Gain	-
Re-measurements on DBO	-
a. Actuarial (Loss)/ Gain from changes in demographic assumptions	-
b. Actuarial (Loss)/ Gain from changes in financial assumptions	-
c. Actuarial (Loss)/ Gain from experience over the past year	(8.00)
Re-measurements on Plan Assets	-
Return on plan assets excluding amount included in net interest on the net defined benefit liability/ (asset)	-
Re-measurements on Asset Ceiling	-
Actuarial (gain) or loss recognized in the year	-
Balance at end of year (Loss)/ Gain	(8.00)

Table 7: Movement in Surplus/ (Deficit)

	March 31, 2026
Surplus/ (Deficit) at start of year	-
Net (Acquisition)/ Divestiture	-
Net Transfer (In)/ Out	(15.00)
Movement during the year	-
Current Service Cost	(448.00)
Past Service Cost	(20.00)
Net Interest on net DBO	(1.00)
Changes in Foreign Exchange Rates	-
Re-measurements – Gains/ (Losses)	(8.00)
Benefits Paid	-
Surplus/ (Deficit) at the end of the year	(492.00)

22 Contingent liabilities, commitments, and litigations

i) Contingent liabilities

There are no contingent liabilities as on the date of balance sheet.

ii) Commitments

The Company has no capital commitments as at the balance sheet date.

iii) Litigations

The Company does not have any pending litigations as on the date of balance sheet.

EAAA TransInfra Managers Limited

Notes to the financial statements (Continued)

(Currency: Indian rupees in 000's)

23 Capital Management

Company objectives when managing capital, are to (a) maximise shareholder value and provide benefits to other stakeholders and (b) maintain an optimal capital structure to reduce the cost of capital.

For the purposes of the Company's capital management, capital includes issued capital, share premium and all other equity reserves attributable to the equity holders.

Company monitors capital using debt-equity ratio, which is total debt divided by total equity.

Particulars	March 31, 2026
Total Debt	Nil
Equity	1,35,024.21
Net Debt to Equity	NA

24 Fair Values of Financial Instruments:

Fair value information of financial assets and financial liabilities not measured at fair value has not been presented as the carrying amount is a reasonable approximation of the fair value due to their short term nature.

25 Risk Management

The company has operations in India. Whilst risk is inherent in the Company's activities, it is managed through an integrated risk management framework, including ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing profitability. The Company is exposed to credit risk, liquidity risk and market risk. It is also subject to various operating and business risks.

A Risk management structure

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles.

B Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss.

The carrying amounts of financial assets in the statement of financial position represent the Company's maximum exposure to credit risk, before taking into account any collateral held. The Company does not hold any collateral in respect of their financial assets.

At the reporting date, there was no significant concentration of credit risk. The maximum credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

The Company's cash and cash equivalents are held with regulated financial institutions.

EAAA TransInfra Managers Limited

C Industry analysis - Risk concentration

Following table shows the risk concentration by the industry for the components of the balance sheet.

Particulars	March 31, 2026	
	Financial services	Total
Financial assets		
Cash and cash equivalent	1,564.19	1,564.19
Bank balances other than cash and cash equivalents	1,32,131.91	1,32,131.91
Other financial assets	2,073.00	2,073.00
Total	1,35,769.10	1,35,769.10

25 Risk Management (Continued)**D Liquidity risk and funding management**

The table below summarises the maturity profile of the undiscounted cash flows of the company's financial liabilities, financial assets as at March 31, 2026.

The tables have been drawn up based on the undiscounted cash flows i.e. the tables include both interest and principal cashflows. The contractual maturity with respect to financial liabilities is based on the earliest date on which the company can be required to pay. To the extent that interest flows are at floating rate, the undiscounted amount is derived based on the interest rates in force at the balance sheet date. Further, with regards to amounts payable in currencies other than Indian Rupees, the amounts are determined based on the spot exchange rates at the balance sheet date. The analysis with respect to financial assets is based on expected maturities.

March 31, 2026

a. Analysis of non-derivative financial liabilities by remaining contractual maturities

Particular	On demand	1 to 14 days	15 days to 1 month	2 months to 3 months	3 months to 6 months	1 year to 3 years	Over 5 years	Total
Trade payables	-	-	-	940.39	-	-	-	940.39
Other financial liabilities	-	-	-	7,385.39	-	-	-	7,385.39
Total undiscounted non-derivative financial liabilities	-	-	-	8,325.79	-	-	-	8,325.79

b. Analysis of non-derivative financial assets by remaining contractual maturities

Particular	On demand	1 to 14 days	15 days to 1 month	2 months to 3 months	3 months to 6 months	1 year to 3 years	Over 5 years	Total
Cash and cash equivalent and other bank balances	1,564.19	-	-	-	-	-	-	1,564.19
Bank balances other than cash and cash equivalents	-	-	70,814.79	53,236.90	8,080.22	-	-	1,32,131.91
Other financial assets	-	-	-	2,073.00	-	-	-	2,073.00
Total	1,564.19	-	70,814.79	55,309.90	8,080.22	-	-	1,35,769.10

EAAA Transinfra Managers Limited**Notes to the financial statements (Continued)**

(Currency: Indian rupees in 000's)

25 Risk Management (Continued)**E Market Risk****Total market risk exposure**

Fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. The Company classifies exposures to market risk into either trading or non-trading portfolios.

	March 31, 2026		
Particulars	Carrying amount	Traded risk	Non-traded risk
Assets
