REMUNERATION POLICY

The Company has formulated a Remuneration Policy pursuant to Section 178 of the Act and the Listing Regulations. The Policy is provided as Annexure II to this Report.

EVALUATION OF THE PERFORMANCE OF THE BOARD

A Board Evaluation Policy (the Policy) for evaluating the performance of the Board, its Committees, the Executive Directors, the Non-executive Directors and the Independent Directors has been adopted by the Company.

The Policy *inter alia* provides the criteria for performance evaluation such as Board effectiveness, quality of discussion, contribution at the Meetings, business acumen, strategic thinking, time commitment, relationship with the stakeholders, corporate governance practices, review of the

terms of reference of the Committees and the contribution of the Committees to the Board in discharging its functions, etc.

A separate Meeting of the Independent Directors was held wherein the annual performance of the Non-Independent Directors, performance of the Board as a whole (including the Committees) in terms of the provisions of the Act, the Listing Regulations and the Guidance Note issued by the Securities and Exchange Board of India in this regard, was discussed.

INTERNAL FINANCIAL CONTROLS AND RISK MANAGEMENT

The Company has in place adequate internal financial controls with reference to financial statements. The Company's internal control system is designed to ensure operational efficiency, protection and conservation of resources, accuracy and promptness in financial reporting and compliance with the laws and regulations. The internal control system is also supported by an internal audit process. The Statutory Auditors and the Internal Auditors of the Company have confirmed that the internal financial control framework is operating efficiently and effectively.

The risk management is an integral part of the Company's business strategy that seeks to minimise adverse impact on business objectives and capitalise on opportunities. The Group Risk Management Committee oversees the risk management framework of the Company through regular and proactive intervention by identifying risks and formulating mitigation plans. Further details are provided in the Management Discussion and Analysis section forming part of this Report.

AUDIT COMMITTEE

The Audit Committee comprises of the following Independent Directors of the Company:

Dr. Vinod Juneja (Chairman)
Mr. Atul Ambavat
Mr. Sunil Phatarphekar.

Further details of the Audit Committee are provided in the Corporate Governance Report forming part of this Report.

WHISTLE BLOWER POLICY/ VIGIL MECHANISM

The Company has adopted a Whistle Blower Policy to report genuine concerns/grievances. The Policy is available on the website of the Company at: www.edelfinance.edelweissfin.com.

The Policy provides for adequate safeguards against victimisation of the persons who use the vigil mechanism. The vigil mechanism is overseen by the Audit Committee.

CORPORATE SOCIAL RESPONSIBILITY COMMITTEE

The Corporate Social Responsibility (CSR) Committee comprises of the following Directors of the Company:

Ms. Vidya Shah	- Executive Director
Ms. Ananya Suneja	- Executive Director
Mr. Atul Ambavat	- Independent Director.

A report on the Corporate Social Responsibility in accordance with the provisions of the Section 135 of the Act is provided in Annexure III to this Report. The CSR Policy is available on the website of the Company at: www.edelfinance.edelweissfin.com.

Further, details of the CSR Committee are provided in the Corporate Governance Report which forms part of this Report.

The Company has a Policy on Prevention of Sexual Harassment of Women at Workplace. No cases were reported during the year under review. There were no complaints pending as on March 31, 2025. The Company has complied with the provisions relating to the constitution of Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS/ OUTGO

A. Conservation of energy

- i. The steps taken or impact on conservation of energy – The operations of the Company are not energy intensive. However, adequate measures have been taken for conservation of energy wherever possible.
- ii. The steps taken by the Company for utilising alternate sources of energy – Though the operations of the Company are not energy intensive, the Company explores alternative sources of energy, as and when the necessity arises.
- iii. The capital investment on energy conservation equipments – Nil.

B. Technology absorption

- i. The efforts made towards technology absorption – The Company extensively uses the information technology in its operations and has absorbed the technology required in this regard.
- ii. The benefits derived like product improvement, cost reduction, product development or import substitution – The Company has leveraged the technology to optimise cost reduction and product development.
- iii. In case of imported technology (imported during the last three years reckoned from the beginning of the financial year):
 - (a) the details of technology imported: Not Applicable
 - (b) the year of import: Not Applicable
 - (c) whether the technology has been fully absorbed: Not Applicable
 - (d) if not fully absorbed, areas where absorption has not taken place, and the reasons thereof: Not Applicable
- iv. The expenditure incurred on Research and Development – Not Applicable.

C. Foreign exchange earnings and outgo

During the year under review, there was no foreign exchange inflow (previous year: Nil) and no foreign exchange outgo (previous year: Nil).

OTHER DISCLOSURES

- i) There are no significant material changes and commitments affecting the financial position of the Company that occurred between the end of financial year and the date of this Report.
- ii) There has been no change in the nature of business of the Company.
- iii) There was no revision in the financial statements of the Company.
- iv) There was no application made or proceeding pending against the Company under the Insolvency and Bankruptcy Code, 2016. There was no instance of one-time settlement with any Bank/Financial Institution in respect of loan taken by the Company.
- v) No significant or material orders were passed by the Regulators or Courts or Tribunals which impact the going concern status and Company's operations in future.
- vi) No fraud has been reported by the Auditors to the Audit Committee and the Board.
- vii) Disclosure pertaining to maintenance of cost records as specified under the Act is not applicable to the Company.
- viii) The Company has not issued equity shares with differential voting rights as to dividend, voting or otherwise.
- ix) The Company has not accepted any deposits covered under Chapter V of the Act.
- x) The Company has complied with the applicable Secretarial Standards issued by the Institute of Company Secretaries of India.
- xi) The Company doesn't have any scheme involving provision of money for the purchase of the Company's own shares by employees or by trusts.

ANNUAL RETURN

Pursuant to Sections 92 and 134 of the Act, the Annual Return as at March 31, 2025 in Form MGT-7, is available on the website of the Company at: www.edelfinance.edelweissfin.com.

CORPORATE GOVERNANCE

The Company is committed to maintain the highest standards of Corporate Governance and adheres to the Corporate Governance requirements set out by SEBI and the RBI. The Company has implemented several best governance practices.

Pursuant to the Listing Regulations, the Report on Corporate Governance together with the certificate issued by M/s. Sahani & Kothari Associates, Company Secretaries, on compliance with the conditions of Corporate Governance during the financial year ended March 31, 2025 is provided in Annexure V and forms part of this Report.

DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134 of the Act, the Directors confirm that:

- i) in the preparation of the annual accounts, the applicable Accounting Standards have been followed;
- ii) such accounting policies have been selected and applied consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2025 and the loss of the Company for the financial year ended on that date;
- iii) proper and sufficient care had been taken for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- iv) the annual accounts have been prepared on a going concern basis;
- v) internal financial controls have been laid down and the same are adequate and were operating effectively; and
- vi) proper systems had been devised to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

ACKNOWLEDGEMENTS

The Board acknowledges the valuable guidance and continued support extended by the Reserve Bank of India, the Securities and Exchange Board of India, Stock Exchanges, Ministry of Corporate Affairs, other government authorities, Banks and other stakeholders. Your Directors would also like to take this opportunity to express their appreciation for the dedicated efforts of the employees of the Company.

Remuneration Policy

Objective

The Companies Act, 2013 ('the Act') requires a Company to frame policy for determining the remuneration payable to the Directors, Key Managerial Personnel (KMPs) and other employees.

The objective of the Remuneration Policy (the Policy) of the Company is to provide a framework for the remuneration of the Independent Directors, Non-executive Directors, Managing Director/Executive Directors, KMPs, and other Senior level employees of the Company.

The objective of this Policy is to ensure that:

- i. the level and composition of remuneration is reasonable and sufficient to attract, retain talent required to run the company successfully;
- ii. relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- iii. remuneration to the Directors, KMPs and senior management comprises a balance of fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.

Remuneration of the Independent Directors & Non- executive Directors

- The Independent Directors & Non-executive Directors are eligible for sitting fees for attending the meetings of the Board and the Committees thereof.
- The Independent Directors & Non-executive Directors are also eligible for commission, subject to limits prescribed under the Act and the Rules framed there under.
- The Independent Directors are not eligible for stock options.
- The Non-executive Directors (other than promoter Directors) shall be eligible for stock options.

Remuneration of the Managing Director & Executive Directors

- The remuneration of the Managing Director/Executive Directors is recommended by the Nomination and Remuneration Committee ('NRC') to the Board. Based on the recommendations of the NRC, the Board determines and approves the remuneration of the Managing Director/Executive Directors, subject to necessary approvals, if any.

- The remuneration paid to the Managing Director/Executive Directors is within the limits prescribed under the Act and approved by the shareholders of the Company. The remuneration structure includes fixed salary, perquisites, bonus, other benefits and allowances and contribution to Funds, etc.
- The Executive Directors (other than the promoter Directors) shall be eligible for stock options.

Remuneration of the KMP (other than Executive Directors) and Senior level employees

- The key components of remuneration package of the KMP (other than Executive Directors) and Senior level employees shall comprise of fixed salary, perquisites, annual bonus, other benefits and allowances and contribution to Funds, etc.
- They shall be eligible for stock options.

Policy Review

- The Policy may be amended as may be necessary.
- The NRC shall implement the Policy, and may issue such guidelines, procedures etc. as it may deem fit.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Edel Finance Company Limited
Edelweiss House, Off. C.S.T. Road, Kalina,
Mumbai - 400 098.

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Edel Finance Company Limited** (CIN: U65920MH1989PLC053909) having its registered office at Edelweiss House, Off. C.S.T. Road, Kalina, Mumbai - 400 098 (hereinafter called the "Company") for the financial year ended on March 31, 2025 (the "Audit Period"). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, registers, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the Audit Period complied with the statutory provisions listed hereunder and also that the Company has proper board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the "Act") and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings¹;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("SEBI Act"):

¹ Not applicable to the Company during the audit period

- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011²;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009³;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014⁴;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998⁵; and
 - (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 in respect of the Non-Convertible Debentures of the Company issued by the Company on a private placement basis and listed on BSE Limited (the "Stock Exchange").
- (vi) The Reserve Bank of India Act, 1934 and the Circular(s), Direction(s), Notification(s) and Regulation(s) issued by the Reserve Bank of India as applicable to a Core Investment Company, being laws that are specifically applicable to the Company based on their sector/industry.

We have also examined compliance with the applicable clauses of the Secretarial Standard on meetings of the board of directors ("SS-1") and on general meetings ("SS-2") issued by The Institute of Company Secretaries of India related to meetings and minutes.

During the Audit Period under review, the Company has complied with the provisions of the act, rules, regulations, guidelines, standards, etc. mentioned above and in respect of the laws specifically applicable (to the extent applicable) to the Company based on its sector/industry, in so far as registration, submission of various returns/information to be filed with the respective authorities.

² Not applicable to the Company during the audit period

³ Not applicable to the Company during the audit period

⁴ Not applicable to the Company during the audit period

⁵ Not applicable to the Company during the audit period

⁶ Not applicable to the Company during the audit period

**We further report that:**

The board of directors of the Company is duly constituted with proper balance of executive, non-executive and independent directors. There has been no change in the composition of board during the reporting period.

Adequate notice is given to all the Directors to schedule the board meetings and committee meetings; agenda and detailed notes on agenda were sent in compliance with the provisions of the Act and SS - 1 and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All Resolutions (including Circulars) of the board of directors and its Committees are approved on the basis of majority and are duly recorded in the respective Minutes. There were no dissenting views by any member of the board of directors during the Audit Period.

The Company has maintained all the recordings of the Board Meetings and Committee Meetings held through audio visual means and has carried out in compliance with the provisions of the Act.

We further report that there are adequate systems and processes in the Company which are commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations, guidelines and standards.

We further report that during the Audit Period:

- (i) the Company on September 3, 2024, acquired 68,25,724 equity shares of Rs. 10/- each (representing 100% share capital) of Allium Corporate Services Private Limited (formerly known as Allium Finance Private Limited) ("Allium") from Edelweiss Rural & Corporate Services Limited shares) and Edelcap Securities Limited holding 58,34,668 equity shares of Rs.10/- each and 9,91,056 equity shares of Rs.10/- each respectively. Subsequently, Allium has become a wholly owned subsidiary of the Company;
- (ii) the Company has obtained the approval of members by way of special resolution passed at the annual general meeting held on September 30, 2024, to continue the appointment of Dr. Vinod Juneja (DIN:00044311), who has attained the age of 75 years, to continue to hold office as an Independent Director of the Company, until the conclusion of his 2nd term of appointment;
- (iii) the Company has obtained the approval of members under sections 42 & 71 of the Act by way of special resolution passed at the Extra-ordinary General Meeting held on February 13, 2025, to issue, offer and allot Non-convertible Debentures aggregating to Rs. 2,500 crores on a private placement basis, in one or more tranches; and
- (iv) the Company on various dates have issued and allotted 46,000 secured redeemable non-convertible debentures of the face value of Rs.1,00,000/- each aggregating to Rs.460 Crores and 60,000 unsecured redeemable non-convertible debentures of the face value of Rs.1,00,000/- each aggregating to Rs.600 Crores to various investors on a private placement basis.

This report is to be read with our letter of even date which is annexed as Annexure A and forms an integral part of this report.

EDEL FINANCE COMPANY LIMITED (EFCL)

Management Discussion & Analysis

MACRO ECONOMIC REVIEW & OUTLOOK

The year 2024 was marked by significant global events, including unprecedented electoral activity, with over half the world's population participating in major elections. These transitions led to substantial shifts in domestic and international policies, triggering geopolitical volatility, particularly with the return of the Trump administration and a move towards protectionist trade measures. The imposition of reciprocal tariffs by the U.S. heightened global trade tensions and disrupted supply chains, increasing market volatility. Although inflationary pressures moderated globally, advanced economies continued to struggle with elevated prices. Central banks maintained a cautious monetary stance, balancing inflation control with growth support, and the IMF projects global growth at 3.3% in 2025.

Despite the challenging global landscape, India displayed remarkable resilience, benefiting from strategic policy interventions and structural reforms. Although the first quarter of 2024 saw a slowdown due to election-related capital expenditure delays, GDP growth rebounded in Q3 FY25 to 6.2%. Services exports, fiscal discipline, and stable remittance inflows have supported macroeconomic stability, with agencies projecting a growth of 6.4% in FY25. India's robust digital economy and infrastructure development continue to foster growth amid external uncertainties.

Looking ahead, global economic uncertainties, driven by trade fragmentation and geopolitical tensions, pose risks. However, India remains relatively insulated due to its low exposure to global trade disruptions. The country is poised to benefit from strengthened trade relationships, a growing South-South trade network, and improving domestic factors, such as consumer confidence and rural demand. Projections for FY26 indicate GDP growth between 6.3% and 6.8%, with government initiatives supporting manufacturing, infrastructure, and exports.

India's economy, now valued at \$4.3 trillion, is set to become the third-largest globally by 2027. To sustain this growth, India must manage global risks, ensure macroeconomic stability, and deepen structural reforms. With strong demographics, a growing private sector, and a focus on enhancing competitiveness, India is well-positioned for continued growth. Achieving the vision of a developed India by 2047 requires consistent 8%+ annual growth, driven by deregulation, innovation, and inclusive development.

INDUSTRY STRUCTURE AND DEVELOPMENTS

The NBFC sector remains a critical enabler of credit flow in India, especially to underpenetrated segments like MSMEs, affordable housing, and retail borrowers. Structurally diverse, the industry includes Asset Finance Companies, Loan Companies, Investment and Infrastructure Finance Companies, and Housing Finance Companies. Regulatory tightening by the RBI in FY25—particularly around unsecured lending—has led to a more cautious operating environment, focusing on asset quality and risk discipline.

Key Highlights – FY25:

- Loan growth moderated to 13–17%, down from 21% in FY24, amid regulatory headwinds and prudent risk assessment.
- AUM growth eased to 13–15%, reflecting selective asset origination.
- Profitability faced pressure due to higher funding and credit costs.

- Home loans saw stable growth (13–14% CAGR), while LAP grew robustly (23–24% CAGR), driven by MSME demand.
- Unsecured lending slowed to 15–16%, reflecting regulatory impact.
- Industry stakeholders proposed a refinance/liquidity facility to enhance credit flow to priority sectors.

The growth trajectory for NBFCs is expected to stabilize in FY26. After a moderation in FY25, loan growth is anticipated to stabilize at healthy levels. Economic activity is projected to improve, supporting this stabilization. However, challenges persist, particularly in accessing affordable funding. The Finance Industry Development Council (FIDC) has urged the government to establish a refinance or liquidity facility to enhance lending to priority sectors, including agriculture and small enterprises, to address these funding gaps.

EDEL FINANCE COMPANY LIMITED OVERVIEW

Edel Finance Company Limited (EFCL) is a wholly owned subsidiary of Edelweiss Financial Services Limited. It is a non-banking financial institution (Core Investment Company) registered with the Reserve Bank of India.

The Company was granted the registration as Core Investment Company (NBFC-CIC-ND-SI) on October 9, 2018 subject to the conditions given in the certificate of registration by the Reserve Bank of India. EFCL is primarily engaged in investing in group companies and providing loans to them.

EFCL PERFORMANCE HIGHLIGHTS

FINANCIAL HIGHLIGHTS FOR FY25

A summary of our FY25 financial highlights together with financials for FY24 as per Ind AS is as under:

Total Revenue: Rs. 6867.0 million (Rs. 4046.9 million for FY24),

Total Expenses: Rs. 6822.2 million (Rs. 3904.3 million in FY24)

Profit / Loss after Tax: Rs. (32.4) million (Rs. 791.5 million for FY24)

Networth: Rs. 25,996.4 million (Rs. 26,028.9 million at the end of FY24)

PERFORMANCE HIGHLIGHTS

EFCL performs the functions of a Core Investment Company (CIC) and broadly offers investment and lending activities for the Edelweiss group companies. It has ceased to extend credit after its conversion to CIC.

Balance Sheet Gearing

EFCL has a total net worth of Rs. 25,996.4 million as at the end of FY25 compared to Rs. 26,028.9 million as at the end of FY24. Amount of debt on the Balance Sheet as on March 31, 2024 was Rs. 51,429.2 million (Rs. 48,268.5 million as on March 31, 2024).

The gross Balance Sheet size at the end of FY25 was Rs.78,497.7 million compared to Rs. 74,409.94 million at the end of FY24.

Capital Adequacy Ratio

As per the Non-Banking Financial Companies Prudential Norms stipulated by Reserve Bank, all NBFCs-ND-SI are required to maintain a minimum Capital to Risk-weighted Assets Ratio ("CRAR") of 30%. EFCL's CRAR as on March 31, 2025 was 31.64% as compared to total CRAR of 32.09% as on March 31, 2024.

ANALYSIS OF SIGNIFICANT CHANGES IN FINANCIAL RATIOS

As per the recent amendments to the SEBI Listing Obligations and Disclosure Requirements (LODR), we give below additional information in respect of financial parameters that are applicable to our company:

Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations therefor, including:

- (a) Debt Equity Ratio was 1.98 times at the end of FY25 compared to 1.85 times at the end of FY24.
- (b) Profit before Tax Margin was 0.7% at end of FY25 as compared to 3.5% at the end of FY24.
- (c) Net Profit Margin was (0.5)% at the end of FY25 compared to 19.6% at the end of FY24.
- (d) Return on Average Equity for FY25 is (0.12)% compared to 4.22% for FY24.

Other parameters, namely Debtors Turnover, Inventory Turnover, Interest Coverage Ratio and Current Ratio, are not applicable to our company.

EDELWEISS OUTLOOK & STRATEGY

OUTLOOK

The financial services sector in India is poised for steady growth in 2025, driven by a combination of favourable macroeconomic conditions, digital adoption, and evolving consumer needs. The government's push for financial inclusion, coupled with an increasingly digital-first economy, presents a promising outlook for the industry. At Edelweiss, we are embracing the evolving landscape and actively positioning ourselves to capture new opportunities that will contribute to the growth of India's financial ecosystem.

Our diverse operations and a well-rounded business portfolio provide a natural safeguard, ensuring consistent earnings and performance while opening up valuable cross-selling avenues. In the coming year, our strategic focus will remain on enhancing profitability, optimizing operations, and harnessing emerging technologies to innovate and navigate market fluctuations. By leveraging our expertise and forward-looking approach, we are prepared to capitalize on emerging trends.

OPPORTUNITIES

India's financial services sector in 2025 is undergoing a significant transformation, driven by the convergence of rapid technological advancements and evolving demographic shifts. This synergy is unlocking unprecedented opportunities for innovation and growth, reshaping service delivery and consumption.

Regulatory reforms and the continued development of digital infrastructure are expected to drive more efficient financial operations, enabling mid-tier players to gain a competitive edge. Furthermore, the expansion of the middle class and a rise in disposable incomes will continue to fuel demand for financial products and services, especially in areas like retail banking, asset management, and insurance.

Key trends shaping the outlook include:

- **Digital Transformation:** The adoption of technology is accelerating, with AI, data analytics, and fintech innovations reshaping financial services.
- **Financial Inclusion:** Initiatives aimed at bringing underserved populations into the financial fold are creating new customer bases for financial products.
- **Sustainability & ESG (Environmental, Social, and Governance):** With growing awareness of sustainability, financial services firms are increasingly focusing on green finance and responsible investing.

AI and ML are enabling personalized financial advisory, automated risk assessments, and advanced fraud detection, catering to the growing affluent class. Blockchain is revolutionizing transactions, facilitating faster cross-border payments and DeFi platforms, particularly appealing to the digitally savvy youth. Cloud computing enhances scalability and agility, allowing for rapid service deployment.

In essence, technology is enabling institutions to cater to India's evolving demographics, from the affluent to the underserved, by offering personalized, efficient, and secure financial solutions.

THREATS

The financial services sector faces a complex array of interconnected threats, requiring a proactive and adaptive approach.

Cybersecurity Threats

Financial services face heightened cybersecurity risks, driven by sophisticated AI-powered attacks, persistent ransomware, and state-sponsored cyber activities targeting critical infrastructure. The increasing dependence on third-party vendors introduces additional vulnerabilities, making it crucial for financial institutions to implement stringent security protocols, conduct thorough risk assessments, and ensure effective vendor management.

Technological Risks

As financial institutions rapidly adopt emerging technologies like AI, machine learning, and cloud computing, new risks arise, such as algorithmic bias, data breaches, and amplified cybersecurity threats. These innovations demand comprehensive security measures, continuous regulatory compliance, and strong employee training to mitigate risks while maximizing technological benefits.

Economic Volatility

Economic uncertainty, marked by fluctuating interest rates, inflation, and geopolitical tensions, poses significant challenges. Global trade disruptions and unstable investment flows further complicate financial planning. Institutions must proactively manage risks through strategies like stress testing, scenario analysis, and dynamic forecasting to remain resilient during economic fluctuations.

Geopolitical Tensions

Geopolitical conflicts and trade disputes contribute to market volatility, affecting asset prices, investments, and international operations. The heightened risk of loan defaults and the need for complex sanctions compliance require financial institutions to focus on maintaining regulatory adherence and implementing crisis management strategies to navigate these turbulent times.

To successfully navigate these interconnected risks, financial institutions must focus on enhancing cybersecurity, strengthening vendor oversight, and ensuring proactive regulatory compliance. Investing in employee training, diversifying revenue streams, and continuously monitoring economic and geopolitical trends will help institutions remain adaptable.

ENTERPRISE GROUPS

GOVERNANCE

Across all our businesses, our core commitment to governance guides everything we do. This goes beyond just following regulations; it's about upholding ethics and values. For us, good governance embodies trust, legitimacy, accountability, competence, and respect for the law. We believe these are essential for building a transparent, genuine, and fair culture – all crucial for our organization's success.

Our board plays a vital role in ensuring these high governance standards permeate every organizational level. Their unwavering focus on ethical behaviour, integrity, transparency, and fairness has established a robust framework for conduct, behaviour, and process oversight.

To ensure good governance takes root throughout the organization, we have established clear rules for individual and entity-level behaviour and conduct. These cover crucial areas like conflict of interest, insider trading, and handling sensitive information. We're also leveraging technology to enhance our practices and ensure smooth operation, even in a work-from-home environment, allowing us to maintain the highest compliance standards.

Ultimately, our commitment to good governance reflects our unwavering dedication to our stakeholders – customers, employees, shareholders, and the communities we serve. By upholding these values, we build trust, maintain legitimacy, and hold ourselves accountable to the highest standards of excellence in all aspects of our work.

RISK MANAGEMENT

At Edelweiss, in each of our businesses, the commitment to robust risk management practices is deeply ingrained in their organizational culture and business operations. To further formalise this process, they operate via a “Eleven-risk framework” that guides them in the continuous assessment, avoidance, management, and mitigation of risks.

Fig: Eleven-risk framework

One of the key areas of focus within our risk management framework is technology risk, particularly cybersecurity. As financial services firms increasingly rely on technology to deliver products and services, they become more vulnerable to cyber threats and vulnerabilities. A cyber-attack or data breach can not only disrupt operations but also expose sensitive information and erode customer trust. Therefore, we have made significant investments in fortifying our IT infrastructure, implementing robust cybersecurity measures, and enhancing our cyber resilience capabilities to mitigate the evolving cyber threats landscape.

Moreover, the recent enactment of the Digital Personal Data Protection Act, 2023 by the government has introduced new compliance obligations for financial services firms like ours. Compliance with DPDPA 2023 represents a significant risk project for Edelweiss, as it mandates stringent measures to protect consumer data privacy and confidentiality. Failure to comply with these regulations could result in severe penalties, legal liabilities, and reputational damage. Therefore, ensuring adherence to DPDPA 2023 requirements is not just a legal obligation but a strategic imperative to safeguard our reputation and maintain the trust of our stakeholders.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Internal Financial Controls

The internal controls at Edelweiss are well established and robust which are commensurate with the nature of its businesses, size & scale and complexity of its operations to ensure orderly and efficient conduct of business. These controls have been designed to ensure assurance with regards to maintaining proper accounting controls, substantiation of financial statements and adherence to Ind AS requirements, safeguarding of resources, prevention and detection of frauds and errors, ensuring operating effectiveness, reliability of financial reporting, compliance with applicable regulations and relevant matters under the requirements of the Companies Act 2013.

The internal control framework of Edelweiss continues to follow the assurance practices like the COSO framework, assurance on process efficiency and reliability of internal controls being aligned to risks identified in Risk Control Self-Assessment (RCSA), etc. to strengthen the overall system.

Independent Audit and Assurance

The internal auditors of Edelweiss follow standards on internal audit, along with guidelines issued by the regulators and ensure compliance with section 138 of the Companies Act 2013, read with Rule 13 of the Companies (Accounts) Rules, 2014, as amended and notified from time to time. The Internal Audit function operates under the supervision of the Audit Committee of the Board.

The internal audits are carried out by external professionals who provide independent view and assurance by assessing the adequacy and effectiveness of internal controls, compliance to internal and external guidelines, and risk management practices across the Group.

TECHNOLOGY

In today's competitive financial services landscape, technology is key to differentiation and success. The global pandemic highlighted the need for resilient, adaptable tech infrastructure. Going forward, technology must be seen as a core pillar of the business model, driving transformative impacts by enhancing customer experience and strengthening governance, creating a more agile and future-proof organization.

Key Pillars of Technology Resiliency:

Edelweiss has strengthened its technology resilience through two key pillars. First, cloud optimization expanded cloud adoption, leveraging multiple providers for flexibility and cost control, while launching new applications to drive growth across business segments. Second, automation and modernization were prioritized, with Edelweiss utilizing low-code tools to automate processes and enhance agility, a core element of its technology strategy.

AI Adoption for Enhanced Productivity:

We've successfully integrated Gen AI into our operations, specifically leveraging Co-pilot, an AI-powered tool, to streamline workflows and improve user productivity.

Information Security & IT Governance:

- **ISO Certification Upgrade:** In our pursuit of excellence, we've upgraded our ISO certificate from 27001:2013 to 27001:2022, reflecting our commitment to implementing the best practices in information security management.
- **Increased Information Security Awareness:** Our commitment to security extends to our entire workforce, achieving a 90% adoption rate on Information Security trainings, demonstrating their dedication to maintaining a secure and reliable digital environment.
- **Data Leak Protection Solutions:** We've deployed Data Leak Protection solutions to prevent unauthorized access to sensitive data and mitigate the risk of data breaches. This step strengthens our security posture and ensures compliance with data protection regulations, safeguarding the privacy of our customers and employees.

By prioritizing a robust and adaptable technology backbone, Edelweiss Group fosters business continuity, drives growth, and ensures the security of its clients' data. Our commitment to continuous improvement and innovation in these areas ensures we provide the best service to our customers and partners.

HUMAN RESOURCES

Our employees are our most valuable assets, essential for sustaining and advancing our commitment to stakeholders. Guided by core principles, we foster a culture of shared values, propelling us towards continued success.

Talent

We believe in attracting, developing, and retaining top talent through a holistic approach. Our agile and collaborative environment nurtures professional growth while celebrating achievements through meaningful recognition programs. With optimized work design, flexible processes, and tailored reskilling initiatives, we equip our teams for future success. A strong sense of community is fostered through interactive engagements, team-building activities, and social events, reinforcing a culture of belonging. Our performance management framework ensures clarity, continuous feedback, and professional development, aligning individual aspirations with organizational goals.

Workplace

Our workplace is built on collaboration, flexibility, and inclusivity. We support cross-team interactions and offer flexible work arrangements to enhance productivity and work-life balance. Employee well-being remains a top priority, with stringent safety protocols and regular health and wellness training. Transparency and fairness are at the heart of our culture, upheld through an open-door policy and a zero-tolerance stance on discrimination, harassment, or bullying. We adhere to OSHA regulations and mandate comprehensive training to reinforce these principles. Our commitment to diversity, equity, and inclusion (DEI) ensures that every individual is respected and valued, creating a workplace where everyone can succeed.

Well-Being

A thriving workforce is built on holistic well-being—covering physical, mental, emotional, and social dimensions. Our employees benefit from competitive leave policies, enhanced Medigap coverage, and accessible wellness resources. In times of crisis, our 24/7 Central Incident Room provides immediate support and ongoing assistance. Our outreach programs promote resilience, ensuring that every employee has the tools and support they need to flourish both personally and professionally.

Leadership

Leadership in a hybrid world demands adaptability and innovation. Our leaders harness technology to ensure seamless communication, keeping teams aligned with strategic goals. We are dedicated to continuous learning, offering tiered development programs that empower employees at every career stage—currently benefiting 3% of our workforce. With 5,769 employees, including 26% women, we are committed to fostering an inclusive, forward-thinking organization where talent and leadership pave the way for a stronger future.

Cautionary Statement Statements made in this Annual Report may contain certain words or phrases that are forward-looking statements, which are tentative, based on current expectations of the management of Edelweiss Financial Services Limited or any of its subsidiaries and associates ("Edelweiss"). Actual results may vary from such statements contained in this report due to various risks and uncertainties. These risks and uncertainties include the effect of economic and political conditions in India and outside India, volatility in interest rates and in the securities market, new regulations and Government policies that may impact the businesses of Edelweiss as well as the ability to implement its strategy. The information contained herein is as of the date referenced and Edelweiss does not undertake any obligation to update these statements. Edelweiss has obtained all market or industry data and other information from sources believed to be reliable or through its internal estimates unless otherwise stated, although its accuracy or completeness cannot be guaranteed. Some part of the report relating to business-wise financial performance, balance sheet, asset books of Edelweiss and industry data herein is reclassified/regrouped based on Management estimates and may not directly correspond to published data. The numbers have also been rounded off or approximated in the interest of easier understanding. Prior period or other figures have been regrouped/reclassified/re-casted wherever necessary. All information in this presentation has been prepared solely by the company and has not been independently verified by anyone else.

CORPORATE GOVERNANCE REPORT

Company's Philosophy on Corporate Governance

The Company is a wholly owned subsidiary of Edelweiss Financial Services Limited and part of Edelweiss Group. At Edelweiss, we strongly uphold good governance practices to promote fairness, transparency, accountability and integrity. In line with this philosophy, Guiding Principles have been articulated and these form an integral part of the Company's corporate governance practices. Processes have been designed to run the businesses responsibly and harmonize diversified interests of various stakeholders thereby enhancing stakeholders value.

Board of Directors

Composition, Meeting and Attendance

The Board of Directors (the Board) of the Company comprises of Executive and Non-executive and the composition is in conformity with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) and the Companies Act, 2013 (the Act).

The annual calendar of the Board Meetings is agreed upon at the beginning of the year. The agenda for the Board Meetings is circulated in advance and is backed by comprehensive background information to enable the Board to take informed decisions. During the financial year ended March 31, 2025, the Board met 4 times i.e. on: May 10, 2024, August 1, 2024, October 28, 2024 and February 6, 2025. The Meetings of the Board and Committees were conducted physically and also through electronic platform - Audio-videoconferencing. Adequate facilities were provided to the Directors and invitees for active participation at the Meetings.

The names and categories of the Directors on the Board, their attendance at the Board Meetings held during the financial year 2024-25 and at the last Annual General Meeting (AGM), the number of directorships and committee positions held by them in other public limited companies and the name of the other listed entities where he/she is a Director and category of directorships as on March 31, 2025, are as under:

Name and DIN of the Directors	Category	No. of Board Meetings Attended	Attendance at the last AGM held on September 30, 2024	No. of directorships in Public Limited Companies ⁵	Name of other Listed entities where person is Director - Category of Directorship	Committee Position*	
						Member	Chairman
Ms. Vidya Shah (DIN 00274831)	Executive, Non-Independent	4	No	3	Independent Director - Vardhman Special Steels Limited	2	1
Dr. Vinod Juneja (DIN: 00044311)	Independent	4	No	4	-	5	2

Name and DIN of the Directors	Category	No. of Board Meetings Attended	Attendance at the last AGM held on September 30, 2024	No. of directorships in Public Limited Companies [§]	Name of other Listed entities where person is Director - Category of Directorship	Committee Position*	
						Member	Chairman
Mr. Atul Ambavat (DIN: 00195875)	Independent	2	Yes	-	-	2	1
Mr. Sunil Phatarphekar (DIN: 00005164)	Independent	4	No	3	-	8	2
Ms. Ananya Suneja (DIN: 07297081)	Executive, Non-Independent	4	Yes	6	-	1	-
Ms. Priyadeep Chopra (DIN: 00079353)	Non- Executive, Non-Independent	4	No	3	-	1	1

§ Only Directorships of public limited companies incorporated in India have been considered and excludes private limited companies, section 8 companies and foreign companies.

**Only Audit Committee and Stakeholders' Relationship Committee, in other public limited companies, have been considered for the Committee position.*

None of the Directors hold office in more than 10 public companies as prescribed under the Act. No Director holds Directorships in more than 7 listed companies. Further, none of the Non-executive Directors serve as Independent Director in more than 7 listed companies as required under the Listing Regulations. None of the Directors on the Board is a member of more than 10 Committees and Chairperson of more than 5 Committees, across all public limited companies in which he/she is a Director. Independent Directors are Non-executive Directors as defined under the Listing Regulations and the Act along with Rules framed thereunder. In terms of Listing Regulations, the Independent Directors have confirmed that they are not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact their ability to discharge their duties.

Ms. Vidya Shah is one of the promoters of Edelweiss Financial Services Limited (EFSL), the Holding Company of the Company. Ms. Ananya Suneja is Key Managerial Personnel of EFSL and draws remuneration from EFSL.

Based on the declarations received from the Independent Directors, the Board has confirmed that they meet the criteria of independence as prescribed under the Listing Regulations and that they are independent of the Management. Further, the Independent Directors have, in terms of Section 150 of the Act read with the Rules framed thereunder, confirmed that they have enrolled themselves in the Independent Directors' Databank maintained with the Indian Institute of Corporate Affairs. In the opinion of the Board, the Independent Directors are persons of integrity and possess relevant expertise, experience and proficiency.

All the Directors of the Company have confirmed that they are not disqualified for appointment as Directors pursuant to Section 164 of the Act.

M/s. Sahani & Kothari Associates, Company Secretaries, have issued a certificate certifying that none of the Directors on the Board of the Company have been debarred or disqualified from being appointed or continuing as Directors of Companies by the Securities & Exchange Board of India (SEBI), the Ministry of Corporate Affairs and any such statutory authority.

Board skills/expertise/competence matrix

The Board have identified the following parameters with respect to the skill/expertise/competence that are available with the Board in the context of the business and sector for it to function effectively:

Directors	Industry Knowledge / Experience			Technical Skills/ Experience						Behavioural Competencies	
	Financial and Capital Markets	Understanding of laws and regulations	International Experience	Accounting and Finance	Risk Management	Strategic Management	Legal and Compliance	Information Technology	Governance	Leadership and Mentoring Skills	Interpersonal Relations
Ms. Vidya Shah	*	*	*	*	*	*	*	*	*	*	*
Dr. Vinod Juneja	*	*	*	*	*	*	-	-	*	*	*
Mr. Atul Ambavat	*	*	*	*	*	*	*	*	*	*	*
Mr. Sunil Phatarphekar	*	*	*	*	*	*	*	*	*	*	*
Ms. Ananya Suneja	*	*	*	*	*	*	*	*	*	*	*
Ms. Priyadeep Chopra	*	*	*	*	*	*	*	*	*	*	*

Committees of the Board:

A) Audit Committee

Meetings held:

During the financial year ended March 31, 2025, the Committee met 4 times on May 10, 2024, August 1, 2024, October 28, 2024 and February 6, 2025.

The Committee comprises of the Independent Directors only. The composition as on March 31, 2025 and attendance of the Members at the Committee Meetings during the financial year ended March 31, 2025 was as under:-

Name of the Members	No. of Meetings Attended
Dr. Vinod Juneja – Chairman	4
Mr. Atul Ambavat	2
Mr. Sunil Phatarphekar	4

All the Members of the Committee have financial management expertise. The constitution and terms of reference of the Committee are in compliance with the requirements of the Act and the Listing Regulations.

Brief description of the terms of reference of the Audit Committee *inter alia* includes:

- 1) Oversight of the company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible
- 2) Recommendation for appointment, remuneration and terms of appointment of auditors of the Company
- 3) Approval of payment to statutory auditors for any other services rendered by the statutory auditors
- 4) Reviewing, with the management, the annual financial statements and auditor's report thereon before submission to the board for approval, with particular reference to:
 - a. Matters required to be included in the Director's Responsibility Statement to be included in the Board's report in terms of clause (c) of sub-Section 3 of Section 134 of the Companies Act, 2013
 - b. Changes, if any, in accounting policies and practices and reasons for the same
 - c. Major accounting entries involving estimates based on the exercise of judgment by management
 - d. Significant adjustments made in the financial statements arising out of audit findings
 - e. Compliance with listing and other legal requirements relating to financial statements
 - f. Disclosure of any related party transactions
 - g. Qualifications in the draft audit report.
- 5) Reviewing, with the management, the quarterly financial statements before submission to the board for approval
- 6) Evaluation of internal financial controls and risk management systems
- 7) Reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems
- 8) Discussion with internal auditors of any significant findings and follow up thereon
- 9) Discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern
- 10) To review the functioning of the Whistle Blower/Vigil Mechanism
- 11) Carrying out any other function as is mentioned in the terms of reference of the Audit Committee.

The Auditors, Internal Auditors and the Chief Financial Officer are invited to attend the Meetings of the Committee. The Company Secretary acts as the Secretary to the Committee.

B) Nomination and Remuneration Committee

Meetings held:

During the financial year ended March 31, 2025, the Committee met on May 10, 2024.

Based on the reports received from the Registrar & Transfer Agents during the financial year ended March 31, 2025, the Company did not receive any requests/complaints during the financial year ended March 31, 2025. As on March 31, 2025, there were no outstanding requests/complaints.

D) Group Risk Management Committee

During the financial year ended March 31, 2025, the Committee met 4 times on May 10, 2024, August 1, 2024, October 28, 2024 and February 6, 2025.

The composition as on March 31, 2025 and attendance of the Members at the Committee Meetings held during the financial year ended March 31, 2025, was as under:-

Name of the Member	No. of Meetings Attended
Dr. Vinod Juneja - Independent Director	4
Mr. Atul Ambavat - Independent Director	2
Ms. Ananya Suneja - Executive Director and Chief Financial Officer	4
Ms. Priyadeep Chopra - Non-executive Director	3
Ms. Christina D'souza - Company Secretary	4

Brief description of the terms of reference of the Group Risk Management Committee *inter alia* include:

- 1) Analyze the material risks to which the group, its businesses and subsidiaries are exposed. It must discuss all risk strategies both at an aggregated level and by type of risk and make recommendations to the Board in accordance with the group's overall risk appetite
- 2) Identify potential intra group conflicts of interest
- 3) Assess whether there are effective systems in place to facilitate exchange of information for effective risk oversight of the group

- 4) Assess whether the corporate governance framework addresses risk management across the group
- 5) Carry out periodic independent formal review of the group structure and internal controls
- 6) Articulate the leverage of the Group and monitor the same.

The Group Risk Management Committee has framed and implemented a Risk Management Framework and Strategy. The Company did not have any exposure in commodity price and hedging activities during the financial year ended March 31, 2025.

E) Asset Liability Management Committee

During the financial year ended March 31, 2025, the Committee met 4 times on May 9, 2024, August 1, 2024, October 28, 2024 and February 6, 2025.

The composition of the Committee as on March 31, 2025 and attendance of the Members at the Committee Meeting held during the financial year ended March 31, 2025, was as under:-

Name of the Members	No. of Meetings Attended
Dr. Vinod Juneja - Independent Director	4
Ms. Ananya Suneja - Executive Director and Chief Financial Officer	4
Ms. Christina D'souza - Company Secretary	4

Brief description of the terms of reference of the Asset Liability Management Committee *inter alia* includes:

- 1) Monitoring the asset liability gap
- 2) Strategizing action to mitigate risk associated with the asset liability gap
- 3) Developing risk policies and procedures and verifying adherence to various risk parameters and prudential limits
- 4) Reviewing the risk monitoring system
- 5) Ensure that credit exposure to any one group does not exceed the internally set limits as well as statutory limit(s) by RBI.

COMPLIANCE CERTIFICATE ON CORPORATE GOVERNANCE

[Pursuant to Schedule V Para E of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

To,
The Members,
Edel Finance Company Limited
Edelweiss House, Off. C.S.T Road,
Kalina, Mumbai - 400 098.

We have examined the compliance with the conditions of Corporate Governance of Edel Finance Company Limited ("the Company") for the year ended on March 31, 2025, as prescribed in the regulations 17 to 27, 62(1A), and Para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance, as specified in the aforesaid provisions of the Listing Regulations. The compliance of conditions of Corporate Governance is the responsibility of the management.

Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company. We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Edel Finance Company Limited**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of Edel Finance Company Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate companies comprising of the Consolidated Balance sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss, including other comprehensive income, the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the Consolidated Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on Separate Financial Statements and on the other financial information of the subsidiaries and associate companies, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at March 31, 2025, their Consolidated profit including other comprehensive loss, their Consolidated Cash Flows and the Consolidated Statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group and its associates in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Pune : 106, Parmesh Plaza, 1213 Sadashiv Peth, Hatti Ganpati Chowk, Pune – 411030.

Chhindwara: Parasias Road, Near Mehta Colony, Chhindwara (M.P.) – 480001.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Consolidated Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated Financial Statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Financial Statements

Key audit matters	How our audit addressed the key audit matter
Impairment of receivables from financing and other business	
The Group's impairment provision for receivables from financing business is based on the expected credit loss approach laid down under Ind AS 109. Ind AS 109 requires the Group to provide for impairment of its financial assets as at the reporting date using the expected credit loss (ECL) approach. ECL involves an estimation of probability - weighted loss on financial instruments over their life, considering reasonable and supportable information about past events, current conditions, and forecasts of future economic conditions which could impact the credit quality of the Group's financial assets (loan portfolio). In the process, a significant degree of judgement has been applied by the management for: - Staging of financial assets (i.e. classification in 'significant increase in credit risk' ("SICR") and 'default' categories); - Grouping of the loan portfolio under homogenous pools in order to determine probability of default on a collective basis; - Assigning internal rating grades to customers for which external rating is not available; - Calibrating external ratings-linked probability of default to align with past default rates; - Applying assumptions regarding the probability of various scenarios and	The audit procedures, including those reported in the auditor's report of respective subsidiary companies, comprised the following: - Read and assessed the Group's accounting policy for impairment of financial assets and its compliance with Ind AS 109 and the governance framework approved by the Board of Directors pursuant to Reserve Bank of India guidelines issued on March 13, 2020. - Tested the design and operating effectiveness of the controls for staging of loans based on their past-due status. Tested samples of performing (stage 1) loans to assess whether any loss indicators were present requiring them to be classified under stage 2 or 3. - Performed procedures to test the inputs used in the ECL computation, on a sample basis. - Tested assumptions used by the management in determining the overlay for macro - economic factors. - Assessed the additional considerations applied by the management for staging of loans as SICR or default categories in view of Company's policy on OTR. - Tested the arithmetical accuracy of computation of ECL provision performed by the Company in spreadsheets.

Key audit matters	How our audit addressed the key audit matter
discounting rates for different loan products; f) Estimation of management overlay for macro - economic factors bearing a correlation with the credit quality of the loans. In view of such high degree of management's judgement involved in estimation of ECL, it is considered as a key audit matter. The reliability and security of IT systems play a key role in the financial reporting process of the Group. The Group's key financial accounting and reporting processes are highly automated, whereby any gaps in the IT control environment could result in a material misstatement of the financial accounting and reporting records. Therefore, the assessment of the general IT controls and the application controls specific to the accounting and preparation of financial information is considered to be a key audit matter.	
IT systems and controls	
The reliability and security of IT systems play a key role in the financial reporting process of the Group. The Group's key financial accounting and reporting processes are highly automated, whereby any gaps in the IT control environment could result in a material misstatement of the financial accounting and reporting records. Therefore, the assessment of the general IT controls and the application controls specific to the accounting and preparation of financial information is considered to be a key audit matter.	The audit procedures assisted by our IT specialists, including those reported in the auditor's report of respective subsidiary companies, comprised the following: • Tested the design and operating effectiveness of the Company's IT access controls over the information systems that are important to financial reporting and various interfaces, configuration and other identified application controls. • Tested IT general controls (logical access, changes management and aspects of IT operational controls). This included testing requests for access to systems were reviewed and authorized. • Tested the periodic review of access rights. Also tested requests of changes to systems for approval and authorization. • In addition to the above, tested the design and operating effectiveness of certain automated controls that were considered as key internal controls.

Key audit matters	How our audit addressed the key audit matter
	- We have relied on SOC-2 type II report provided by vendor for oracle fusion to ensure compliance with audit trail. - Tested the design and operating effectiveness of compensating controls in case deficiencies were identified and, where necessary, extended the scope of our substantive audit procedures.

We have determined that there are no other key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual report, but does not include the Consolidated Financial Statements and our auditor's report thereon, The Holding Company's Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and of its associates and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of the Group and of its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and its associates or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and of its associates are also responsible for overseeing the financial reporting process of the Group and of its associates.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates of which we are the independent auditors, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes

public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements and other financial information, in respect of:

15 subsidiaries, whose financial statements include total assets of Rs. 23,081.87 Crores as at 31 March 2025 and total revenue of Rs. 3,457.94 Crores and net cash inflows of Rs. 859.58 Crores for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management.

2 associate companies forming part of the Group, whose financial statements include Group's share of net profit after tax of Rs. 391.71 crores and Group's share of total comprehensive income of Rs. 394.79 crores from April 1, 2024 to March 31, 2025 as considered in the consolidated financial statement, whose financial statement, other financial information have been audited by other auditors and whose report have been furnished to us by the Management.

Our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associate companies, and our report in terms of sub- sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associate companies, is based solely on the report(s) of such other auditors.

Our opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

The comparative financial information of the Company for year ended March 31, 2024 were audited by predecessor auditor who expressed an unmodified opinion on those Consolidated Financial Statements dated 10th May, 2024. Accordingly, we do not express any opinion, as the case may be, on the figures reported in the Consolidated Financial Statements for the year ended March 31, 2024.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary and associate companies, incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure 1" a statement on the matters specified in paragraph 3(xxi) of the Order.
2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries and associates, as noted in the 'other matter' paragraph we report, to the extent applicable, that:
 - (a) We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements;
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Statement of Cash Flow and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the Consolidated Financial Statements;
 - (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

- (e) On the basis of the confirmation received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiaries and associate companies, none of the directors of the Group's companies and its associates, incorporated in India, is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to Consolidated Financial Statements of the Holding Company and its subsidiaries and its associate companies, incorporated in India, and the operating effectiveness of such controls refer to our separate Report in "Annexure 2" to this report;
- (g) In our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries and associate companies, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Holding Company, its subsidiaries and associate companies incorporated in India to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries and associates, as noted in the 'Other matter' paragraph:
- i) The Consolidated Financial Statements disclose the impact of pending litigations on its consolidated financial position of the Group and its associate companies in its Consolidated Financial Statements – Refer Note 50 to the Consolidated Financial Statements;
 - ii) The Group and its associated companies did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii) There have been no amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, its subsidiaries and its associate companies, incorporated in India during the year ended March 31, 2025;
 - iv) a. The respective managements of the Holding Company and its subsidiaries and associate companies which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries and associate companies respectively that, to the best of its knowledge and belief, as disclosed in note 57.A to the Consolidated Financial Statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries and associates to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the respective Holding Company or any of such subsidiaries and associates ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b. The respective managements of the Holding Company and its subsidiaries and associate companies which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries and associates respectively that, to the best of its knowledge and belief, other than as disclosed in the note 57.B to the Consolidated Financial Statements, no funds have been received by the respective Holding Company or any of such subsidiaries and associates from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries and associates shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries and associates which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.

- v) The final and interim dividend declared and paid by its subsidiaries, incorporated in India, during the year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

No dividend has been declared or paid during the year by the Holding Company.

- vi) Based on our examination which included test checks and that performed by the respective auditors of the subsidiaries and associates whose financial statements have been audited under the Act, the Holding Company, its subsidiaries and associates have used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally the audit trail has been preserved by the Companies as per the statutory requirement for record retention.

Annexure-2 to the Independent Auditor's Report of Even Date on the Consolidated Financial Statements of Edel Finance Company Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Financial Statements of Edel Finance Company Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to Consolidated Financial Statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associates, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group and its associates, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Annexure-2 to the Independent Auditor's Report of Even Date on the Consolidated Financial Statements of Edel Finance Company Limited (Continued)

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group and its associates, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to Consolidated Financial Statements and such internal financial controls with reference to Consolidated Financial Statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance note issued by the ICAI.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to Consolidated Financial Statements of the Holding Company, in so far as it relates to these 11 subsidiaries and 2 associates, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries and associates incorporated in India.

Edel Finance Company Limited

Notes to the consolidated financial statements

for the year ended 31 March 2025

1. Background

Edel Finance Company Limited ('the Company') a public limited company domiciled and incorporated under the provisions applicable in India under the Companies Act, 1956. The Company was incorporated on October 16, 1989 and is a wholly owned subsidiary of Edelweiss Financial Services Limited.

The Company was primarily engaged in the business of lending and investment and is registered with the Reserve Bank of India ('RBI') as a Systematically Important Non-Deposit taking Non-Banking Financial Company (NBFC-ND-SI). Company got converted to Core Investment Company ('CIC') as NBFC-CIC-ND-SI on 09th October 2018.

2. Basis of preparation of consolidated financial statements

The consolidated financial statements relate to Edel Finance Company Limited ('the Company') and its subsidiaries (together 'the Group') and associates. The Group is primarily engaged in (a) agency business, which includes advisory and other fee based services; (b) Capital business which includes lending business and investment activities; and (c) Treasury business includes income from trading activities.

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

These consolidated financial statements have been prepared on a historical cost basis, except for entities under liquidation/ dissolution and certain financial instruments such as financial asset measured at fair value through other comprehensive income (FVOCI) instruments, derivative financial instruments, fair value through Profit or Loss and other financial assets held for trading, certain property plant and equipment which have been measured at fair value. The consolidated financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest million, except when otherwise indicated.

3. Presentation of financial statements

The Group presents its balance sheet in order of liquidity in compliance with the Division III of the Schedule III to the Companies Act, 2013. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current).

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the company and or its counterparties

4. Basis of consolidation

The consolidated financial statements as on 31 March 2025, comprise the financial statements of the Company and its subsidiaries as at 31 March 2025 including any controlled structured entities. The Company consolidates a subsidiary when it controls it. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements.
- The Group's voting rights and potential voting rights.
- The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee, if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies. However, no subsidiaries, associates and consolidated structure entities have followed different accounting policies than those followed by the Group for the preparation of these consolidated financial statements.

Consolidation procedure:

- a. Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b. Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- c. Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, are eliminated in full). Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of Other Comprehensive Income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction. With respect to put options granted by the Group to the holders of non-controlling interests in a subsidiary, where the Group does not have a present ownership interest in the shares subject to put, till the put remains unexercised, non-controlling continues to be recognised including allocation of profit or loss, other comprehensive income and other changes in equity of the subsidiary. However, at each reporting date, the non-controlling interest is derecognised as if it were acquired at that date and a financial liability is recognised and measured at its fair value. The difference between these two amounts is recognised as an equity transaction and attributed to owners of the parent.

Given the level of judgement required regarding consolidation of structured entities, these considerations are described further in the significant accounting judgements. Disclosures for investment in subsidiaries, and structured entities are provided in notes to the consolidated financial statements.

Edel Finance Company Limited

Notes to the consolidated financial statements (continued) for the year ended 31 March 2025

Investment in associates

An associate is an entity over which the Group has the power to participate in the financial and operating policy decision of the investee, but it's not control or joint control over those policies.

The Group's investments in its associate is accounted for using the equity method. Under the equity method, the investment in an associate is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate since the acquisition date. The Statement of Profit and Loss reflects the Group's share of the results of operations of the associate. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate, the Group recognises its share of any changes, when applicable, in the Statement of Changes in Equity. Unrealised gains and losses resulting from transactions between the Group and the associate are eliminated to the extent of the interest in the associate.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

5. Material accounting policies

5.1 Recognition of Interest income and Dividend income

5.1.1 Effective interest rate (EIR)

Under Ind AS 109 interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost and debt instrument measured at FVOCI. The EIR is the rate that exactly discounts estimated future cash flows through the expected life of the financial instrument or, when appropriate a shorter period to the gross carrying amount of financial instrument.

The EIR is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Group recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the financial asset. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle including prepayments penalty interest and charges.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income.

5.1.2 Interest Income

The Group calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Group calculates interest income by applying the EIR to the amortised cost (net of expected credit loss) of the financial asset. If the financial assets cures and is no longer credit-impaired, the Group reverts to calculating interest income on a gross basis.

Penal interest income on delayed EMI or pre EMI is recognised on receipt basis.

5.1.3 Dividend Income

The Group recognised dividend income when the Group's right to receive the payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

5.1.4 Fee and Commission Income

Fee and commission income include fees other than those that are an integral part of EIR. The Group recognises the fee and commission income in accordance with the terms of the relevant contracts / agreement and when it is probable that the Group will collect the consideration.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

5.1.5 Other Income

Other Income represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract. Other ancillary charges are recognized upon realisation.

5.1.6 Brokerage Income

Brokerage income is recognised as per contracted rates at the execution of transactions on behalf of the customers on the trade date and is reflected net of related sub-brokerage expenses, Goods and Service Tax ("GST"), transaction charges and stock exchange expenses.

5.1.7 Business support services Income

Business support services including web based services are accounted on accrual basis in accordance with the terms and contracts entered into between the Group and the counterparty.

5.1.8 Profit / loss on sale of investments is recognised on trade date basis.

5.1.9 Commodities sales are accounted when all obligations connected with the transfer of risks and rewards to the buyer have been fulfilled after the price has been determined and collection of the receivable is reasonably certain

5.1.10 Warehouse income is recognised on accrual basis by reference to the agreements entered with customers.

5.1.11 Interests on delayed payments, warehousing charges and rental income are recognised on accrual basis by reference to the agreements entered.

5.1.12 Profit / (loss) from share in partnership firm is accounted once the amount of the share of profit/ (loss) is ascertained and credited / debited to the Group's account in the books of the partnership firm.

5.1.13 Real estate advisory income is recognised basis the terms and conditions mentioned in the agreement.

5.1.14 Revenue from Investment management services

Revenue from Investment management services is recognised over the tenure in accordance with the terms and conditions of the investment management agreement with group companies. The investment manager, in addition to management fee, also receives a performance profit allocation in respect of all classes of units. The incentive fee is calculated at the end of every performance period on a unit-by-unit basis so that each class of unit is charged an incentive fee, which equates fairly with that unit's performance. At the end of each performance period, the incentive fee is calculated as a % of the appreciation in the NAV per class of unit (before accrual or deduction of the incentive fee) over the reference price per class of unit and after accounting for the hurdle rate.

Portfolio management fees are recognised over the tenure in accordance with portfolio management agreement entered with respective clients.

Revenue from fund management services (excluding mutual fund business) is recognised over the tenure in accordance with the terms and conditions of the investment management agreement between the Group and the Fund for which the Group acts as a fund manager.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

5.1.15 The trusteeship fee is recognised as mutually agreed between the trustee and the settler.

5.1.16 Revenue from contracts with customers

Revenue is measured at transaction price i.e., the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to the customer, excluding amounts collected on behalf of third parties. The Group consider the terms of the contract and its customary business practices to determine the transaction price. Where the consideration promised is variable, the Group excludes the estimates of variable consideration that are constrained. The Group applies the five-step approach for the recognition of revenue:

- I. Identification of contract
- II. Identification of the separate performance obligation in the contract
- III. Determination of transaction price
- IV. Allocation of transaction price to separate performance obligation and
- V. Recognition of revenue when (or as) each performance obligation is satisfied.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

5.2 Financial Instruments

5.2.1 Date of recognition

Financial assets and liabilities with exception of loans and borrowings are initially recognised on the trade date, i.e., the date the Group becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. Loans are recognised when funds are transferred to the customers' account. The Group recognises borrowings when funds are available for utilisation to the Group.

5.2.2 Initial measurement of financial instruments

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

5.2.3 Day 1 profit and loss

When the transaction price of the financial instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Group recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in profit or loss when the inputs become observable, or when the instrument is derecognised.

5.2.4 Classification & measurement categories of financial assets and liabilities

The Group classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The changes in carrying value of financial assets is recognised in profit and loss account.

Sale that occur for below reason are considered as consistent with business model whose objective is to hold financial assets in order to collect contractual cash flows.

- If those sales are infrequent (even if significant in value) or insignificant in value both individually and in aggregate (even if frequent).
- If such sales are made close to maturity of financial asset and proceeds from sale approximate the collection of the remaining contractual cash flow
- Selling a financial asset because of significant increase in credit risk.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The changes in fair value of financial assets is recognised in Other Comprehensive Income.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL. The Group measures all financial assets classified as FVTPL at fair value at each reporting date. The changes in fair value of financial assets is recognised in Profit and loss account.

5.3 Financial assets and liabilities

5.3.1 Amortized cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

5.3.2 Financial assets held for trading

The Group classifies financial assets as held for trading when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is evidence of a recent pattern of short-term profit taking. Held for trading assets and liabilities are recorded and measured in the balance sheet at fair value. Changes in fair value are recognised in net gain on fair value changes.

5.3.3 Financial assets measured at FVOCI - Loans

Unrealised gains or losses on debt instruments measured at FVOCI are recognised in other comprehensive income, and on derecognition of such instrument accumulated gains or losses are recycled to profit and loss statement. Interest income on such instrument is recognised in profit and loss statement using EIR method.

5.3.4 Investment in equity instruments

The Group subsequently measures all equity investments at fair value through profit or loss, unless the management has elected to irrevocably classify some of its strategic equity investments to be measured at FVOCI. Such classification is determined on an instrument-by-instrument basis. Investments in subsidiaries and associates are carried at cost as permitted under Ind AS 27 (Consolidated and Separate Financial Statements). The investment in other group companies are carried at cost less provision for impairment. (subsidiaries, associates, and other group companies).

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

5.3.5 Financial liabilities

All financial liabilities are measured at amortised cost except loan commitments, financial guarantees, and derivative financial liabilities.

5.3.6 Derivative financial instruments

Initial recognition and subsequent measurement

The Group uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Initial recognition and subsequent measurement (continued)

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability.

The Group issues non-convertible debentures, the return of which is linked to performance of specified indices over the period of the debenture. Group enters into derivative contracts to effectively mitigate the risk on such exposure by either minimising the loss or earn a minimum committed income (say for example purchased call and put options) with a wide range of strike prices. This risk mitigation plan has been approved by the risk committee.

Derivatives are initially recognised at fair value and are subsequently re-measured at fair value and the resulting gain or loss is recognised in profit or loss immediately.

Embedded derivatives

An embedded derivative is a component of a hybrid instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a standalone derivative. An embedded derivative causes some or all of the cash flows that otherwise would be required by the contract to be modified according to a specified interest rate, foreign exchange rate, or other variable, provided that, in the case of a non-financial variable, it is not specific to a party to the contract.

Derivatives embedded in all other host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not held for trading or designated at fair value through profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss, unless designated as effective hedging instruments.

Forward Rate Agreement (FRA) and Interest Rate Futures (IRF)

The Group enters into interest rate derivative transactions i.e. Forward Rate Agreement (FRA) and Interest Rate Futures (IRF) to hedge the interest rate risk arising out of highly probable forecasted future cash inflows.

A Forward Rate Agreement ("FRA") is a forward contract to hedge the risk of movements in interest rates. In FRA contract, Group fixes the yield on the government bond for the period till the maturity of the contract. The Group

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

has entered into FRA to hedge interest rate risk on forecasted premium receivable from already written policies at future dates.

Forward Rate Agreement derivative contracts are over-the-counter (OTC) transactions, agreeing to buy notional value of a debt security at a specified future date, at a price determined at the time of the contract with an objective to lock in the price of an interest bearing security at a future date.

The Forward Rate Agreement (FRA) contract is valued at the difference between the market value of underlying bond at the spot reference yield taken from the SEBI approved rating agency and present value of contracted forward price of underlying bond including present value of intermediate coupon inflows from valuation date till FRA contract settlement date, at applicable INR-OIS rate curve.

Interest rate futures are standardized interest rate derivative contracts which are permitted by IRDAI to hedge risks on forecasted transactions. These are traded on a recognized stock exchange to buy or sell a notional security or any other interest-bearing instrument or an index of such instruments or interest rates at a specified future date, at a price determined at the time of the contract.

The instrument is classified as FVTPL securities and the net gain on fair value change is recognized in the Statement of Profit and Loss.

Derivatives Instruments are initially recognized at fair value at the date of entering into the derivative contracts and are subsequently re-measured to their fair value at the end of each reporting period. The Group follows Cash Flow Hedge accounting. Hedge effectiveness is ascertained at the inception of the hedge and periodically thereafter.

At the inception of the hedge, the Company documents the relationship between the hedging instrument and the hedged item, the risk management objective, strategy for undertaking the hedge and the methods used to assess the hedge effectiveness. Hedge effectiveness is the degree to which changes in the fair value or cash flows of the hedged item that are attributable to a hedged risk are offset by changes in the fair value or cash flows of the hedging instrument. Hedge effectiveness is ascertained at the time of inception of the hedge and periodically thereafter at Balance Sheet date.

The portion of fair value gain/loss on the IRD that is determined to be an effective hedge is recognized directly in appropriate account i.e. 'Fair value gain/loss on derivatives' under the head Other Comprehensive Income and accumulated under the head of Cash Flow Hedge Reserve in the Balance Sheet and the portion of IRD fair value gain/loss that gets determined as ineffective hedge or ineffective portion of effective hedge, basis the hedge effectiveness assessment is recognized in the Statement of Profit and Loss.

The accumulated gains or losses that were recognised directly in the Hedge Reserve are reclassified into Statement of Profit and Loss, in the same period during which the income from hedged forecasted cash flows affect the Statement of Profit and Loss (such as in the periods that income on the investments acquired from underlying forecasted cashflow is recognized in the Statement of Profit and Loss). In the event that all or any portion of loss or gain, recognised directly in the Hedge Reserve is not expected to be recovered in future periods, the amount that is not expected to be recovered is reclassified to the Statement of Profit and Loss. Gains or losses arising from hedge ineffectiveness, if any, are recognised in the Statement of Profit and Loss. Costs associated with derivative contracts are considered as at a point in time cost.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

5.3.7 Debt securities and other borrowed funds

After initial measurement, debt issued, and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the instrument.

The Group has issued certain non-convertible debentures, the return of which is linked to performance of specified indices over the period of the debenture. Such debentures have a component of an embedded derivative which is fair valued at a reporting date. The resultant 'net unrealised loss or gain' on the fair valuation of these embedded derivatives is recognised in the statement of profit and loss. The debt component of such debentures is measured at amortised cost using yield to maturity basis.

5.3.8 Financial assets and financial liabilities at fair value through profit or loss

Financial assets and financial liabilities in this category are those that are not held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109. Management only designates an instrument at FVTPL upon initial recognition when one of the following criteria are met. Such designation is determined on an instrument-by-instrument basis.

- The designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis; Or
- The liabilities are part of a group of financial liabilities, which are managed, and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy; Or
- The liabilities containing one or more embedded derivatives, unless they do not significantly modify the cash flows that would otherwise be required by the contract, or it is clear with little or no analysis when a similar instrument is first considered that separation of the embedded derivative(s) is prohibited.

Financial assets and financial liabilities at FVTPL are recorded in the balance sheet at fair value. Changes in fair value are recorded in profit and loss with the exception of movements in fair value of liabilities designated at FVTPL due to changes in the Company's own credit risk. Such changes in fair value are recorded in the Own credit reserve through OCI and do not get recycled to the profit or loss. Interest earned or incurred on instruments designated at FVTPL is accrued in interest income or finance cost, respectively, using the EIR, taking into account any discount/ premium and qualifying transaction costs being an integral part of instrument. Interest earned on assets mandatorily required to be measured at FVTPL is recorded using contractual interest rate.

5.3.9 Financial guarantee

Financial guarantees are contracts that require the Group to make specified payments to reimburse to holder for loss that it incurs because a specified debtor fails to make payment when it is due in accordance with the terms of a debt instrument.

Financial guarantee issued or commitments to provide a loan at below market interest rate are initially measured at fair value and the initial fair value is amortised over the life of the guarantee or the commitment. Subsequently they are measured at higher of this amortised amount and the amount of loss allowance

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

5.3.10 Loan commitment

Undrawn loan commitments are commitments under which, the Group is required to provide a loan with pre-specified terms to the customer during the duration of commitment

5.3.11 Financial liabilities and equity instruments

Financial instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.

5.3.12 Reclassification of financial assets and liabilities

The Group does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Group acquires, disposes of, or terminates a business line. Financial Liabilities are never reclassified.

5.3.13 Derecognition of financial Instruments

Derecognition of financial asset

A financial asset (or, where applicable a part of a financial asset or a part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Group also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Group has transferred the financial asset if, and only if, either.

- The Group has transferred the rights to receive cash flows from the financial asset or
- It retains the contractual rights to receive the cash flows of the financial asset, but assumed a contractual obligation to pay the cash flows in full without material delay to third party under pass through arrangement.

Pass-through arrangements are transactions whereby the Group retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), when all of the following conditions are met:

- The Group has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates.
- The Group cannot sell or pledge the original asset other than as security to the eventual recipients.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

The Group has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Group is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer only qualifies for derecognition if either:

- The Group has transferred substantially all the risks and rewards of the asset; or
- The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Group considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

The Group also derecognises a financial asset, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new financial asset, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised financial assets are classified as Stage 1 for ECL measurement purposes, unless the new financial asset is deemed to be POCL.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Group records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing financial liability are substantially modified, such an exchange or modification is treated as a derecognition of the original financial liability and the recognition of a new financial liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

Edel Finance Company Limited

Notes to the consolidated financial statements (continued) for the year ended 31 March 2025

5.4 Impairment of financial assets

The Group records provisions based on expected credit loss model ("ECL") on all loans, other debt financial assets measured at amortised cost together with undrawn loan commitment and financial guarantee contracts, in this section all referred to as "Financial instrument". Equity instruments are not subject to impairment.

ECL is a probability-weighted estimate of credit losses. A credit loss is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive discounted at the original effective interest rate. Because ECL consider the amount and timing of payments, a credit loss arises even if the entity expects to be paid in full but later than when contractually due.

Simplified approach

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on portfolio of its receivables. The provision matrix is based on its historically observed default rates over the expected life of the receivables. However, if receivables contain a significant financing component, the Group chooses as its accounting policy to measure the loss allowance by applying general approach to measure ECL.

General approach

For all other financial instruments, the Group recognises lifetime ECL when there has been a significant increase in credit risk (SICR) since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses (12m ECL). The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of an evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The measurement of expected credit losses is a function of the probability of default (PD), loss given default (LGD) (i.e., the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. As for the exposure at default (EAD), for financial assets, this is represented by the assets' gross carrying amount at the reporting date; for loan commitments and financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Group's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, ECL is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate. The Group recognises an impairment loss or reversal of impairment loss in the reformatted consolidated statement of profit and loss with a corresponding adjustment to their carrying amount through a loss allowance account.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

If a financial instrument includes both a loan (i.e., financial asset) and an undrawn commitment (i.e. loan commitment) component and the Group cannot separately identify the ECL on the loan commitment component from those on the financial asset component, the ECL on the loan commitment have been recognised together with the loss allowance for the financial asset. To the extent that the combined ECL exceed the gross carrying amount of the financial asset, the ECL have been recognised as a provision. Also, for other loan commitments and all financial guarantee contracts, the loss allowance has been recognised as a provision.

5.5 Collateral valuation

To mitigate its credit risks on financial assets, the Group seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. Collateral, unless repossessed, is not recorded on the balance sheet. However, the fair value of collateral affects the calculation of ECLs. It is generally assessed, at a minimum, at inception and re-assessed on a periodical basis. However, some collateral, for example, cash or securities relating to margining requirements, is valued daily.

To the extent possible, the Group uses active market data for valuing financial assets held as collateral. Other financial assets which do not have readily determinable market values are valued using models.

5.6 Write-offs

Financial assets are written off either partially or in their entirety only when the Group has no reasonable expectation of recovery. Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss.

5.7 Redeemable preference shares

Redeemable preference shares issued are classified as financial liabilities and are measured at fair value at inception and at amortised cost subsequently.

Where the transaction price for the preference shares issued differs from the fair value, the difference is recognized in profit or loss unless the difference is a deemed capital contribution from the Group, in which case, the said difference is recognized in equity.

In accounting for these preference shares at amortised cost subsequent to initial recognition, interest expense based on the effective interest rate is recognized in profit or loss. This effective interest rate is based on the initial measurement of the preference shares (fair value) and the maturity amount. Any gain or loss on derecognition is recognized in profit or loss unless the difference is due to a transaction with a related party, in which case, the same is recognized as a deemed distribution or return of deemed capital contribution, as the case may be.

5.8 Compulsory Convertible Instruments

Compulsory Convertible Debentures/ Preference shares are separated into liability and equity components based on the terms of the contract. At the inception of the Compulsory Convertible Instruments, the following two elements will be separated:

- (a) a liability component arising from the interest payments; and
- (b) an equity component representing the delivery of fixed number of equity shares in future.

On issuance of the Compulsory Convertible Instrument, the fair value of the liability portion is determined using a market interest rate for an equivalent non convertible bonds. This amount is recorded as a liability on an amortised cost basis until extinguished on conversion of the bonds. The remainder of the proceeds is attributable to the equity portion of the compound instrument since it meets Ind AS 32, Financial Instruments: Presentation, criteria for fixed to fixed classification. The carrying amount of the equity component is not subsequently re-measured.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

5.9 Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

Determination of fair value

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

- Level 1 financial instruments –Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.
- Level 2 financial instruments–Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.
- Level 3 financial instruments –Those that include one or more unobservable input that is significant to the measurement as whole. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Group periodically reviews its valuation techniques including the adopted methodologies and model calibrations.

Therefore, the Group applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

The Group evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

5.10 Leases

Group as a lessee

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right of use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

Lease Liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short term lease

The Group has elected not to recognise right of use asset and lease liabilities for short term leases of property that has lease term of 12 months or less. The Group recognises lease payment associated with these leases as an expense on a straight- line basis over lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset is classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

5.11 Earnings per share

Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

5.12 Foreign currency transactions

The consolidated financial statements are presented in Indian Rupees which is also functional currency of the Group. Transactions in currencies other than Indian Rupees (i.e., foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

5.13 Retirement and other employee benefit

5.13.1 Provident fund and national pension scheme

The Group contributes to a recognised provident fund and national pension scheme which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognised in the statement of profit and loss.

5.13.2 Gratuity

The Group's gratuity scheme is a defined benefit plan. The Group's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method. Benefits in respect of gratuity are funded with an insurance company approved by Insurance Regulatory and Development Authority (IRDA).

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Remeasurements are not reclassified to profit or loss in subsequent periods.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

5.13.3 Compensated Absences

The eligible employees of the Group are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Group recognises the charge in the statement of profit and loss and corresponding liability on such non-vesting accumulated leave entitlement based on a valuation by an independent actuary. The cost of providing annual leave benefits is determined using the projected unit credit method.

5.14 Share-based payment arrangements

Equity-settled share-based payments to employees are granted by the ultimate parent Group. These are measured by reference to the fair value of the equity instruments at the grant date. These includes Stock Appreciation Rights ("SAR"s) where the right to receive the difference between the SAR price and the market price of equity shares of the ultimate parent Group on the date of exercise, either by way of cash or issuance of equity shares of the ultimate parent Group, is at the discretion of the ultimate parent Group. These are classified as equity settled share based transaction.

The fair value determined at the grant date of the equity-settled share-based payments is expensed over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the 'ESOP reserve'. In cases where the share options granted vest in instalments over the vesting period, the Group treats each instalment as a separate grant, because each instalment has a different vesting period, and hence the fair value of each instalment differs.

Employee Stock Option Plans (ESOPs) / Stock Appreciation Rights (SARs)

The Holding Company (Edelweiss Financial Services Limited ("EFSL")) has Employee Stock Option Plans and Stock Appreciation Rights in force. Based on such schemes, parent entity has granted an ESOP/SAR option to acquire equity shares of EFSL that would vest in a graded manner to company's employees. Based on group policy / arrangement, EFSL has charged the fair value of such stock options, Company has accepted such cross charge and recognised the same under the employee cost.

5.15 Property, plant and equipment and right – of – use assets

Property, Plant and Equipment is stated at cost excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent costs incurred on an item of property, plant and equipment are recognised in the carrying amount thereof when those costs meet the recognition criteria as mentioned above. Repairs and maintenance are recognised in profit or loss as incurred.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any. Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives. Depreciation is provided on a written down value basis from the date the asset is ready for its intended use or put to use whichever is earlier. In respect of assets sold, depreciation is provided up to the date of disposal.

As per the requirement of Schedule II of the Companies Act, 2013, the Group has evaluated the useful lives of the respective fixed assets which are as per the provisions of Part C of the Schedule II for calculating the depreciation. The estimated useful lives of the fixed assets are as follows:

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

Estimated useful lives of the assets are as follows:

Nature of assets	Estimated Useful Life
Building (Other than Factory Building)	60 years
Plant and equipments	15 years
Furniture and fittings	10 years
Vehicles	8 years
Office equipments	5 years
Computers - Servers and networks	6 years
Computers - End user devices, such as desktops, laptops, etc.	3 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Land and buildings are subsequently shown at fair value based on periodic valuations by external independent valuers, less subsequent depreciation for buildings. Valuations will be carried out on a regular basis, unless the management consider it appropriate to have an earlier revaluation, such that the carrying amount of property does not differ materially from that which would be determined using fair values at the end of the reporting period. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset, and the net amount is restated to the revalued amount of the asset.

Subsequent measurement of land and building under revaluation model

Increases in the carrying amount arising on revaluation of land and buildings are credited to other comprehensive income and shown as a revaluation reserve in shareholders' equity. An exception is a gain on revaluation that reverses a revaluation decrease (impairment) on the same asset previously recognised as an expense. Decreases that offset previous increases of the same asset are charged in other comprehensive income and debited against the revaluation reserve directly in equity; all other decreases are charged to profit or loss. Each year the difference between depreciation based on the revalued carrying amount of the asset charged to profit or loss and depreciation based on the asset's original cost is transferred from the revaluation reserve to retained earnings.

Right-of-use assets are presented together with property and equipment in the statement of financial position. Right-of-use assets are depreciated on a straight-line basis over the lease term.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

5.16 Intangible assets:

Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortization and impairment, if any.

Intangibles such as software are amortised over a period of 3 years based on its estimated useful life.

Intangible assets under development are recorded at the consideration paid for the acquisition of such assets.

5.17 Impairment of non-financial assets:

The Group assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of the depreciable historical cost.

5.18 Provisions and other contingent liabilities:

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Claims against the Group, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

5.19 Income tax expenses:

Income tax expense represents the sum of the tax currently payable and deferred tax.

5.19.1 Current tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

5.19.2 Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax assets are also recognised with respect to carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

It is probable that taxable profit will be available against which a deductible temporary difference, unused tax loss or unused tax credit can be utilised when there are sufficient taxable temporary differences which are expected to reverse in the period of reversal of deductible temporary difference or in periods in which a tax loss can be carried forward or back. When this is not the case, deferred tax asset is recognised to the extent it is probable that:

- the entity will have sufficient taxable profit in the same period as reversal of deductible temporary difference or periods in which a tax loss can be carried forward or back; or
- tax planning opportunities are available that will create taxable profit in appropriate periods.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

5.19.2 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

5.20 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less.

5.21 Investment property

Properties, including those under construction, held to earn rentals and/or capital appreciation are classified as investment property and are measured and reported at cost, including transaction costs.

Depreciation is recognised using written down value method so as to write off the cost of the investment property less their residual values over their useful lives specified in Schedule II to the Companies Act, 2013 or in the case of assets where the useful life was determined by technical evaluation, over the useful life so determined. Depreciation method is reviewed at each financial year end to reflect the expected pattern of consumption of the future benefits embodied in the investment property. The estimated useful life and residual values are also reviewed at each financial year end and the effect of any change in the estimates of useful life/residual value is accounted on prospective basis.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of property is recognised in the Statement of Profit and Loss in the same period.

6 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 5, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

6.1. Critical judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations, that the management has made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements.

a. Business model assessment

Classification and measurement of financial assets depends on the results of the solely payments of principal and interest (SPPI) and the business model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance is measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the quantum, the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

b. Significant increase in credit risk

ECL is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. In assessing whether the credit risk of an asset has significantly increased the Group takes into account qualitative and quantitative reasonable and supportable forward-looking information.

c. Consolidation of structured entities

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to administrative tasks only and the relevant activities are directed by means of contractual arrangements. In the context of the Group, structured entities comprise securitisation trusts in asset reconstruction business, mutual fund schemes and alternative investment funds / schemes thereof. The Group consolidates the structured entities that it controls. When making this judgement, the Group also considers voting and similar rights available to itself and other parties, who may limit the Group's ability to control, including rights to appoint, reassign or remove members of the structured entity's key management personnel who have the ability to direct the relevant activities, the exposure to variability of returns and whether the Group has the ability to use its power to affect the amount of the Group's returns i.e. the variability of returns in relation to the total returns of the investee entity.

d. Determining lease term for lease contracts with renewal and termination option

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain, whether or not, to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control that affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation of the leased asset).

5.2 Key sources of estimation uncertainty

The Group based its assumptions and estimates on parameters available all the time consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur. Following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

a. Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible,

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

estimation is required in establishing fair values.

For Investments made into Security receipts (SRs), Group uses discounted cash flow model, given that the SRs are less liquid instruments. Expected cash flow levels including timing of cash flows are estimated by using quantitative and qualitative measures regarding the characteristics of the underlying assets including default rates, nature and value of collaterals, manner of resolution and other economic drivers. For any valuation which are based on models, Judgements and estimates are applied, which include considerations of liquidity, credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

b. Impairment of financial assets

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Group's ECL calculations are outputs of models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- PD calculation includes historical data, assumptions and expectations of future conditions.
- The Group's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life-time expected credit loss and the qualitative assessment.
- The segmentation of financial assets when their ECL is assessed on a collective basis.
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, EAD and LGD
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models.

It is Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

c. Effective interest rate method

The Group's EIR methodology, as explained in Note 5, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of characteristics of the product life cycle.

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes in fee income/expense that are integral parts of the instrument.

d. Accounting for deferred taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Edel Finance Company Limited
Notes to the consolidated financial statements (continued)
for the year ended 31 March 2025

The Group has recognised deferred tax assets on carried forward tax losses with respect to certain subsidiaries where the Group believes that the said deferred tax assets shall be recoverable based on the estimated future taxable income which in turn is based on approved business plans and budgets. The losses are allowed to be carried forward to the years in which the Group expects that there will be sufficient taxable profits to offset these losses.

e. Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate ('IBR') to measure lease liabilities. Incremental borrowing rate is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

f. Asset liability management

Management has made an assessment of its ability to continue and is satisfied that it has the resources to continue in business for the foreseeable future.

Reconciliation of changes in gross carrying amount and corresponding ECL allowances for loans and advances to corporate and retail customers:

The following disclosure provides stage wise reconciliation of the Group's gross carrying amount and ECL allowances for loans and advances to corporates and retail customers. The transfers of financial assets represents the impact of stage transfers upon the gross carrying amount and associated allowance for ECL. The net remeasurement of ECL arising from stage transfers represents the increase or decrease due to these transfers.

The 'New assets originated /repayments received (net)' represent the gross carrying amount and associated allowance ECL impact from transactions within the Group's lending portfolio.

Total	(14,679.04)	(10,064.13)

30.1 Capital Reserve

Capital reserve represents the gains of capital nature which is not freely available for distribution.

30.2 Capital redemption reserve

The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

30.3 Securities premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

30.4 Statutory Reserve under Section 45-IC of the Reserve Bank of India Act, 1934

Reserve created under 45-IC(1) in The Reserve Bank of India Act, 1934 a sum not less than twenty per cent of its net profit every year as disclosed in the profit and loss account and before any dividend is declared.

30.5 Statutory Reserve under Section 29C of the Reserve Bank of India Act, 1934

In terms of Section 29C of the National Housing Bank Act, 1987 every housing finance institution which is a company is required to create a reserve fund and transfer therein a sum not less than twenty percent of its net profit every year as disclosed in the profit and loss account before any dividend is declared. Housing Finance Companies (HFCs), are permitted to withdraw from the said reserve fund, the excess amount credited (in excess of the statutory minimum of 20%) in the previous years for any business purposes subject to suitable disclosure in the balance sheet and in the case of HFCs which have transferred only the statutory minimum in the previous years to selectively permit them to withdraw from the reserve fund only for the purpose of provisioning for non-performing assets subject to the conditions that there is no debit balance in the profit and loss account and that the reason for such withdrawal are stated explicitly in the balance sheet.

30.6 Retained earnings

Retained earnings comprises of the Company's undistributed earnings after taxes.

30.7 Deemed capital contribution - Equity

Deemed capital contribution relates to share options granted to eligible employees of the Company by the parent company under its employee share option plan.

Edel Finance Company Limited

Notes to the consolidated financial statements for the year ended 31 March 2025 (Continued)

(Currency: Indian rupees in millions)

30 Other Equity (Continued)

30.8 Impairment reserve

As per the RBI circular RBI/2019-20/170 dated 13th March, 2020, where impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), NBFCs (CICs) shall appropriate the difference from their net profit or loss after tax to a separate 'Impairment Reserve'. Further, no withdrawals shall be permitted from this reserve without prior permission from the RBI.

30.9 Debenture Redemption Reserve

The Companies Act 2013 requires companies that issue debentures to create a debenture redemption reserve from annual profits until such debentures are redeemed. Company being Non Banking Financial Services (NBFS) has to maintain Debenture Redemption reserve upto 25% of the value of debentures issued through public issue. The amounts credited to the debenture redemption reserve may not be utilised except to redeem debentures. On redemption of debentures, the amount may be transferred from debenture redemption reserve to retained earnings.

30.10 Revaluation Reserve through other comprehensive income

Group has decided to change to revaluation model from cost model of accounting for a class of asset. Similarly, group entities have also changed their existing model for Flats and building to align with the Group policy.

30.11 Fair value changes on equity Instruments through Other Comprehensive Income

The Group has elected to recognise changes in the fair value of certain investments in financial instruments in other comprehensive income. These changes are accumulated within the FVOCI within equity. The Group transfers amounts from this reserve to retained earnings when the relevant financial instruments are derecognised.

44. Segment information

Primary Segment (Business segment)

The Group's business is organised and management reviews the performance based on the business segments as mentioned below:

Segment	Activities covered
Capital based business	Capital intensive business includes Lending, investing and investment property
Financing business	Retail financing
Treasury management	Interest income and trading in securities

Income for each segment has been specifically identified. Expenditure, assets and liabilities are either specifically identified with individual segments or have been allocated to segments on a systematic basis. Based on such allocations, segment disclosures relating to revenue, results, assets and liabilities have been prepared.

Secondary Segment

Since the business operations of the Group are primarily concentrated in India, the Group is considered to operate only in the domestic segment and therefore there is no reportable geographic segment

The following table gives information in terms of provisions of Accounting Standard on Segment Reporting (Ind AS 108)

Segment information	Particulars	Year Ended	
		March 31, 2025	March 31, 2024
I Segment Revenue*			
	Capital based business	15,020.93	5,299.40
	Financing business	11,199.65	5,354.60
	Treasury management	11,380.98	7,648.59
	Unallocated	90.13	96.62
	Total Income	37,691.69	18,399.21
II Segment Results (Profit/(loss) before tax)			
	Capital based business	3,723.99	(4,015.40)
	Financing business	(115.44)	184.29
	Treasury management	7,189.37	2,329.56
	Unallocated	(156.70)	(177.53)
	Profit / (Loss) before taxation	10,641.22	(1,679.08)
III Segment Assets			
	Capital based business	41,120.77	46,012.79
	Financing business	1,22,503.07	1,11,920.80
	Treasury management	19,241.46	58,314.47
	Unallocated	9,576.12	15,696.67
	Total assets	1,92,441.42	2,31,944.74
IV Segment Liabilities			
	Capital based business	70,327.46	82,353.76
	Financing business	98,289.81	81,158.30
	Treasury management	17,397.98	54,450.59
	Unallocated	569.07	524.42
	Total liabilities	1,86,584.32	2,18,487.08

*Segment revenue includes share in profit/(loss) in associates.

Return on Plan assets, excluding amount included in net interest on the net defined benefit liability/ (asset)	1.52	8.29
Changes in the effect of limiting a net defined benefit asset to the asset ceiling excluding amount included in net interest on the net defined benefit liability/ (asset)	67.82	(15.21)
Balance at end of year (Loss)/ Gain	3.98	(53.64)

Edel Finance Company Limited

Notes to the consolidated financial statements for the year ended 31 March 2025 (Continued)

(Currency : Indian rupees in millions)

b) Defined benefit plan - Gratuity (continued)

Actuarial assumptions:

The following were the principal actuarial assumptions at the reporting date:	March 31, 2025	March 31, 2024
Discount Rate	6.30% to 6.40%	6.90% to 7.00%
Salary Growth Rate	7.00%	7.00%
Withdrawal/Attrition Rate (based on categories)	16% to 31%	16% to 31%
Mortality Rate	IALM 2012-14 (Ultimate)	IALM 2012-14 (Ultimate)

Sensitivity analysis:

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

Particulars	As at March 31, 2025		As at March 31, 2024	
	Increase	Decrease	Increase	Decrease
Salary Growth Rate (+/- 1%)	9.00	(8.37)	5.40	(5.07)
Discount Rate (+/- 1%)	(8.34)	7.71	(5.02)	5.43

The above sensitivity analysis have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the reporting date. In practice, generally it does not occur. When we change one variable, it affects to others. In calculating the sensitivity, project unit credit method at the end of the reporting period has been applied.

c) Compensated absences :

The Company provides for accumulated compensated absences as at the balance sheet date using projected unit credit method based on actuarial valuation.

Edel Finance Company Limited

50. Contingent liabilities, commitments and leasing arrangements:

50.1 Contingent liabilities and commitments

a. Contingent Liability

The Group's pending litigations mainly comprise of claims against the Group pertaining to proceedings pending with Income Tax, Excise, Custom, Sales/VAT tax / GST and other authorities. The Group has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in the financial statements. The Group believes that the outcome of these proceedings will not have a materially adverse effect on the Group financial position and results of operations.

Pursuant to the Income Tax Authorities ("the ITA") investigation conducted from March 2, 2023 to March 9, 2023, the Group has received the income tax assessment orders and demand notices for the assessment year 2020-21 & 2021-22 for certain disallowances during the year to date March 31, 2025. Based on the legal opinion obtained, the Management is of the view that the demand is not sustainable and would have no material impact on financial statements and liability is considered as remote and no contingent liability is required to be disclosed. As per the Group, as at March 31, 2025, the said matter is pending at Commissioner of Income Tax (Appeals).

Details of contingent liability

Particulars	As at	As at
	March 31, 2025	March 31, 2024
Taxation matters	858.50	533.82

b. Commitment

To meet the financial needs of customers, the Group enters into various irrevocable commitments, which primarily consist of undrawn commitment to lend.

Details of commitment

Particulars	As at	As at
	March 31, 2025	March 31, 2024

- Information relating to remuneration paid to key managerial person mentioned above excludes provision made for gratuity, leave encashment and provision made for bonus which are provided for group of employees on an overall basis. These are included on cash basis. Remuneration to KMP's shall be within the limit as prescribed by the Companies act.
- Loan given/taken to/from related parties are disclosed based on the maximum of debit and credit of transaction amount and total of debit and credit of transaction amount given/taken during the reporting period.

52. Capital Management

The objective of the Group's Capital Management is to maximise shareholder value, safeguard business continuity and support the growth of its subsidiaries. The Group determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through loans and operating cash flows generated.

Edel Finance Company Limited

Notes to the consolidated financial statements for the year ended 31 March 2025 (Continued)

53. Fair Value Measurement

53.1. Valuation Principles :

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

Level 1 – valuation technique using quoted market price: financial instruments with quoted prices for identical instruments in active markets that company can access at the measurement date.

Level 2 – valuation technique using observable inputs: Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

Level 3 – valuation technique with significant unobservable inputs: Those that include one or more unobservable input that is significant to the measurement as whole.

53.2. Valuation governance :

The Group's fair value methodology and the governance over its models includes a number of controls and other procedures to ensure appropriate safeguards are in place to ensure its quality and adequacy. All new product initiatives (including their valuation methodologies) are subject to approvals by various functions of the Group including the risk and finance functions.

Where fair values are determined by reference to externally quoted prices or observable pricing inputs to models, independent price determination or validation is used. For inactive markets, Group sources alternative market information, with greater weight given to information that is considered to be more relevant and reliable.

The responsibility of ongoing measurement resides with the business and product line divisions. However Finance department is responsible for establishing procedures governing valuation and ensuring fair values are in compliance with accounting standards

53.3. Assets and liabilities by fair value hierarchy

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy. Exchange traded and OTC derivatives are at gross amount i.e. before offsetting margin money.

Particulars	31-Mar-25

53. Fair Value Measurement (Continued)

53.4. Fair valuation techniques :

Debt securities

Whilst most of these instruments are standard fixed or floating rate securities, however nifty linked debentures have embedded derivative characteristics. Fair value of these instruments is derived based on the indicative quotes of price and yields prevailing in the market as at the reporting date. Group has used quoted price of national stock exchange wherever bonds are traded actively. In cases where debt securities are not actively traded Group has used CRISIL Corporate Bond Valuer model for measuring fair value.

Security receipts

The market for these securities is not active. Therefore, the Group uses valuation techniques to measure their fair values. Since the security receipts are less liquid instruments therefore they are valued by discounted cash flow models. Expected cash flow levels are estimated by using quantitative and qualitative measures regarding the characteristics of the underlying assets including prepayment rates, default rates and other economic drivers. Securities receipts with significant unobservable valuation inputs are classified as Level 3.

Equity instruments

The majority of equity instruments are actively traded on recognised stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. Units held in funds are measured based on fund net asset value (NAV), taking into account redemption and/or other restrictions. Such NAV Such instruments are generally Level 3. Equity instruments in non-listed entities are initially measured at transaction price and re-measured at each reporting date at valuation provided by external valuer at instrument level. Such unlisted equity securities are classified at Level 3.

Units of Alternative Investment Funds and Mutual Fund.

Units held in Alternative Investment funds are measured based on fund net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are classified at Level 3.

Open-ended funds that are redeemable at any time, and that report a daily net asset value (NAV) and for which sufficient subscriptions and redemptions occur at NAV are measured at NAV and classified as level 1.

Loans measured at fair value through profit or loss

Loans are segregated, as far as possible, into portfolios of similar characteristics. Fair values are based on observable market transactions, when available. When they are unavailable, fair values are estimated using valuation models incorporating range of input assumptions. Group has determine fair value with help of internal valuation team and independent valuer on case to case basis. Valuation is based on discounted cash flow, comparable transaction market price, market research and marked trend as considered appropriate.

Derivatives

The Company enters into derivative financial instruments with various counter-parties, primarily banks with investment grade credit ratings. Derivatives valued using valuation techniques with market observable inputs are mainly interest rate swaps, exchange traded futures and options contracts. The most frequently applied valuation techniques include quoted price for exchange traded derivatives and Black Scholes models (for option valuation).

Exchange traded derivatives

Exchange traded derivatives includes index/stock options, index/stock futures, Group uses exchange traded prices to value these derivative and classify these instrument as level 1.

Edel Finance Company Limited

Notes to the consolidated financial statements for the year ended 31 March 2025 (Continued)

(Currency : Indian rupees in millions)

53. Fair Value Measurement (Continued)

53.5. Financial instruments not measured at fair value

The following table sets out the fair values of financial instruments not measured at fair value and analysing them by the level in the fair value hierarchy into which each fair value measurement is categorised. The information given below is with respect to financial assets and financial liabilities measured at amortised cost for which the fair value is different than the carrying amount. Carrying amounts of cash and cash equivalents, trade receivables, trade and other payables as on 31 March 2025 and 31 March 2024 approximate the fair value because of their short-term nature. Difference between carrying amounts and fair values of bank deposits, other financial assets and other financial liabilities is not significant in each of the years presented.

Particulars	31 March 2025				
	Total Carrying Amount	Total fair value	Level 1	Level 2	Level 3
Financial assets:					
Loans	47,678.47	51,701.66	-	-	51,701.66

53. Fair Value Measurement (Continued)

53.5 Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Group's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in notes.

Short Term Financial Assets and Liabilities

Carrying amounts of cash and cash equivalents, bank balances other than cash and cash equivalents, trade and other receivables, trade payables approximate the fair value because of their short-term nature. Difference between carrying amounts and fair values of other financial assets and other financial liabilities is not significant in each of the years presented.

Financial assets at amortised cost

The fair values financial assets measured at amortised cost are estimated using a discounted cash flow model based on contractual cash flows using actual or estimated yields and discounting by yields incorporating the counterparties' credit risk.

Issued Debt

The fair value of issued debt is estimated by a discounted cash flow model.

54. Risk Management

A. Introduction and risk profile

The Group provides a broad range of financial products and services to a substantial and diversified client base that includes corporations, institutions and individuals. The Group's products and services span multiple asset classes and consumer segments across domestic and global geographies. The Group's key lines of business can broadly be classified as below:

- 1) Capital Business (includes lending business and investment activities)
- 2) Corporate credit and retail financing

The Group's diversified business profile acts as an inherent risk management mechanism at an overall level. However, the prevailing market environment and ongoing operations expose the Group to various risks like credit risk, market risk, liquidity risk, compliance risk, and technology risk amongst others. As the Group operates various regulated businesses, it is exposed to regulatory and reputation risks also.

B. Risk Management Strategy

The strategy at an execution level is supported by -

- 1) Three-tiered risk management structure to manage and oversee risks
- 2) Board and Risk Committees to review and approve risk exposures
- 3) Risk Management framework to ensure each risk the Group is exposed to is given due importance and managed through a well-defined framework and guidelines
- 4) Standard Operating Procedures and Product approval framework to ensure risks are mitigated at operational level
- 5) Adequate segregation of duties to ensure multi-layered checks and balances
- 6) Exception reporting framework to ensure process and policy deviations are adequately addressed

C. Risk management structure

To support the risk strategy and ensure effective risk management, the Group has a "Three-tiered risk management structure" to ensure that there are enough defences available to control all types of risk issues. The risk structure is enumerated below:

- 1) Three lines of defense - for accountability, oversight, and assurance
 - Respective Businesses - the first line of defence; they own and manage risks and are responsible for implementation of the risk management framework
 - Business Risk teams - the second line of defence; they are responsible for overseeing risk events and defining the risk management framework
 - Internal audit - the third line of defence; they provide independent assurance of risk management framework implementation
- 2) Board and Risk Committees - for overseeing the risk management. The current Risk Management Committees are
 - Board Risk Committee
 - Investment and Credit Committees

Edel Finance Company Limited

Notes to the consolidated financial statements for the year ended 31 March 2025 (Continued)

(Currency : Indian rupees in millions)

54. Risk Management (continued)

The Board Risk Committee is the overseeing body for Risk Management. The Committee meets at regular intervals to review the risk profile of the Company.

The Investment and Credit Committee serve as the nodal bodies for all credit related decisions. Respective businesses have formulated its own Investment and Credit Committees depending upon the scale of the exposure.

D. Risk management framework

The businesses in the Group have a Risk Framework, which describes the risk management approach and provides clear accountability for managing risk considered appropriate for the Business. The framework is subject to continuous evaluation based on existing internal as well external environment.

The current risk framework covers :

- Business Risk
- Credit Risk
- Market Risk
- Liquidity Risk
- Regulatory Risk
- Reputation Risk
- Technology Risk
- Operational and Process Risk
- Fraud Risk
- People Risk
- Physical Infrastructure Risk

The Businesses in the Group use different types of tools and techniques for mitigating risk, depending upon the type of risk and quantum. For example:

- Financial risks are mitigated through counterparty and client assessment before any exposure is taken, and defined product/program level risk limits to ensure exposure does not exceed risk appetite. The Committee based approval mechanism is adopted to ensure that high exposures are approved with adequate representation and that there is no bias in approvals.
- Non-financial risks viz technology, operational, fraud, etc. are mitigated through process documentation defining clear ownership for each activity, having adequate system/process level controls like maker-checker, reconciliation, testing and reviews
- Enterprise level risks viz. reputation, compliance, regulatory, etc. are controlled through policies and framework, educating employees through training and risk socialisation sessions.

E. Excessive risk concentration

The relevant businesses in the Group have diversified business model which acts as an inherent mechanism to avoid excessive concentrations of risk.

Single and Group level borrower limits for wholesale lending and program level limits for retail lending have been defined to avoid excess credit concentration. The relevant businesses in the Group monitor these limits as part of its regular monitoring activity. Additionally, the risk team of respective businesses in the Group keep track of Group, Industry, Collateral, Geography level exposure concentrations. These concentrations are periodically reviewed by the business entities in the Group and discussed in their Credit/Risk Committee, so as to avoid further exposures or reduce exposures to sector/industry/group/geography.

Edel Finance Company Limited

Notes to the consolidated financial statements for the year ended 31 March 2025 (Continued)

(Currency : Indian rupees in millions)

54. Risk Management

54.D.1 Credit Risk

Credit risk is the risk of financial loss the Group may face due to current/potential inability or unwillingness of a customer or counterparty to meet financial /contractual obligations. Credit risk also covers the possibility of losses associated with diminution in the credit quality of borrowers or counterparties. Group carries out proper due diligence before underwriting creditworthy counterparties and obtains sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. In case the loans are to be restructured, similar credit assessment process is followed by the Business in the Group.

The Business in the Group manages its credit risk through a multi-layered approach as given below:

1) Review by the respective Board Risk

2) The Investment Committees (IC) for approving all credit related decisions, beyond certain levels delegated to Credit Committees. Further, individual loan specific limits as well as concentration limits are also approved by the IC and reviewed on a periodic basis;

3) Respective Business risk team is responsible for industry and portfolio level monitoring and stress testing;

4) Business risk also does day to day client level monitoring; and

5) Independent verification of all client accounts, adherence to policies and frameworks are carried out by internal audit team.

The counterparty, client assessment is done before any exposure is taken. Assessment covers all the aspects of risk like Borrower profile, financials, and adequacy of collateral, promoter strength, repayment capability and cash flow generation. Discussions are held with independent risk and compliance teams both at Business in the Group before the credit proposals are put forward to the Committees for approval. The Business in the Group have committee-based approval process mechanism to ensure high exposures are approved with adequate representation from Compliance, Credit, Legal and other relevant teams and there is no biasness.

The Credit monitoring is very important part of managing credit risk. Accordingly, the Business in the Group have independent monitoring of credit exposures and associated risks.

The Business in the Group applies the expected credit loss model for recognising impairment loss. For the purpose of measuring lifetime expected credit loss ('ECL') the relevant Business in the Group has used practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information.

The expected credit loss is a product of exposure at default, probability of default and loss given default. The Business in the Group have devised an internal model to evaluate the probability of default and loss given default based on the parameters set out in Ind AS 109. Loans are classified into various stages for different type of business.

The relevant Business in the Group determine that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used.

Credit loss is the difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR (or credit-adjusted EIR for purchased or originated credit impaired financial assets). Expected Credit Loss computation is not driven by any single methodology, however methodology and approach used must reflect the following:

- An unbiased and probability weighted amount that evaluates a range of possible outcomes;
- Reasonable and supportable information that is available without undue cost and effort at the reporting date about past events, current conditions and forecasts of future economic conditions;
- The time value of money.

While the time value of money element is currently being factored into ECL measurement while discounting cash flows by the Effective Interest Rate (EIR), the objective of developing a macroeconomic model using exogenous macroeconomic variables (MEVs) is to address the first two requirements. This is achieved by using the model output to adjust the PD risk component in order to make it forward looking and probability weighted.

The relevant Business in the Group have internal grading that is based on days past due (dpd) as specified below:

Internal rating grade	Internal grading description	Stages
Performing		
High grade	0 dpd* to 30 dpd*	Stage 1
Standard grade	31 to 90 dpd*	Stage 2
Non-performing		
Individually impaired	90+ dpd*	Stage 3

* dpd indicates days past due.

Edel Finance Company Limited

Notes to the consolidated financial statements for the year ended 31 March 2025 (Continued)

(Currency : Indian rupees in millions)

54. Risk Management (continued)

54.D.1 Credit Risk (continued)

Significant increase in credit risk (SICR)

In all cases when the borrower becomes 90 days past due, Business in the Group considers a financial instrument as default category and classify such financial instrument as Stage 3 (credit-impaired) for ECL calculations. Classification of assets from stage 1 to stage 2 is carried out based on SICR criterion. The Financial Instrument (Customer accounts) which are more than 30 days past due have been identified as accounts where significant increase in credit risk has been observed. These Financial Instrument (Customer accounts) have been classified as Stage 2 assets. As a part of a qualitative assessment of whether a customer is in default, the Business in the Group also considers a variety of instances that may indicate unlikelihood to pay. When such events occur, the Business in the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate.

Probability of Default

Probability of Default (PD) is an estimate of likelihood of default over a given time horizon. PD estimation process is done based on historical internal data available with the relevant Business in the Group. While arriving at PD, the relevant Business in the Group also ensures that the factors that affects the macro-economic trends are considered to a reasonable extent, wherever necessary. The Business in the Group calculates 12 months PD by taking in account the past historical trends of loan portfolio and its credit performance. In case of assets where there is significant increase in credit risk/credit impaired assets, lifetime PD has been applied.

Loss Given Default (LGD)

The LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money. The Loss Given Default (LGD) has been computed with workout methodology. Workout LGD is widely considered to be the most flexible, transparent and logical approach to build an LGD model. Along with actual recoveries, value of the underlying collateral has been factored in to estimate future recoveries in LGD computation. Workout LGD computation involves the actual recoveries as well as future recoveries (as a part of the workout process) on a particular facility, as a percentage of balance outstanding at the time of Default/Restructuring. The assessment of workout LGD was then performed. Principal outstanding at NPA was assessed, which went into the denominator of the LGD calculation. LGD computation has been done for each segment and sub-segment separately.

Exposure at Default (EAD)

The amount which the borrower will owe to the portfolio at the time of default is defined as Exposure at Default (EAD). While the drawn credit line reflects the explicit exposure for the Business in the Group, there might be variable exposure that may increase the EAD. These exposures are of the nature where the Business in the Group provides future commitments, in addition to the current credit. Therefore, the exposure will contain both on and off balance sheet values. The value of exposure is given by the following formula:

$$\text{EAD} = \text{Drawn Credit Line} + \text{Credit Conversion Factor} * \text{Undrawn Credit Line}$$

Where,

Drawn Credit Line = Current outstanding amount

Credit Conversion Factor (CCF) = Expected future drawdown as a proportion of undrawn amount

Undrawn Credit Line = Difference between the total amount which the Group has committed and the drawn credit line While the drawn exposure and limits for the customer are available, the modelling of CCF is required for computing the EAD

Edel Finance Company Limited

54. Risk Management (continued)

54.D.2 Risk Concentration

Forward looking adjustments

"A measure of ECL is an unbiased probability-weighted amount that is determined by evaluating a range of possible outcomes and using reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions."

To fulfil the above requirement Group has incorporated forward looking information into its measurement of ECL. The objective of developing a macroeconomic model using exogenous macroeconomic variables (MEVs) is to address the requirements of unbiased, probability weighted outcomes while taking into account current conditions as well as future economic conditions. This will be achieved by using the model output to adjust the PD risk component in order to make it forward looking and probability-weighted.

Exogenous macroeconomic parameters were used as independent (X) variables to predict the dependent (Y) variable. Keeping in mind Ind AS requirements around obtaining reliable and supportable information, without incurring undue cost or effort- based on advice of risk committee members and economic experts and consideration of a variety of external actual and forecast information, the Group formulates base case view of the future direction of relevant economic variable as well as a representative range of other possible forecast scenario. This process involves developing two or more additional economic scenarios and considering the relative probabilities of each outcome.

Data sourcing

The Group is expected to obtain reasonable and supportable information that is available without undue cost or effort. Keeping in mind the above requirement macroeconomic information was aggregated from Economic Intelligence Unit (EIU), Bloomberg, World Bank, RBI database. The EIU data has a database of around 150 macroeconomic variables as well as their forecasted values. Beyond 2022 macro-economic variables are forecasted by mean reverting the values to their long term average. External information includes economic data and forecasts published by governmental bodies and monetary authorities in the country, supranational organisations such as the OECD and the IMF, and selected private sector and academic forecasters.

Probability weighted scenario creations:

To incorporate macroeconomic impact into probability-weighted, each scenario has an associated probability. In order to ensure consistency across macroeconomic models, these probabilities were calculated at an overall level for both Retail and Non-Retail portfolios, keeping in mind that though the impact of a scenario across different portfolios may differ based on endogenous factors, the probability of a scenario unfolding is purely exogenous, and hence should not vary.

The Business in the Group has identified and documented key drivers of credit risk and credit losses for each portfolio of financial instruments and using an analysis of historical data, has estimated relationship between macro-economic variables and credit risk and credit losses

Predicted relationship between the key indicators and default and loss rates on various portfolios of financial assets have been developed based on analysing historical data over the past 5 years.

54. Risk Management (Continued)

54.E Liquidity Risk

Liquidity risk is defined as the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Group might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances.

Group has a Liquidity Contingency Policy in place to ensure various liquidity parameters are defined and tracked regularly. Liquidity Management Team is provided with update on expected liquidity shortfalls in Normal as well as Stress scenario.

To manage the stressed circumstances the Group has ensured maintenance of a Liquidity Cushion in the form of Investments in Government Securities, Mutual Funds and Quoted Equity Shares. These assets carry minimal credit risk and can be liquidated in a very short period of time. A liquidity cushion amounting to 5-9% of the borrowings is sought to be maintained through such assets. These would be to take care of immediate obligations while continuing to honour our commitments as a going concern. There are available lines of credit from banks which are drawable on notice which further augment the available sources of funds. Funding is raised through diversified sources including Banks, Private issue of Debt, Sub Debt etc to maintain a healthy mix.

As at March 31, 2025 - Analysis of financial liabilities, financial assets, derivatives and financial commitments by remaining contractual maturities

54. Risk Management (continued)

54.F Market Risk (continued)

Interest Rate Risk

The principal risk to which non-trading portfolios are exposed is the risk of loss from fluctuations in the future cash flows or fair values of financial instruments because of a change in market interest rates. Interest rate risk is managed principally through monitoring interest rate gaps and by having pre-approved limits for repricing bands.

ALCO is the monitoring body for compliance with these limits. ALCO reviews the interest rate gap statement and the mix of floating and fixed rate assets and liabilities. Balance Sheet Management Unit is in-charge for day to day management of interest rate risk.

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The Board has established limits on the non-trading interest rate gaps for stipulated periods. The Group's policy is to monitor positions on a daily basis and hedging strategies are used to ensure positions are maintained within the established limits.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being constant) of the Group's statement of profit and loss and equity. The sensitivity of the statement of profit and loss is the effect of the assumed changes in interest rates on the profit or loss for a year, based on the floating rate non-trading financial assets and financial liabilities held at March 31, 2025 and at March 31, 2024

Interest rate sensitivity

2024-25						
	Increase in %	Effect on profit before tax	Effect on Equity	Decrease in %	Effect on profit before tax	Effect on Equity
INR	0.25	20.53	20.04	0.25	(20.53)	(20.04)
INR	5.00	(235.89)	-	5.00	235.89	-
2023-24						
	Increase in %	Effect on profit before tax	Effect on Equity	Decrease in %	Effect on profit before tax	Effect on Equity
INR	0.25	(93.84)	18.54	0.25	93.84	(18.54)
INR	5.00	(125.82)	-	5.00	125.82	-

Currency Risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings.

The table below indicates the currencies to which the Group had significant exposure at the end of the reported periods. The analysis calculates the effect of a reasonably possible movement of the currency rate against the INR (all other variables being constant) on the statement of profit and loss (due to the fair value of currency sensitive non-trading monetary assets and liabilities) and equity (due to the change in fair value of currency swaps and forward foreign exchange contracts used as cash flow hedges).

2024-25						
	Increase in %	Sensitivity of Profit	Sensitivity of Equity	Decrease in %	Sensitivity of Profit	Sensitivity of Equity
USD	5.00	0.18	-	5.00	(0.18)	-
Others	5.00	5.79	-	5.00	(5.79)	-
2023-24						
	Increase in %	Sensitivity of Profit	Sensitivity of Equity	Decrease in %	Sensitivity of Profit	Sensitivity of Equity
USD	5.00	0.10	0.10	5.00	(0.10)	(0.10)

54.G Total market risk exposure

Fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. The Company classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios separately. Such risks the market risk for the trading portfolio is managed and monitored based on a VaR methodology that reflects the interdependency between risk variables. Non-trading positions are managed and monitored using other sensitivity analysis.

(Currency : Indian rupees in millions)

58.7. Undisclosed income

The Group does not have any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

58.8. The Group is in compliance with number of layers of companies, as prescribed under clause (87) of section 2 of the Companies Act, 2013 read with the Companies (Restriction on number of Layers) Rules, 2017.

58.9. Details of Crypto Currency or Virtual Currency

The Group has not traded or invested in Crypto Currency or Virtual Currency during the financial year.

59. Other disclosure

59.1 Nuvama Clearing Services Limited (NCSL), a former associate, received a show cause notice and order from NSE Clearing Ltd (NCL) in the matter of Anugrah Stock and Broking Pvt. Ltd and Vrise Securities Pvt. Limited. Securities Appellate Tribunal (SAT) has upheld NCL order on 15 December 2023. NCSL has appealed against the SAT order at the Supreme Court of India, asserting compliance with all relevant laws and regulations. The appeal is in the process of admission with the Supreme Court of India. The Company has obtained legal opinion on the matter and the Company believes that the NCSL will receive a favourable order in this regard. Accordingly, there is no adjustment required in the Consolidated Financial Statements of the Group.

59.2 During the year, ECap Equities Limited (Ecap), a subsidiary of the Company, entered into an amended agreement dated February 27, 2025. Under this agreement, in the event that the majority investors in a specific Alternative Investment Fund (AIF) do not achieve the agreed Internal Rate of Return (IRR), Ecap is obligated to either facilitate the sale of the underlying assets to a third-party buyer or acquire the assets itself to ensure the agreed IRR is delivered. Based on the management's assessment and current estimates of cash flows from the underlying assets, the likelihood of any shortfall requiring such a payout is considered remote.

59.3 During the year, the RBI lifted restrictions on one of the subsidiary i.e. ECLF. Further, ECLF received the RBI inspection report for FY 2023-24 and implemented the necessary actions. Also, in the current year, ECLF has valued its Security Receipts based on IRAC loan norms and reassessed ECL, resulting to a provision of Rs. 11,372 millions in the financial statements through other comprehensive income.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Edel Finance Company Limited**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Edel Finance Company Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2025, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Key audit matters	How our audit addressed the key audit matter
(a) Impairment of investments in subsidiary and other group companies (as described in Note 10.A, 10.B and 10.C of the Standalone financial statements)	
The Company is a Core Investment Company (CIC) registered with the Reserve Bank of India (RBI) and has investments in subsidiary amounting to Rs. 59,673.89/- million in form of equity shares, compulsorily convertible preference shares and compulsorily convertible debentures. The Company has also invested in form of equity shares of Rs. 9,650.60/- million in other group companies. These investments are valued at cost and are required to be assessed for impairment in accordance with Ind AS 36, when any indicators of impairment are observed. In carrying out such impairment assessment, a significant judgement of the management is involved in estimating the investee company's "value in use" in accordance with Ind AS 36. Estimation of the value in use requires the management to apply appropriate assumptions with respect to the growth rates for future cash flow projections of the investee company and discount rates for determining present value of such cash flows. We have considered impairment testing of Investments in subsidiary and other group companies as a key audit matter in view of the high degree of management's judgement involved in estimation of the recoverable amount of investments in subsidiaries and the inherent uncertainty relating to the assumptions supporting such estimates.	Our audit procedures included considering the appropriateness of the processes laid down by the management for assessment of impairment in the value of investments in subsidiary and other group companies combined with procedures performed as follows: • We have considered management's assessment of impairment wherever considered necessary and assessed whether any impairment indicators existed for investment in individual subsidiary and other group companies. • We traced the net-worth of the individual subsidiary and other group companies from their audited financial statements. • We assessed the disclosures relating to investments in subsidiary and other group companies included in the Standalone financial Statements in accordance with the requirements of Ind AS

We have determined that there are no other key audit matters to communicate in our report.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended/ Companies (Accounting Standards) Rules, 2021 specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The financial statements of the Company for the year ended March 31, 2024, included in these financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those statements on 10th May, 2024

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended ;
 - e. On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - g. In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid / provided for by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Companies Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 37 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the note 43 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds by the Company to or in any other persons or entities including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or

entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries

b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the note 43 to the standalone financial statements, no funds have been received by the company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on such audit procedures that were considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

- v. No dividend has been declared or paid during the year by the Company.
- vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally the audit trail has been preserved by the company as per the statutory requirement for record retention.

Annexure 1 Referred to in Paragraph 1 Under the Heading “Report on Other Legal and Regulatory Requirements” of Our Report of Even Date

Re: Edel Finance Company Limited

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and other intangible assets.
- (b) The Property, Plant and Equipment are physically verified by the Management according to a regular program of verification according to which verification is done every 3 years which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets.
- (c) According to the information and explanations given to us and the records of the company examined by us, the title deeds of the immovable properties included in property, plant and equipment are held in the name of the company
- (d) The Company has not revalued its Property, Plant and Equipment or intangible assets during the year.
- (e) Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.
- ii. (a) Based on our examination of documents and records, the Company did not own any physical inventory at any time during the year. Accordingly, clause 3(ii)(a) of the Order is not applicable to the Company.
- (b) During the year, the company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate from banks and financial institutions on the basis of security of current assets and accordingly, the requirement to report under this clause is not applicable to the company.
- iii. (a) Company is a Core Investment Company and hence reporting under clause 3(iii)(a) of the order is not applicable
- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, we are of the opinion that the terms and conditions of the loans given are, prima facie, not prejudicial to the interest of the Company.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given.
- (e) The Company is a Core Investment Company and hence reporting under clause 3(iii)(e) of the order is not applicable.

- (f) According to the information and explanations given to us and on the basis of our examination of the records, the Company has not given any loans either repayable on demand or without specifying any terms or period of repayment.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. The company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Companies Act and the Rules framed there under to the extent notified.
- vi. Having regard to the nature of the Companies' business activities, reporting under clause CARO 2020 relating to maintenance of cost records under section 148(1) of the Act is not applicable to the Company.
- vii. (a) According to the information and explanations given to us and the records of the company examined by us, in our opinion, the company has generally been regular in depositing the undisputed statutory dues, including provident fund, income tax, cess, goods and service tax and other material statutory dues, as applicable, with the appropriate authorities.
- (b) According to the information and explanations given to us and the records of the company examined by us, Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2025 on account of disputes are given below:

Name of Statute	Nature of Dues	Amount under dispute (in million)	Amount paid	Period to which it relates (Assessment Year)	Forums where dispute is pending
Income tax Act 1961	Income Tax	123.97	37.68	2014-15	CIT(A)
Income tax Act 1961	Income Tax	0.34	-	2016-17	Assessing Officer
Income tax Act 1961	Income Tax	73.44	-	2019-20	Assessing Officer
Income tax Act 1961	Income Tax	294.46	-	2020-21	CIT(A)
Income tax Act 1961	Income Tax	82.39	-	2021-22	CIT(A)

- viii. According to the information and explanations given to us and the records of the company examined by us, there is no income surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.
- ix. (a) According to the records of the company examined by us and the information and explanation given to us, the company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender as at the balance sheet date.

- (b) According to the information and explanations given to us and based on our audit procedures, we report that the company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) According to the records of the company examined by us and the information and explanation given to us, term loans were applied for the purpose for which the loans were obtained.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the company, we report that no funds raised on short-term basis have been used for long-term purposes by the company.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the company, we report that the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
- x. (a) The company has not raised any money by way of initial public offer or further public offer (Including debt instruments) during the year. Accordingly, the reporting under Clause (x)(a) of the Order are not applicable to the Company.
- (b) The Company has not made any preferential allotment of preference shares during the year. Accordingly, the requirements of Section 42 of the Act are not applicable to the company.
- xi. (a) During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the company or on the company, noticed or reported during the year, nor have we been informed of any such case by the Management.
- (b) During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, report under section 143(12) of the Act, in Form ADT-4 was not required to be filed. Accordingly, the reporting under Clause (xi)(b) of the Order are not applicable to the company.
- (c) During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, and as represented to us by the management, no whistle-blower complaints have been received during the year by the company. Accordingly, the reporting under Clause (xi)(c) of the Order is not applicable to the company.
- xii. As the company is not a Nidhi Company and the Nidhi Rules, 2024 are not applicable to it, the provisions of Clause (xii) of the Order are not applicable to the company.

- xiii. The company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard (Standalone Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.
- xiv. a) In our opinion and according to the information and explanation given to us, there is internal audit system commensurate with the size and nature of its business and
- b) The reports of the Internal Auditors for the period under audit were considered by us.
- xv. The company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause (xv) of the Order are not applicable to the company
- xvi. (a) According to the information and explanations given to us, we report that the Company being a CIC company has registered under section 45-IA of the Reserve Bank of India Act, 1934.
- (b) The company has conducted non-banking financial Core Investment company (CIC) activities with a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act 1934 during the year.
- (c) According to the information and explanations given to us and based on books and records verified by us the Company is a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India and the Company continues to fulfill the criteria of a CIC.
- (d) Based on the information and explanations provided by the management of the Company, the Group does not have any other CIC other than the Company.
- xvii. The Company has not incurred cash losses in the current financial year as compared to cash loss of Rs 304.94 crores in the immediately preceding financial year.
- xviii. During the year there was a change in auditor of the company as the tenure of the previous auditor had come to an end under the provisions of the act. No concern raised by the previous auditor.
- xix. According to the information and explanations given to us and on the basis of the financial ratio ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

- xx. In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of section 135 of the Act pursuant to any project. Accordingly, clauses (xx) (a) and (xx) (b) of the Order are not applicable.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statement of the Company. Accordingly, no comment in respect of the said clause has been included in this report.

Annexure 2 to the Independent Auditor's Report of Even Date on the Standalone Financial Statements of Edel Finance Company Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting with reference to standalone financial statements of **Edel Finance Company Limited** ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statement included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls with Reference to these Financial Statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance

with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Edel Finance Company Limited

Notes to the financial statements for the year ended March 31, 2025

1. Corporate information:

Edel Finance Company Limited ('the Company') a public limited company domiciled and incorporated under the provisions applicable in India under the Companies Act, 1956. The Company was incorporated on October 16, 1989 and is wholly owned subsidiary of Edelweiss Financial Services Limited.

The Company was primarily engaged in the business of lending and investment and is registered with the Reserve Bank of India ('RBI') as a Systematically Important Non-Deposit taking Non-Banking Financial Company (NBFC-ND-SI). Company got converted to Core Investment Company ('CIC') as NBFC-CIC-ND-SI on 09th October, 2018.

2. Basis of preparation:

The standalone financial statements (also referred to as "financial statements") of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

These financial statements have been prepared on a historical cost basis, except for certain financial instruments such as, derivative financial instruments, and other financial instruments held for trading, which have been measured at fair value. The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest million, except when otherwise indicated.

3. Presentation of financial statements:

The Company presents its balance sheet in order of liquidity in compliance with the Division III of the Schedule III to the Companies Act, 2013.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and or its counterparties

Derivative assets and liabilities with master netting arrangements [e.g. ISDAs (International Swaps and Derivatives Association)] are only presented net when they satisfy the eligibility of netting for all of the above criteria and not just in the event of default.

4. Material accounting policies

4.1 Recognition of interest income and dividend income

4.1.1 Effective interest rate (EIR):

Under Ind AS 109 interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost and debt instrument measured at FVOCI. The EIR is the rate that exactly discounts estimated future cash flows through the expected life of the financial instrument or, when appropriate a shorter period to the gross carrying amount of financial instrument.

The EIR is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Company recognises interest income using a rate of return

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

that represents the best estimate of a constant rate of return over the expected life of the financial asset. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle including prepayments penalty interest and charges. If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income.

4.1.2 Interest income:

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Company calculates interest income by applying the EIR to the amortised cost (net of expected credit loss) of the financial asset. If the financial assets cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

Penal interest income on delayed EMI or pre EMI is recognised on receipt basis.

4.1.3 Dividend income:

The Company recognised dividend income when the Company's right to receive the payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

4.1.4 Fee and Commission Income:

Fee and commission income include fees other than those that are an integral part of EIR. The Company recognises the fee and commission income in accordance with the terms of the relevant contracts / agreement and when it is probable that the Company will collect the consideration.

4.1.5 Other Income

Other Income represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract. Other ancillary charges are recognized upon realisation.

4.2 Financial instruments:

4.2.1 Date of recognition:

Financial assets and liabilities with exception of loans and borrowings are initially recognised on the trade date, i.e. the date the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. Loans are recognised when funds are transferred to the customers' account. The Company recognises borrowings when funds are available for utilisation to the Company.

4.2.2 Initial measurement of financial instruments:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

4.2.3 Day 1 profit and loss:

When the transaction price of the financial instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in profit or loss when the inputs become observable, or when the instrument is derecognised.

4.2.4 Classification & measurement categories of financial assets and liabilities:

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The changes in carrying value of financial assets is recognised in profit and loss account.

Sale that occur for below reason are considered as consistent with business model whose objective is to hold financial assets in order to collect contractual cash flows

- If those sales are infrequent (even if significant in value) or insignificant in value both individually and in aggregate (even if frequent).
- If such sales are made close to maturity of financial asset and proceeds from sale approximate the collection of the remaining contractual cash flow
- Selling a financial asset because of significant increase in credit risk.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The changes in fair value of financial assets is recognised in Other Comprehensive Income.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL. The Company measures all financial assets classified as FVTPL at fair value at each reporting date. The changes in fair value of financial assets is recognised in Profit and loss account.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

4.3 Financial assets and liabilities:

4.3.1 Amortized cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

4.3.2 Financial assets held for trading:

The Company classifies financial assets as held for trading when they have been purchased primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is evidence of a recent pattern of short-term profit taking. Held-for-trading assets are recorded and measured in the balance sheet at fair value. Changes in fair value are recognised in net gain on fair value changes.

4.3.3 Investment in equity instruments:

The Company subsequently measures all equity investments (other than subsidiaries, associates, and other group companies) at fair value through profit or loss, unless the management has elected to classify irrevocably some of its strategic equity investments to be measured at FVTOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis. Investments in subsidiaries and associates are carried at cost as permitted under Ind AS 27 (Separate Financial Statements). The investment in other group companies are carried at cost less provision for impairment. (subsidiaries, associates, and other group companies).

4.3.4 Financial liabilities:

All financial liabilities are measured at amortised cost except loan commitments, financial guarantees, and derivative financial liabilities.

4.3.5 Derivative financial instruments:

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate, market risks.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

4.3.6 Debt securities and other borrowed funds:

The Company measures debt issued and other borrowed funds at Amortised cost at each reporting date. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the EIR.

The Company issues certain non-convertible debentures, the return of which is linked to performance of specified indices over the period of the debenture. Such debentures have a component of an embedded derivative which is fair valued at a reporting date. The resultant 'net unrealised loss or gain' on the fair valuation of these embedded derivatives is recognised in the statement of profit and loss. The debt component of such debentures is measured at amortised cost using yield to maturity basis.

4.3.7 Financial assets and financial liabilities at fair value through profit or loss:

Financial assets and financial liabilities in this category are those that are not held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109. Management only designates an instrument at FVTPL upon initial recognition when one of the following criteria are met. Such designation is determined on an instrument-by-instrument basis.

- The designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis; or
- The liabilities are part of a group of financial liabilities, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy; or
- The liabilities containing one or more embedded derivatives, unless they do not significantly modify the cash flows that would otherwise be required by the contract, or it is clear with little or no analysis when a similar instrument is first considered that separation of the embedded derivative(s) is prohibited.

Financial assets and financial liabilities at FVTPL are recorded in the balance sheet at fair value. Changes in fair value are recorded in profit and loss with the exception of movements in fair value of liabilities designated at FVTPL due to changes in the Company's own credit risk. Such changes in fair value are recorded in the own credit reserve through OCI and do not get recycled to the profit or loss. Interest earned or incurred on instruments designated at FVTPL is accrued in interest income or finance cost, respectively, using the EIR, taking into account any discount/ premium and qualifying transaction costs being an integral part of instrument. Interest earned on assets mandatorily required to be measured at FVTPL is recorded using contractual interest rate.

4.3.8 Financial liabilities and equity instruments

Financial instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

4.4 Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. The Company didn't reclassify any of its financial assets or liabilities in current period and previous period.

4.5 Derecognition of financial Instruments:

4.5.1 Derecognition of financial asset

A financial asset (or, where applicable a part of a financial asset or a part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, and only if, either

- The Company has transferred the rights to receive cash flows from the financial asset or
- It retains the contractual rights to receive the cash flows of the financial asset, but assumed a contractual obligation to pay the cash flows in full without material delay to third party under pass through arrangement.

Pass-through arrangements are transactions whereby the Company retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), when all of the following conditions are met:

- The Company has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates.
- The Company cannot sell or pledge the original asset other than as security to the eventual recipients.

The Company has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Company is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer only qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset; or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

The Company also derecognises a financial asset, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new financial asset, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

recorded. The newly recognised financial assets are classified as Stage 1 for ECL measurement purposes, unless the new financial asset is deemed to be POCL.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Company records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

4.5.2 Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid, including modified contractual cash flow recognised as new financial liability, is recognised statement of profit and loss.

4.6 Impairment of financial assets:

The Company records provisions based on expected credit loss model ("ECL") on all loans, other debt financial assets measured at amortised cost together with undrawn loan commitment and financial guarantee contracts, in this section all referred to as "Financial instrument". Equity instruments are not subject to impairment.

ECL is a probability-weighted estimate of credit losses. A credit loss is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive discounted at the original effective interest rate. Because ECL consider the amount and timing of payments, a credit loss arises even if the entity expects to be paid in full but later than when contractually due.

Simplified approach

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on portfolio of its receivables. The provision matrix is based on its historically observed default rates over the expected life of the receivables. However, if receivables contain a significant financing component, the Company chooses as its accounting policy to measure the loss allowance by applying general approach to measure ECL.

General approach

For all other financial instruments, the Company recognises lifetime ECL when there has been a significant increase in credit risk (SICR) since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses (12m ECL). The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of an evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12m ECL represents the portion of lifetime ECL

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The measurement of expected credit losses is a function of the probability of default (PD), loss given default (LGD) (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. As for the exposure at default (EAD), for financial assets, this is represented by the assets' gross carrying amount at the reporting date; for loan commitments and financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Company's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

The Company provides for expected credit loss on group loans based on its estimates of credit assessment on such loans subject to minimum 0.40% on all group loans as per Company estimates and RBI IRACP prudential norms.

Company categorises its financial assets as follows:

Stage 1 assets:

Stage 1 assets includes financial instruments that have not had a significant increase in credit risk since initial recognition or that have low credit risk at the reporting date. For these assets, 12-month ECL (resulting from default events possible within 12 months from reporting date) are recognised.

Stage 2 assets:

Stage 2 Assets includes financial instruments that have had a significant increase in credit risk since initial recognition. For these assets lifetime ECL (resulting from default events possible within 12 months from reporting date) are recognised.

Stage 3 assets:

Stage 3 for Assets considered credit-impaired the Company recognises the lifetime ECL for these loans. The method is similar to that for Stage 2 assets, with the PD set at 100%.

The ongoing assessment of whether a significant increase in credit risk has occurred for working capital facilities is similar to other lending products. The interest rate used to discount the ECLs for working capital facilities is based on the average effective interest rate that is expected to be charged over the expected period of exposure to the facilities.

Company recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

The expected credit losses on the loan commitment have been recognised together with the loss allowance for the financial asset.

The Company's product offering includes a working capital facilities with a right to Company to cancel and/or reduce the facilities with one day's notice. The Company does not limit its exposure to credit losses to the contractual notice period, but, instead calculates ECL over a period that reflects the Company's expectations of the customer behaviour, its likelihood of default and the Company's future risk mitigation procedures, which could include reducing or cancelling the facilities.

4.7 Collateral valuation:

To mitigate its credit risks on financial assets, the Company seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit /guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

agreements. Collateral, unless repossessed, is not recorded on the Company's balance sheet. However, the fair value of collateral affects the calculation of ECLs. It is generally assessed, at a minimum, at inception and re-assessed on a quarterly basis. However, some collateral, for example, securities relating to margin requirements, is valued daily.

To the extent possible, the Company uses active market data for valuing financial assets held as collateral. Other financial assets which do not have readily determinable market value are valued using models. Non-financial collateral, such as real estate, is valued based on data provided by third parties such as mortgage brokers, or based on housing price indices.

4.8 Write-offs:

Financial assets are written off either partially or in their entirety only when the Company has no reasonable expectation of recovery.

4.9 Determination of fair value:

The Company measures financial instruments, such as, derivatives at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either;

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments:

Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments:

Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

Level 3 financial instruments:

Those that include one or more unobservable input that is significant to the measurement as whole. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

whole) at the end of each reporting period. The Company periodically reviews its valuation techniques including the adopted methodologies and model calibrations.

Therefore, the Company applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments.

The Company evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

4.10 Leases:

Company as a lessee:

The Company has applied Ind AS 116 using the partial retrospective approach.

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company applies a single recognition and measurement approach for all leases except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right of use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

Lease liability

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short term lease:

The Company has elected not to recognise right of use asset and lease liabilities for short term leases of property that has lease term of 12 months or less. The Company recognises lease payment associated with these leases as an expense on a straight line basis over lease term.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

4.11 Earnings per share:

Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all potential equity shares.

4.12 Foreign currency transaction:

The Standalone Financial Statements are presented in Indian Rupees which is also functional currency of the Company. Transactions in currencies other than Indian Rupees (i.e. foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

4.13 Retirement and other employee benefit:

4.13.1 Provident fund:

The Company contributes to a recognised provident fund and national pension scheme which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognised in the statement of profit and loss.

4.13.2 Gratuity:

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method. Benefits in respect of gratuity are funded with an Insurance Company approved by Insurance Regulatory and Development Authority (IRDA).

Re-measurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Remeasurement are not reclassified to profit or loss in subsequent periods.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

4.13.3 Compensated absences:

The eligible employees of the Company are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Company recognises the charge in the statement of profit and loss and corresponding liability on such non-vesting accumulated leave entitlement based on a valuation by an independent actuary. The cost of providing annual leave benefits is determined using the projected unit credit method.

4.13.4 Employee Stock Option Plans (ESOPs) / Stock Appreciation Rights (SARs):

The Holding Company (Edelweiss Financial Services Limited ("EFSL")) has Employee Stock Option Plans and Stock Appreciation Rights in force. Based on such schemes, parent entity has granted an ESOP/SAR option to acquire equity shares of EFSL that would vest in a graded manner to company's employees. Based on group policy / arrangement, EFSL has charged the fair value of such stock options, Company has accepted such cross charge and recognised the same under the employee cost.

4.14 Property, plant and equipment:

Property plant and equipment is stated at cost excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are recognized in profit or loss during the reporting period, in which they are incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives. Depreciation is provided on a written down value basis from the date the asset is ready for its intended use or put to use whichever is earlier. In respect of assets sold, depreciation is provided upto the date of disposal.

As per the requirement of Schedule II of the Companies Act, 2013, the Company has evaluated the useful lives of the respective fixed assets which are as per the provisions of Part C of the Schedule II for calculating the depreciation. The estimated useful lives of the fixed assets are as follows:

Nature of assets	Estimated useful lives
Building (other than factory building)	60 years
Vehicles	8 years
Office equipment	5 years
Computers - servers and networks	6 years
Computers - end user devices, such as desktops, laptops, etc.	3 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

4.15 Intangible assets:

Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortization and impairment, if any. Intangibles such as software are amortised over a period of 3 years based on its estimated useful life.

4.16 Impairment of non-financial assets:

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment is reversed subject to a maximum carrying value of the asset before impairment.

4.17 Provisions and other contingent liabilities:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Claims against the Company, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

4.18 Income tax expenses:

Income tax expense represents the sum of the tax currently payable and deferred tax.

4.18.1 Current tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

4.18.2 Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

4.18.3 Current and deferred tax for the year:

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

4.19 Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less.

5 Material accounting judgements, estimates and assumptions :

In the application of the Company's accounting policies, which are described in note 4, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying accounting policies:

The following are the critical judgements, apart from those involving estimations, that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

5.1 Business model assessment :

Classification and measurement of financial assets depends on the results of the solely payments of principal and interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how Company's of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance is measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the quantum, the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets

5.2 Significant increase in credit risk:

ECL is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

6 Key sources of estimation uncertainty:

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, as described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

6.1 Fair value of financial instruments:

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

6.2 Effective Interest Rate (EIR) Method:

The Company's EIR methodology, as explained in Note 4.1.1, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle including prepayments and penalty interest and charges.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

This estimation, by nature requires an element of judgement regarding the expected behaviour and life cycle of the instrument, as well expected changes India's base rate and other fee income, expenses that are integral part of the instrument

6.3 Impairment of Financial assets:

The measurement of impairment losses across all categories of financial assets except assets valued at fair value through Profit & Loss account (FVTPL) requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Company's ECL calculations are outputs of models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- PD calculation includes historical data, assumptions and expectations of future conditions.
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life-time expected credit loss and the qualitative assessment
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, EAD and LGD
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

It has been Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

6.4 Impairment of Non-Financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exist, the Company estimates the asset's recoverable amount. An asset's recoverable amount is higher of an asset's fair value less cost of disposal and its value in use. Where the carrying amount exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

6.5 Provisions and contingent liabilities:

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of its business.

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

Edel Finance Company Limited

Notes to the financial statements (continued) for the year ended March 31, 2025

6.6 Provisions for Income Taxes:

Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectation of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

9.A Credit quality of assets

The table below shows the credit quality and the maximum exposure to credit risk based on the Company's year-end stage classification. The amounts presented are gross without reducing impairment allowances. Details of the Company's internal grading for stage classification are explained in risk management disclosure and policies on ECL allowances are set out in material accounting policy information.

a) Credit quality of assets

	As at March 31, 2025				As at March 31, 2024			
	Stage 1	Stage 2	Stage 3	Total	Stage 1	Stage 2	Stage 3	Total
Performing								
High grade	6,622.60	-	-	6,622.60	24.70	-	-	24.70
	6,622.60	-	-	6,622.60	24.70	-	-	24.70

b) Reconciliation of changes in gross carrying amount and corresponding ECL allowances for loans and advances to corporate and retail customers:

The following disclosure provides stage wise reconciliation of the Company's gross carrying amount and ECL allowances for loans and advances to corporates customers. The transfers of financial assets represents the impact of stage transfers upon the gross carrying amount and associated allowance for ECL. The net remeasurement of ECL arising from stage transfers represents the increase or decrease due to these transfers.

The 'New assets originated / repayments received (net)' represent the gross carrying amount and associated allowance ECL impact from transactions within the Company's lending portfolio.

17 Debt securities (continued)**17.A Details of debt securities :****Benchmark linked debentures**

Benchmark linked debentures are secured by way of a pari passu charge over the immovable property, charge against receivable and investment and corporate guarantee from the holding company.

In case of benchmark linked debentures, the interest rate is linked to the performance of the underlying indices and is fluctuating in nature.

Certain benchmark linked debentures have a clause which may trigger redemption event on hitting a pre determined level benchmark index.

Redeemable Non-Convertible Debentures

Redeemable Non-Convertible Debentures are secured by way of exclusive and/or pari passu charge on the assets of the company including loans and advances, receivables, investments, current & others assets and immovable property/fixed assets held by the Company.

	6,779.83	6,812.15

26.A Nature and purpose of Reserves**a. Capital Reserve**

Capital reserve is created on merger of Edelweiss Finvest Limited in Edel Finance Company Limited.

b. Capital redemption reserve

The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

c. Securities premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

d. Statutory reserve

Reserve created under 45-IC(1) The Reserve Bank of India Act, 1934 by transferring a sum not less than twenty per cent of net profit as disclosed in the profit and loss account and before declaring dividend.

e. Retained earnings

Retained earnings comprises of the Company's undistributed earnings after taxes.

f. Deemed capital contribution - Equity

Deemed capital contribution relates to share options granted to eligible employees of the Company by the parent company under its employee share option plan.

g. Impairment reserve

As per the RBI circular RBI/2019-20/170 dated 13th March, 2020, where impairment allowance under Ind AS 109 is lower than the provisioning required under IRAC (including standard asset provisioning), NBFCs (CICs) shall appropriate the difference from their net profit or loss after tax to a separate 'Impairment Reserve'. Further, no withdrawals shall be permitted from this reserve without prior permission from the RBI.

36. Earnings per Share

Basic earnings per share is calculated by dividing the profit attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is calculated by dividing the profit attributable to equity shareholders of the Company with the weighted average number of equity shares outstanding during the period adjusted for assumed conversion of all dilutive potential equity shares.

		For the year ended March 31, 2025	For the year ended March 31, 2024
Net profit / (loss) attributable to equity holders of the Company	(A)	(32.39)	793.79
Weighted average number of shares			
- Number of equity shares outstanding at the beginning of the year		9,56,67,388	7,56,67,388
- Number of equity shares issued during the year		-	2,00,00,000
Total number of equity shares outstanding at the end of the year		9,56,67,388	9,56,67,388
Total number of CCPS outstanding at the end of the year		1,65,00,000	1,65,00,000
Total number of CCD outstanding at the end of the year		80,00,000	80,00,000
Weighted average number of equity shares outstanding during the year (based on the date of issue of shares)	(B)	12,59,27,388	10,24,27,060
Weighted average number of diluted equity shares outstanding during the year	(C)	12,59,27,388	10,24,27,060
Adjusted net profit / (loss) for diluted EPS	(D)	(32.39)	793.79
Basic earnings per share (in rupees)	(A / B)	(0.26)	7.75
Diluted earnings per share (in rupees)	(D / C)	(0.26)	7.75

37. Contingent Liability:

- a. In the ordinary course of business, the Company faces claims and assertions by various parties. The Company assesses such claims and assertions and monitors the legal environment on an ongoing basis, with the assistance of external legal counsel, wherever necessary. The Company records a liability for any claims where a potential loss is probable and capable of being estimated and discloses such matters in its financial statements, if material. For potential losses that are considered possible, but not probable, the Company provides disclosure in the financial statements but does not record a liability in its accounts unless the loss becomes probable.

The Company believes that the outcome of these proceedings will not have a materially adverse effect on the Company's financial position and results of operations.

Details of contingent liability

Particulars	As at March 31, 2025	As at March 31, 2024
Taxation matters of assessment year AY 2014-15 & AY 2015-16 in respect of which appeal is pending with tax authorities	114.88	114.88

The Company has received demand notices from tax authorities on account of disallowance of expenditure for earning exempt income under Section 14A of Income Tax Act 1961 read with Rule 8D of the Income Tax Rules, 1962. The company has filed appeal/s and is defending its position. Based on the favourable outcome in Appellate proceedings in the past and as advised by the tax advisors, company is reasonably certain about sustaining its position in the pending cases, hence the possibility of outflow of resources embodying economic benefits on this ground is remote"

- b. Pursuant to the Income Tax Authorities ("the ITA") investigation conducted from March 2, 2023 to March 9, 2023, the Company has received the income tax assessment orders and demand notices for the assessment year 2020-21 & 2021-22 for certain disallowances during the year to date March 31, 2025. Based on the legal opinion obtained, the Management is of the view that the demand is not sustainable and would have no material impact on financial statements and liability is considered as remote and no contingent liability is required to be disclosed. As per the Company, as at March 31, 2025, the said matter is pending at Commissioner of Income Tax (Appeals).

38. Segment reporting

Primary Segment (Business segment)

The Company being CIC, has only capital business segment in the current year i.e March 31, 2025. The Company has operated only in one business segment during the year viz. Capital based business comprising of income from investments. Therefore, the Company has only one reportable business segment, the results of which are disclosed in the financial statements. Hence, no disclosures are required under Segment Reporting.

Segment	Activities covered
Capital based business	Income from investments and dividend income

Secondary Segment

Since the business operations of the Company are primarily concentrated in India, the Company is considered to operate only in the domestic segment and therefore there is no reportable geographic segment.

39. Defined benefit plan**a) Defined contribution plan - Provident funds**

The Company recognised ₹ 0.09 million (Previous year : ₹ 0.10 million) for provident fund and other contributions in the Statement of profit and

b) Defined benefit plan - Gratuity

In accordance with the Payment of Gratuity Act, 1972, the Company provides for gratuity, a non-contributory defined benefit arrangement providing lump-sum gratuity benefits expressed in terms of final monthly salary and year of service, covering all employees. The plan provides a lump sum payment to vested employees at retirement or termination of employment in accordance with the rules laid down in the Payment of Gratuity Act 1972

The most recent actuarial valuation of the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2025. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at balance sheet date:

i) Movement in defined benefit liability

The following table shows a reconciliation from the opening balances to the closing balances for defined benefit liability and its components:

Particulars	Defined benefit obligation	
	March 31, 2025	March 31, 2024
Opening Balance	1.87	0.07
Current service cost	0.02	0.03
Interest cost	0.13	0.13
	2.02	0.23
Other comprehensive income		
Remeasurement loss (gain):		
Actuarial loss (gain) arising from:		
Experience	(0.09)	(0.04)
Financial assumptions	0.03	-
	(0.06)	(0.04)
Others		
Transfer In/ (Out)	-	1.68
Benefits paid	-	-
Closing Balance	1.96	1.87

ii) Components of defined benefit plan cost:

Particulars	For the year ended	
	March 31, 2025	March 31, 2024
Recognised in Statement of profit or loss		
Current service cost	0.02	0.03
Interest cost	-	-
Net Interest on net defined benefit liability/ (asset)	(0.10)	0.12
Total	(0.08)	0.15
Recognised in other comprehensive income		
Remeasurement of net defined benefit liability/(asset)	0.09	3.09
Total	0.09	3.09

iii) Reconciliation of Fair Value of Plan Assets

	As at March 31, 2025	As at March 31, 2024
Fair Value of Plan Assets at start of the year	3.31	2.90
Contributions by Employer	-	-
Benefits Paid	-	-
Interest Income on Plan Assets	0.23	0.21
Re-measurements		
Return on plan assets excluding amount included in net interest on the net defined benefit liability/(asset)	0.03	0.20
Fair Value of Plan Assets at end of the year	3.57	3.31
Actual Return on Plan Assets	0.26	0.41

39. Defined benefit plan (continued)

b) Defined benefit plan - Gratuity (continued)

iv) Net Liability/ (Asset) recognised in the Balance Sheet

	As at March 31, 2025	As at March 31, 2024
Present Value of DBO	1.96	1.87
Fair Value of Plan Assets	3.57	3.31
Liability/ (Asset) recognised in the Balance Sheet	(1.61)	(1.44)
Funded Status [Surplus/(Deficit)]	1.61	1.44
Amount not recognized as asset [Effect of limiting net assets to asset ceiling]	-	-
Net Liability/ (Asset) recognised in the Balance Sheet	(1.61)	(1.44)
Of which, Short term Liability	-	-
Experience Adjustment on Plan Liabilities: (Gain)/Loss	(0.09)	(0.04)

v) Percentage Break-down of Total Plan Assets

	As at March 31, 2025	As at March 31, 2024
Equity instruments	0%	0%
Debt instruments	0%	0%
Real estate	0%	0%
Derivatives	0%	0%
Investment Funds with Insurance Company	99.6%	99.6%
Of which, Unit Linked	86.0%	85.9%
Of which, Traditional/ Non-Unit Linked	13.6%	13.7%
Asset-backed securities	0%	0%
Structured debt	0%	0%
Cash and cash equivalents	0.4%	0.4%
Total	100.00%	100.00%

vi) Movement in Other Comprehensive Income

	As at March 31, 2025	As at March 31, 2024
Balance at start of year (Loss)/ Gain	2.27	(0.82)
Re-measurements on DBO	-	-
a. Actuarial (Loss)/ Gain from changes in demographic assumptions	-	-
b. Actuarial (Loss)/ Gain from changes in financial assumptions	(0.03)	-
c. Actuarial (Loss)/ Gain from experience over the past year	0.09	0.04
Re-measurements on Plan Assets	-	-
Return on Plan assets, excluding amount included in net interest on the net defined benefit liability / (asset)	0.03	0.20
Changes in the effect of limiting a net defined benefit asset to the asset ceiling excluding amount included in net interest on the net defined benefit liability/ (asset)	-	2.85
Balance at end of year (Loss)/ Gain	2.36	2.27

vii) Movement in Surplus/ (Deficit)

	As at March 31, 2025	As at March 31, 2024
Surplus/ (Deficit) at start of year	1.44	0.18
Net Transfer (In)/ Out	-	(1.68)
Movement during the year	-	-
Current Service Cost	(0.02)	(0.03)
Net Interest on net DBO	0.10	(0.12)
Re-measurements – (Losses)/ Gains	0.09	3.09
Contributions/ Benefits	-	-
Surplus/ (Deficit) at end of year	1.61	1.44

39. Defined benefit plan (continued)

b) Defined benefit plan - Gratuity (continued)

Actuarial assumptions:

The following were the principal actuarial assumptions at the reporting date:

Particulars	As at March 31, 2025	As at March 31, 2024
Discount Rate	6.30%	7.00%
Salary Growth Rate	7.00%	7.00%
Withdrawal/Attrition Rate (based on categories)	16.00%	16.00%
Interest Rate on Net DBO (% p.a.)	7.00%	7.10%
Mortality Rate	IALM 2012-14 (Ultimate)	IALM 2012-14 (Ultimate)
Expected weighted average remaining working lives of employees	3.5	3.5

Notes:

a) The discount rate are based on the benchmark yields available on Government Bonds at the valuation date with terms matching that of the liabilities.

b) The estimates of future salary increases takes into account the inflation, seniority, promotion and other relevant factors.

c) Assumptions regarding future mortality experience are set in accordance with the statistics published by the Life Insurance Corporation of India.

Sensitivity analysis:

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at March 31, 2025		As at March 31, 2024	
	Increase	Decrease	Increase	Decrease
Salary Growth Rate (+/- 1%)	0.01	(0.01)	0.01	(0.01)
Discount Rate (+/- 1%)	(0.01)	0.01	(0.01)	0.01
Withdrawal Rate (+/- 1%)	-	-	-	-

The above sensitivity analysis have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the reporting date. In practice, generally it does not occur. When we change one variable, it affects to others. In calculating the sensitivity, project unit credit method at the end of the reporting period has been applied.

c) **Compensated absences :**

The Company provides for accumulated compensated absences as at the balance sheet date using projected unit credit method based on actuarial valuation. The leave encashment on separation is paid on basic salary.

40. Change in liabilities arising from financing activities

Particulars	As at April 1, 2024	Cash Flows	Changes in Fair value	Others (net)*	As at March 31, 2025
Debt securities	20,225.07	3,816.26	-	1,104.81	25,146.14
Borrowings (other than debt securities)	27,882.18	(1,943.00)	-	182.84	26,122.02
Subordinated liabilities	161.17	0.00	-	(0.05)	161.12
	48,268.42	1,873.26	-	1,287.60	51,429.28

Particulars	As at April 1, 2023	Cash Flows	Changes in Fair value	Others (net)*	As at March 31, 2024
Debt securities	14,810.11	5,241.78	-	173.18	20,225.07
Borrowings (other than debt securities)	11,775.09	16,128.44	-	(21.35)	27,882.18
Subordinated liabilities	161.12	(0.00)	-	0.05	161.17
	26,746.32	21,370.22	-	151.88	48,268.42

Notes

- Information relating to remuneration paid to key managerial person mentioned above excludes provision made for gratuity, leave encashment and provision made for bonus which are provided for group of employees on an overall basis. These are included on cash basis. Remuneration to KMP's shall be within the limit as prescribed by the Companies act.

Edel Finance Company Limited

Notes to the financial statements for the year ended March 31, 2025

(Currency: Indian rupees in millions)

43. Utilisation of Borrowed funds and share premium

- 43.A** During the year, the Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the intermediary shall:
- (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or
 - (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- 43.B** During the year, the Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:
- (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - (ii) provide any guarantee, security, or the like to or on behalf of the Ultimate Beneficiaries

Note:

1. Based on the legal opinion obtained by the Holding Company, the transactions undertaken by the Company (CIC-NBFC) of borrowing/lending/investment to and from its holding/subsidiary/affiliate/group entity(ies) (together referred to as the 'Group') or borrowing from outside the Group for onward lending/investments for carrying on their respective business in ordinary course will not attract reporting under Rule 11(e) of the Companies (Audit and Auditors) Rules, 2014 (the "Rules"). Accordingly, transactions undertaken by the Company is not disclosed under the Rules.

Edel Finance Company Limited

Notes to the financial statements for the year ended March 31, 2025

(Currency: Indian rupees in millions)

44. Capital Management

The Reserve Bank of India (RBI) sets and monitors capital adequacy requirements for the Company from time to time. The Core Investment Companies (Reserve Bank) Directions, 2016 (Updated as on February 27, 2025), stipulate that the Adjusted Net Worth of a CIC-ND-SI shall at no point in time be less than 30% its risk weighted assets on balance sheet and risk adjusted value of off-balance sheet items as on date of the last audited balance as at the end of the financial year.

The Core Investment Companies (Reserve Bank) Directions, 2016 (Updated as on February 27, 2025), further stipulate that the outside liabilities of a CIC-ND-SI shall at no point of time exceed 2.5 times its Adjusted Net Worth as on date of the last audited balance as at the end of the financial year.

The Company's policy is to maintain a strong capital base to maintain investor, creditor and shareholder confidence and to sustain the future development of the business. The impact of the level of capital on shareholders' returns is also recognised and the Company recognises the need to maintain a balance between the higher returns that might be possible with greater gearing and the advantages and security afforded by a stronger capital position.

Although maximisation of the return on risk-adjusted capital is the principal basis used in determining how capital is allocated within the Company to particular operations or activities, it is not the sole basis used for decision making. Account is also taken of synergies with other operations and activities, the availability of management and other resources, and the fit of the activity with the Company's longer-term strategic objectives. The Company's policies in respect of capital management and allocation are reviewed regularly by the Board of Directors.

The Company has complied with minimum stipulated capital requirement which has been disclosed in the regulatory disclosures note in the financial statements.

45. Fair Value measurement:**45.A Valuation Principles**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques:

Level 1 – valuation technique using quoted market price: financial instruments with quoted prices for identical instruments in active markets that company can access at the measurement date.

Level 2 – valuation technique using observable inputs: Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

Level 3 – valuation technique with significant unobservable inputs: Those that include one or more unobservable input that is significant to the measurement as whole.

45.B Valuation governance framework

The Company's fair value methodology and the governance over its models includes a number of controls and other procedures to ensure appropriate safeguards are in place to ensure its quality and adequacy. All new product initiatives (including their valuation methodologies) are subject to approvals by various functions of the Company including the risk and finance functions.

Where fair values are determined by reference to externally quoted prices or observable pricing inputs to models, independent price determination or validation is used. For inactive markets, Company sources alternative market information, with greater weight given to information that is considered to be more relevant and reliable.

The responsibility of ongoing measurement resides with the business and product line divisions. However Finance department is also responsible for establishing procedures governing valuation and ensuring fair values are in compliance with accounting standards.

45.C The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy

As at March 31, 2025	Level 1	Level 2	Level 3	Total
Assets measured at fair value on a recurring basis				
Investments				
Equity instruments	-	-	-	-
Other debt securities	-	85.90	-	85.90
Total investments measured at fair value	-	85.90	-	85.90

As at March 31, 2024	Level 1	Level 2	Level 3	Total
Assets measured at fair value on a recurring basis				
Investments				
Equity instruments*	-	7,291.19	-	7,291.19
Other debt securities	-	2,775.70	-	2,775.70
Total investments measured at fair value	-	10,066.89	-	10,066.89

***Note:**

Equity instruments includes investment in Nuvama Wealth Management Limited (NWML), a former associate of the holding Company which is subject to lock-in till September 2024 in accordance with Securities and Exchange Board of India regulations. This investment is reported under level 2 in fair value disclosure in accordance with Ind AS 113 - Fair Value measurement as at March 31, 2024.

Edel Finance Company Limited

Notes to the financial statements for the year ended March 31, 2025

(Currency: Indian rupees in millions)

45. Fair Value measurement: (Continued)

D. Valuation techniques:

Debt securities:

Fair value of debt securities is derived based on the indicative quotes of price and yields prevailing in the market as at the reporting date. The Company has used quoted price of national stock exchange wherever bonds are traded actively. In cases where debt securities are not actively traded, the Company has used CRISIL Corporate Bond Valuer model for measuring fair value.

Security receipts

The market for these securities is not active. Therefore, the Company uses valuation techniques to measure their fair values. Since the security receipts are less liquid instruments therefore they are valued by discounted cash flow models. Expected cash flow levels are estimated by using quantitative and qualitative measures regarding the characteristics of the underlying assets including prepayment rates, default rates and other economic drivers. Securities receipts with significant unobservable valuation inputs are classified as Level 3.

Equity instruments, preference shares, warrants and units of mutual fund:

The majority of equity instruments are actively traded on stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. Units held in funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are also classified as Level 1. Unquoted equity instruments, preference shares and warrants are initially recognised at transaction price and re-measured at each reporting date at valuation provided by external valuer at instrument level. All unquoted instruments are classified at Level 3.

E. The following table shows a reconciliation of the opening balances and the closing balances for fair value measurements in Level 3 of the fair value hierarchy.

Financial year ended March 2025	Security receipts	Equity instruments	Preference Shares	Warrants	Total

Subordinated Liabilities	161.17	-	161.17	-	161.17
Total Financial Liabilities	48,268.42	-	20,386.24	-	48,268.42

H. Valuation Methodologies of Financial Instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in notes.

Short Term Financial Assets and Liabilities

Carrying amounts of cash and cash equivalents, bank balances other than cash and cash equivalents, trade and other receivables, trade payables approximate the fair value because of their short-term nature. Difference between carrying amounts and fair values of other financial assets and other financial liabilities is not significant in each of the years presented.

Financial assets at amortised cost

The fair values financial assets measured at amortised cost are estimated using a discounted cash flow model based on contractual cash flows using actual or estimated yields and discounting by yields incorporating the counterparties' credit risk.

Issued Debt

The fair value of issued debt is estimated by a discounted cash flow model.

Edel Finance Company Limited

Notes to the financial statements for the year ended March 31, 2025

46. Risk Management

A. Introduction and risk profile

Risk is an inherent part of Company's business activities. The Company's overall objective is to manage its businesses, and the associated risks, in a manner that balances serving the interests of its customers and investors within the group considering the Company is a CIC and protects the safety and soundness of the Company.

The Company believes that effective risk management requires:

- 1) Acceptance of responsibility, including identification and escalation of risk issues, by all individuals within the Company;
- 2) Ownership of risk identification, assessment, data and management within each of the lines of business and Corporate; and
- 3) Firmwide structures for risk governance

The Company strives for continual improvement through efforts to enhance controls, ongoing employee training and development and other measures.

B. Risk Management Structure

We have a well-defined risk management policy framework for risk identification, assessment and control to effectively manage risks associated with the various business activities. The risk function is monitored primarily by the business risk group. The Company has also established a Risk Committee that is responsible for managing the risk arising out of various business activities at a central level.

Our risk management policy ensures that the margin requirements are conservative to be able to withstand market volatility and scenarios of sharply declining prices. As a result, we follow conservative lending norms. The risk monitoring systems to monitor group's credit exposure which is in addition to the monitoring undertaken by the respective businesses.

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The Committee holds regular meetings and report to board on its activities.

The Company's risk management committee and audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

Edel Finance Company Limited

Notes to the financial statements for the year ended March 31, 2025

(Currency: Indian rupees in millions)

46. Risk Management

C. Risk mitigation and risk culture

The Company's business processes ensure complete independence of functions and a segregation of responsibilities. Credit appraisal & credit control processes, centralised operations unit, independent audit unit for checking compliance with the prescribed policies and approving loans at transaction level as well as our risk management processes and policies allow layers of multiple checks and verifications.

At all levels of the Company's operations, specifically tailored risk reports are prepared and distributed in order to ensure that all business divisions have access to extensive, necessary and up-to-date information.

It is the Company's policy that a periodic briefing is given to the Board of Directors and all other relevant members of the Company in the utilisation of market limits, proprietary investments and liquidity, plus any other risk developments.

It is the Company's policy to ensure that a robust risk awareness is embedded in its organisational risk culture. Employees are expected to take ownership and be accountable for the risks the Company is exposed to. The Company's continuous training and development emphasises that employees are made aware of the Company's risk appetite and they are supported in their roles and responsibilities to monitor and keep their exposure to risk within the Company's risk appetite limits. Compliance breaches and internal audit findings are important elements of employees' annual ratings and remuneration reviews.

Edel Finance Company Limited**Notes to the financial statements for the year ended March 31, 2025**

(Currency: Indian rupees in millions)

46. Risk Management**D. Types of Risks****The Company's risks are generally categorized in the following risk types:**

Notes	Risks	Arising from	Measurement, monitoring and management of risk
1	Credit risk Credit risk is the risk of financial loss if a customer or counterparty fails to meet an obligation under a contract.	Arises principally from loan financing, dealing in Corporate Bonds, Investments in Mutual Fund, Equity, but also from certain other products such as guarantees and derivatives	Measured as the amount that could be lost if a customer or counterparty fails to make repayments; Monitored using various internal risk management measures and within limits approved by individuals within a framework of delegated authorities; and Managed through a robust risk control framework, which outlines clear and consistent policies, principles and guidance for risk managers.
2	Liquidity risk Liquidity risk is the risk that we do not have sufficient financial resources to meet our obligations as they fall due or that we can only do so at an excessive cost.	Liquidity risk arises from mismatches in the timing of cash flows. Arises when illiquid asset positions cannot be funded at the expected terms and when required.	Measured using a range of metrics, including Asset Liability mismatch, Debt Equity Ratio Regular monitoring of funding levels to ensure to meet the requirement for Business and maturity of our liabilities. Maintain diverse sources of funding and liquid assets to facilitate flexibility in meeting our liquidity requirements of the Company.
3	Market risk Market risk is the risk that movements in market factors, such as Interest rates, equity prices and Index prices, will reduce our income or the value of our portfolios	Exposure to market risk is separated into two portfolios: trading and non-trading.	Measured using sensitivities, detailed picture of potential gains and losses for a range of market movements and scenarios. Monitored using measures, including the sensitivity of net interest income. Managed using risk limits approved by the risk management committee.

Edel Finance Company Limited**Notes to the financial statements for the year ended March 31, 2025**

(Currency: Indian rupees in millions)

46. Risk Management**46.D.1 Credit Risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's Trade receivables and Loans. The Company has adopted a policy of dealing with creditworthy counterparties and obtains sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. In case the loans are to be restructured, similar credit assessment process is followed by the Company.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for counterparties and for industry concentrations, and by monitoring exposures in relation to such limits.

Credit quality of a customer is assessed based on its credit worthiness and historical dealings with the Company and market intelligence. Outstanding customer receivables are regularly monitored. The credit quality review process aims to allow the Company to assess the potential loss as a result of the risks to which it is exposed and take corrective actions.

Impairment Assessment:

The Company applies the expected credit loss model for recognising impairment loss. The expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The expected credit loss is a product of exposure at default, probability of default and loss given default. The Company has devised an internal model to evaluate the probability of default and loss given default based on the parameters set out in Ind AS. Accordingly, the loans are classified into various stages as follows:

Internal rating grade	Internal grading description	Stages
Performing		
High grade	0 dpd and 1 to 30 dpd	Stage 1
Standard grade	31 to 90 dpd	Stage 2
Non-performing		
Individually impaired	90+ dpd	Stage 3

Edel Finance Company Limited

Notes to the financial statements for the year ended March 31, 2025

(Currency: Indian rupees in millions)

Credit loss is the difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Expected Credit Loss (ECL) computation is not driven by any single methodology, however methodology and approach used must reflect the following:

- 1) An unbiased and probability weighted amount that evaluates a range of possible outcomes
- 2) Reasonable and supportable information that is available without undue cost and effort at the reporting date about past events, current conditions and forecasts of future economic conditions;
- 3) Time value of money

While the time value of money element is currently being factored into ECL measurement while discounting cash flows by the Effective Interest Rate (EIR), the objective of developing a macroeconomic model using exogenous macroeconomic variables (MEVs) is to address the first two requirements. This has been achieved by using the model output to adjust the PD risk component in order to make it forward looking and probability-weighted.

Significant increase in credit risk (SICR)

Company considers a financial instrument defaulted, classified as Stage 3 (credit-impaired) for ECL calculations, in all cases when the borrower becomes 90 days past due. Classification of assets from stage 1 to stage 2 has been carried out based on SICR criterion. Accounts which are more than 30 days past due have been identified as accounts where significant increase in credit risk has been observed. These accounts have been classified as Stage 2 assets. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate.

Probability of Default

Probability of default (PD) is an estimate of the likelihood of default over a given time horizon. PD estimation process is done based on historical internal data available with the Company. While arriving at the PD, the Company also ensures that the factors that affects the macro economic trends are considered to a reasonable extent, wherever necessary. Company calculates the 12 month PD by taking into account the past historical trends of the Loans/portfolio and its credit performance. In case of assets where there is a significant increase in credit risk / credit impaired assets, lifetime PD has been applied.

Loss Given Default (LGD)

The LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money. The Loss Given Default (LGD) has been computed with workout methodology. Workout LGD is widely considered to be the most flexible, transparent and logical approach to build an LGD model. Along with actual recoveries, value of the underlying collateral has been factored in to estimate future recoveries in LGD computation. Workout LGD computation involves the actual recoveries as well as future recoveries (as a part of the workout process) on a particular facility, as a percentage of balance outstanding at the time of Default/Restructuring. The assessment of workout LGD was then performed. Principal outstanding for each loan was assessed, which went into the denominator of the LGD calculation. LGD computation has been done for each segment and sub-segment separately.

46. Risk Management (continued)**46.D.1 Credit Risk (continued)****Exposure at Default (EAD)**

The amount which the borrower will owe to the portfolio at the time of default is defined as Exposure at Default (EAD). While the drawn credit line reflects the explicit exposure for the Company, there might be variable exposure that may increase the EAD. These exposures are of the nature where the Company provides future commitments, in addition to the current credit. Therefore, the exposure will contain both on and off balance sheet values. The value of exposure is given by the following formula:

$$\text{EAD} = \text{Drawn Credit Line} + \text{Credit Conversion Factor} * \text{Undrawn Credit Line}$$

Where,

Drawn Credit Line = Current outstanding amount

Credit Conversion Factor (CCF) = Expected future drawdown as a proportion of undrawn amount

Undrawn Credit Line = Difference between the total amount which the Company has committed and the drawn credit line While the drawn exposure and limits for the customer are available, the modelling of CCF is required for computing the EAD

46. Risk Management (Continued)

46.E Liquidity Risk

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances.

Company has a Liquidity Contingency Policy in place to ensure various liquidity parameters are defined and tracked regularly. Liquidity Management Team is provided with update on expected liquidity shortfalls in Normal as well as Stress scenario.

To manage the stressed circumstances the Company has ensured maintenance of a Liquidity Cushion in the form of Investments in Government Securities, Mutual Funds and Quoted Equity Shares. These assets carry minimal credit risk and can be liquidated in a very short period of time. A liquidity cushion amounting to 5-9% of the borrowings is sought to be maintained through such assets. These would be to take care of immediate obligations while continuing to honour our commitments as a going concern. There are available lines of credit from banks which are drawable on notice which further augment the available sources of funds. Funding is raised through diversified sources including Banks, Private issue of Debt, Sub Debt etc to maintain a healthy mix.

Edel Finance Company Limited**Notes to the financial statements for the year ended March 31, 2025**

(Currency: Indian rupees in millions)

46. Risk Management**46.F Market Risk (continued)****Interest Rate Risk**

The principal risk to which non-trading portfolios are exposed is the risk of loss from fluctuations in the future cash flows or fair values of financial instruments because of a change in market interest rates. Interest rate risk is managed principally through monitoring interest rate gaps and by having pre-approved limits for repricing bands.

Asset Liability Committee (ALCO) is the monitoring body for compliance with these limits. ALCO reviews the interest rate gap statement and the mix of floating and fixed rate assets and liabilities. Balance Sheet Management Unit is in-charge for day to day management of interest rate risk.

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The Board has established limits on the non-trading interest rate gaps for stipulated periods. The Company's policy is to monitor positions on a daily basis and hedging strategies are used to ensure positions are maintained within the established limits.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being constant) of the Company's statement of profit and loss and equity. The sensitivity of the statement of profit and loss is the effect of the assumed changes in interest rates on the profit or loss for a year, based on the floating rate non-trading financial assets and financial liabilities held at March 31, 2025 and at March 31, 2024

Interest rate sensitivity**As at March 31, 2025**

	Increase in basis points	Sensitivity of Profit	Sensitivity of Equity	Decrease in basis points	Sensitivity of Profit	Sensitivity of Equity

46. Risk Management (Continued)**46.F Market Risk**

Market risk is the risk which can affect the Company's income or the value of its holdings of financial instruments due to adverse movements in market prices of instrument due to interest rates, equity prices, foreign exchange rates and credit spreads. The objective of the Company's market risk management is to manage and control market risk exposures within acceptable parameters. The Company separates its exposure to market risks between trading and non-trading portfolios.

Total market risk exposure

Below table shows total market risk

Particulars	As at March 31, 2025			As at March 31, 2024			
	Carrying Amount	Traded Risk	Non traded risk	Carrying Amount	Traded Risk	Non traded risk	Primary market risk sensitivity
Financial Assets							
Investments	69,430.39	-	69,430.39	72,945.70	-	72,945.70	Price risk, interest rate risk

47. CORE INVESTMENT COMPANY ("CIC") COMPLIANCE RATIOS :

Particulars	As at March 31, 2025	As at March 31, 2024
a) Investments & loans to group companies as a proportion of Net Assets (%) *	99.63%	99.98%
b) Investments in equity shares and compulsorily convertible instruments of group companies as a proportion of Net Assets (%) *	90.87%	96.15%
c) Capital Adequacy Ratio (%) [Adjusted Net worth / Risk Weighted Assets]	31.64%	32.09%
d) Leverage Ratio (Times) [Outside liabilities / Adjusted Network]	2.14	2.14

50. Disclosure on liquidity risk

As required in terms of paragraph 3 of RBI Circular RBI/2019-20/88 DOR.NBFC (PD) CC. No.102/03.10.001/2019-20 dated November 4, 2019 on Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies.

1. Funding concentration based on significant counterparty (borrowings)

As at March 31, 2025

Number of significant counterparties*	Amount	% of Total Deposits	% of Total Liabilities
8	43,022.88	NA	81.95%
Total	43,022.88	-	81.95%

As at March 31, 2024

Number of significant counterparties*	Amount	% of Total Deposits	% of Total Liabilities
10	39,613.10	NA	81.88%
Total	39,613.10	-	81.88%

* "Significant counterparty" is defined as a single counterparty or group of connected or affiliated counterparties accounting in aggregate for more than 1% of the NBFC-NDSI's total liabilities.

2. Top 20 large deposits

The Company being a Systemically Important Non-Deposit taking Non-Banking Financial Company registered with Reserve Bank of India got converted into Core Investment Company (CIC) as NBFC-CIC-ND-SI, does not accept public deposits.

3. Top 10 borrowings (amount in ₹ millions and % of total borrowings)

As at March 31, 2025

Particulars	Amount*	% of Total Borrowings**
Top 10 Investors	43,812.88	85.19%

As at March 31, 2024

Particulars	Amount*	% of Total Borrowings**
Top 10 Investors	39,613.10	82.07%

* Represents principal amount

** Total borrowings represents debt securities + borrowings (other than debt securities) + subordinated liabilities

4. Funding concentration based on significant instrument / product

As at March 31, 2025

Name of the instrument / product	Amount	% of Total Liabilities
Debt securities	25,146.14	47.90%
Intra Group borrowings	26,122.02	49.76%

As at March 31, 2024

Name of the instrument / product	Amount	% of Total Liabilities
Debt securities	20,386.24	42.14%
Intra Group borrowings	27,882.18	57.63%

50. Disclosure on liquidity risk (continued)

5. Stock Ratios

	As at March 31, 2025	As at March 31, 2024
Commercial papers as a % of total public funds	0.00%	11.12%
Commercial papers as a % of total liabilities	0.00%	11.09%
Commercial papers as a % of total assets	0.00%	7.21%
Non-convertible debentures (original maturity of less than one year) as a % of total public funds	0.00%	0.00%
Non-convertible debentures (original maturity of less than one year) as a % of total liabilities	0.00%	0.00%
Non-convertible debentures (original maturity of less than one year) as a % of total assets	0.00%	0.00%
Other short term liabilities *	0.00%	0.00%
Other short-term liabilities, if any as a % of total public funds**	0.00%	0.00%
Other short-term liabilities, if any as a % of total liabilities***	0.00%	0.00%
Other short-term liabilities, if any as a % of total assets	0.00%	0.00%

* "Other short-term liabilities" refers to the borrowing in short term in nature.

** "Total public funds" refers to the aggregate of Debt securities, Borrowing (other than debt securities) and Subordinated liabilities.

*** "Total liabilities" refers to total external liabilities (i.e. excluding total equity).

6. Institutional set-up for liquidity risk management

The Asset-Liability gap is being monitored from time to time to overcome the asset-liability mismatches, interest risk exposure, etc, if any. The Liquidity risk emanates from the possible mismatches due to differences in maturity and repayment profile of assets and liabilities. The Company ensures that the credit and investment exposure are only with the group companies and are within the statutory limits as prescribed by the Reserve Bank of India from time to time. The Company will continue to get support from the Holding Company in the form of equity infusion and the necessary support to repay its dues on a timely basis.

Regulatory disclosure of Core Investment Company (CIC)

51. Disclosure pursuant to Reserve Bank of India notification DOR (NBFC).CC.PD.No. 109/22.10.106/2019-20 dated March 13, 2020 pertaining to Asset Classification as per RBI Norms

As per the RBI circular RBI/2019-20/170 dated 13th March, 2020, where impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), NBFCs (CICs) shall appropriate the difference from their net profit or loss after tax to a separate 'Impairment Reserve'. Further, no withdrawals shall be permitted from this reserve without prior permission from the RBI.

6. A Route Map along with Prominent Landmark for easy location to reach the venue of Meeting is annexed herewith.

Annexure to the Notice dated September 29, 2025

Statement pursuant to the provisions of Section 102 of the Companies Act, 2013

Item No. 3:

Based on the recommendations of the Nomination and Remuneration Committee (the “Committee”), the Board of Directors of the Company (the Board) at its Meeting held on September 29, 2025, had appointed Mr. H.S. Upendra Kamath (DIN: 02648119) as an Additional Director of the Company. As per the provisions of Section 161 of the Companies Act, 2013 and the Rules framed thereunder (the Act), Mr. Kamath holds office up to the date of the forthcoming Annual General Meeting (AGM). Mr. Kamath was also appointed as an Independent Director for a period of 5 years with effect from September 29, 2025. The Company has received a notice from a Member proposing the candidature of Mr. Kamath as an Independent Director of the Company.

A brief profile of Mr. H. S. Upendra Kamath is as under:

Mr. Kamath is a Commerce Graduate and a Certified Associate of Indian Institute of Bankers (CAIIB) from Indian Institute of Banking and Finance.

Mr. Kamath has more than 5 decades of experience in the field of Banking. Mr. Kamath joined Union Bank of India in 1973 as a Probationary Officer and worked in various capacities including the position of General Manager till the year 2009. He was an Executive Director of Canara Bank from 2009 to 2011 and was the Chairman and Managing Director of Vijaya Bank from 2011 to 2013. He has also served as Managing Director & Chief Executive Officer of Tamil Nadu Mercantile Bank Limited from 2014 to 2017.

Mr. Kamath has consented to act as an Independent Director of the Company and has submitted the disclosures as required under the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015 (the Listing Regulations) and a declaration that he meets the criteria for appointment as an Independent Director as prescribed under Section 149 of the Act and the Listing Regulations, as applicable, and that he is not disqualified from being appointed as a Director of the Company as per the provisions of the Act and the Listing Regulations. Mr. Kamath is not debarred from being appointed as a Director by the Securities and Exchange Board of India and any other authority.

Mr. Kamath is a person of integrity and has relevant skills, experience and expertise in the area of Banking and Financial Service sector, for him to be appointed as an Independent Director on the Board of Directors of the Company. The Board of Directors of the Company is of the view that Mr. Kamath possesses and has the requisite skills and capabilities, as identified and required for an Independent Director of the Company.

Based on the recommendations of the Committee and considering his qualifications and experience, the Board recommends the appointment of Mr. Kamath as an Independent Director for a term of 5 years from the conclusion of the forthcoming AGM until the conclusion of the AGM to be held in the year 2030.

Mr. Kamath does not hold any shares in the Company.

Mr. Kamath is not related to any Promoter, Director and Key Managerial Personnel of the Company.

The Board recommends the passing of Resolution as set out in Item No. 3 of the Notice as a Special Resolution.

Except Mr. Kamath, none of the other Directors, Key Managerial Personnel and their relatives are in any way, directly or indirectly, concerned or interested, financially or otherwise in the Resolution set out at Item No. 3 of the Notice.
