(iv) Key Managerial Personnel (KMP)

Ms. Shailly Kedia was appointed as Company Secretary of the Company w.e.f. October 11, 2021. She resigned w.e.f. April 8, 2022. Mr. Manoj Kumar Sharma resigned as Chief Financial Officer w.e.f. March 18, 2022.

NUMBER OF BOARD MEETINGS HELD

During the year ended March 31, 2022, the Board met 7 times. The details of the Board meetings and the attendance of the Directors at the meetings are provided in the Corporate Governance Report, which forms part of this Report.

REMUNERATION POLICY

The Company has formulated a Remuneration Policy pursuant to Section 178 of the Act. The Policy is provided as Annexure II to this Report.

EVALUATION OF THE PERFORMANCE OF THE BOARD

A Board Evaluation Policy (the Policy) for evaluating the performance of the Board, its Committees, the Chairman, the Executive Directors, the Non-executive Directors and the Independent Directors has been adopted by the Company.

The Policy *inter alia* provides the criteria for performance evaluation such as Board effectiveness, quality of discussion, contribution at the meetings, business acumen, strategic thinking, time commitment, relationship with the stakeholders, corporate governance practices, review of the terms of reference of the Committees and the contribution of the Committees to the Board in discharging its functions, etc.

A separate meeting of the Independent Directors was held wherein the performance of the Non-Independent Directors, performance of the Board as a whole (including the Committees) and also that of the Chairman in terms of the provisions of the Act was discussed.

INTERNAL FINANCIAL CONTROLS AND RISK MANAGEMENT

The Company has in place adequate internal financial controls with reference to financial statements. The Company's internal control system is designed to ensure operational efficiency, protection and conservation of resources, accuracy and promptness in financial reporting and compliance with the laws and regulations. The internal control system is also supported by an internal audit process.

M/s. JHS & Associates LLP, Chartered Accountants, were appointed as Internal Auditors of your Company for the financial year 2021-22.

Risk management is an integral part of the Company's business strategy that seeks to minimise adverse impact on business objectives and capitalise on opportunities. The Risk Committee oversees the risk management framework of the Company through regular and proactive intervention by identifying risks and formulating mitigation plans.

AUDIT COMMITTEE

The Audit Committee comprises of the following Directors:

Mr. Kunnasagaran Chinniah - Independent Director (Chairman)
Dr. Vinod Juneja - Independent Director
Mr. Nikhil Johari - Non-executive Director

Further details of the Audit Committee are provided in the Corporate Governance Report which forms part of this Report.

WHISTLE BLOWER POLICY/ VIGIL MECHANISM

The Company has adopted a Whistle Blower Policy to report genuine concerns/grievances. The Policy is available on the website of the Company at the link: www.ercsl.edelweissfin.com.

The Policy provides for adequate safeguards against the victimisation of the persons who use the vigil mechanism. The vigil mechanism is overseen by the Audit Committee.

CORPORATE SOCIAL RESPONSIBILITY COMMITTEE

The Board has constituted the Corporate Social Responsibility (CSR) Committee in accordance with the provisions of the Act. The CSR Committee comprises of:

Ms. Ananya Suneja - Non-executive Director
Mr. Santosh Dadheech - Non-executive Director
Dr. Vinod Juneja - Independent Director

A report on the Corporate Social Responsibility in accordance with the provisions of the Section 135 of the Companies Act, 2013 is provided in Annexure III to this Report. The CSR Policy is available on the website of the Company at the link: www.ercsl.edelweissfin.com

AUDITORS

At the 12th Annual General Meeting (AGM) of the Company held on July 24, 2018, the Members had appointed M/s. S. R. Batliboi & Co. LLP (Firm Registration No. 301003E/E300005), as the Auditors of the Company to hold the office, for a term of 5 years until the conclusion of the 17th AGM to be held in the year 2023.

Remuneration Policy

Objective

The Companies Act, 2013 ('the Act') requires a Company to frame policy for determining the remuneration payable to the Directors, Key Managerial Personnel (KMPs) and other employees. While appointing the Directors, the Nomination and Remuneration Committee, considers qualification, positive attributes, areas of expertise and number of Directorships in other companies and such other factors as it may deem fit. The Board considers the Committee's recommendation and takes appropriate action.

The objective of the Remuneration Policy (the Policy) of the Company is to provide a framework for the remuneration of the Independent Directors, Non-executive Directors, Managing Director/Executive Directors, KMPs, and other Senior level employees of the Company.

The objective of this Policy is to ensure that:

- i. the level and composition of remuneration is reasonable and sufficient to attract, retain talent required to run the company successfully;
- ii. relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- iii. remuneration to the Directors, KMPs and senior management comprises a balance of fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.

Remuneration of the Independent Directors & Non- executive Directors

- The Independent Directors & Non-executive Directors are eligible for sitting fees for attending the meetings of the Board and the Committees thereof.
- The Independent Directors & Non-executive Directors are also eligible for commission, subject to limits prescribed under the Act and the Rules framed there under.
- The Independent Directors are not eligible for stock options.
- The Non-executive Directors (other than promoter Directors) shall be eligible for stock options.
-

Remuneration of the Managing Director & Executive Directors

- The remuneration of the Managing Director/Executive Directors is recommended by the Nomination and Remuneration Committee ('NRC') to the Board. Based on the recommendations of the NRC, the Board determines and approves the remuneration of the Managing Director/Executive Directors, subject to necessary approvals, if any.
- The remuneration paid to the Managing Director/Executive Directors is within the limits prescribed under the Act and approved by the shareholders of the Company. The remuneration structure includes fixed salary, perquisites, bonus, other benefits and allowances and contribution to Funds, etc.
- The Executive Directors (other than the promoter Directors) shall be eligible for stock options.

Remuneration of the KMP (other than Executive Directors) and Senior level employees

- The key components of remuneration package of the KMP (other than Executive Directors) and Senior level employees shall comprise of fixed salary, perquisites, annual bonus, other benefits and allowances and contribution to Funds, etc.
- They shall be eligible for stock options.

Policy Review

- The Policy may be amended as may be necessary.
- The NRC shall implement the Policy, and may issue such guidelines, procedures etc. as it may deem fit.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Edelweiss Rural & Corporate Services Limited** (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2022, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of:

- (i) The Companies Act, 1956 to the extent applicable and The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011¹;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018²;
 - (d) The Securities and Exchange Board of India Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014³;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008/ now replaced with The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 w.e.f. August 9, 2021;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021⁴;
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018⁵;
 - (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and
- (vi) Other applicable laws as may be applicable specifically to the company, namely: NIL

¹ Not applicable to the Company during the Audit Period

² *ibid*

³ *ibid*

⁴ *ibid*

⁵ *ibid*

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with Stock Exchange(s).

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance in accordance with the Act and Secretarial Standards, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes⁶.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines (**Please see Annexure B**).

ERCSL is *inter alia* engaged in the business of financial services which includes commodity trading, shared services, loans and making investments etc.. No other business has been transacted that may have a major bearing on the company's affairs in pursuance of the laws, rules, regulations, guidelines, standards, etc. referred to above.

Our report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.
4. No audit has been conducted on the compliance with finance and taxation laws as the same are subject to audit by the Statutory Auditor and Internal Auditor to the Company and their observations, if any, shall hold good for the purpose of this audit report.
5. Wherever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
6. The compliance of the provisions of Corporate and other applicable laws rules, regulations is the responsibility of management; our examination was limited to the verification of procedures on test basis.
7. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.
8. Audit of the compliance with Other Laws has been undertaken based on scope of audit and the applicability of such Laws as ascertained by the Company and informed to us.

9. We have relied on reports of Internal Audit to the extent made available to us and the observations, if any, contained in such reports shall hold good for the purpose of this audit report.

Form No. MR-3
SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2022

*[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the
Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]*

To
The Members

Allium Finance Private Limited

Tower 3, Wing B, Kohinoor City Mall,
Kohinoor City Kiro Road,
Kurla West,
Mumbai - 400070.

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to corporate practices by **Allium Finance Private Limited** (hereinafter called 'the Company') for the audit period covering the financial year ended on March 31, 2022. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliance and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agent and authorized representatives during the conduct of Secretarial Audit, the explanations and clarifications given to us and the representation made by the Management, We hereby report that in our opinion, the Company has, during the audit period generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the Rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (SCRA) and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder¹;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above to the extent applicable.

During the period under review, the Company has complied with provisions of the Secretarial Standards issued by the Institute of Company Secretaries of India related to meetings and minute.

We further report that –

Having regard to the compliance system prevailing in the Company and on the examination of the relevant documents and records in pursuance thereof, on test- check basis, the Company has generally complied with the rules, regulations, directions and guidelines issued by Reserve Bank of India as are applicable to Non-Banking Financial Company- Systemically Important Non-Deposit taking Company.

¹ Not applicable to the Company during the Audit Period

We further report that -

The Board of Directors of the Company is duly constituted. There were no changes in the composition of the Board of Directors during the period under review.

Adequate notice is given to all the Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Decisions at the meetings of the Board of Directors of the Company were carried through on the basis of majority. There were no dissenting views by any member of the Board of Directors during the period under review.

We further report that

During the audit period there were no major actions or events undertaken by the Company which may have a major bearing on the Companies affairs in pursuance of the above referred laws, rules, guidelines, standards etc.

We further report that -

There are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines (**Please see Annexure B**).

CORPORATE GOVERNANCE REPORT

Company's Philosophy on Corporate Governance

At Edelweiss, we strongly uphold good governance practices to promote fairness, transparency, accountability and integrity. In line with this philosophy, Guiding Principles have been articulated and these forms integral part of the Company's corporate governance practices. Processes have been designed to run the businesses responsibly and harmonize diversified interests of various stakeholders thereby enhancing stakeholder value.

Board of Directors

Composition, Meeting and Attendance

The Board of Directors of the Company comprises of 5 Directors of which 3 are Non-executive Non-Independent Directors and 2 are Independent Directors.

The annual calendar of the Board Meetings is agreed upon at the beginning of the year. The agenda for the Board Meetings is circulated in advance and is backed by comprehensive background information to enable the Board to take informed decisions. During the financial year 2021-22, the Board met 7 times i.e. on: May 25, 2021, June 10, 2021, August 4, 2021, September 17, 2021, October 27, 2021, January 28, 2022 and March 24, 2022.

The names and categories of the Directors on the Board, their attendance at the Board Meetings held during the financial year 2021-22 and at the last Annual General Meeting (AGM), the number of directorships and committee positions held by them in other public limited companies and the name of the other listed entities where he/she is a Director and category of directorships as on March 31, 2022, are as under:

Name and DIN of the Directors	Category	No. of Board Meetings Attended	Attendance at the last AGM held on November 29, 2021	No. of directorships in other Public Limited Companies ⁵	Name of other Listed entities where person is Director - Category of Directorship	Committee Position* (Including this Company)	
						Member	Chairman
Dr. Vinod Juneja (DIN: 00044311)	Independent (Chairman)	7	No	8	2	5	1
Mr. Kunnasagar Chinniah (DIN 01590108)	Independent	7	No	6	2	6	-
Ms. Ananya Suneja (DIN: 07297081)	Non-executive	6	Yes	5	Nil	-	-
Mr. Nikhil Johari (DIN: 01960539)	Non-executive	6	No	1	Nil	-	-
Mr. Santosh Dadheech (DIN: 00196204)	Non-executive	7	Yes	Nil	Nil	-	-

\$ Only Directorships of public limited companies incorporated in India have been considered and excludes private limited companies, section 8 companies and foreign companies.

*Only Audit Committee and Stakeholders' Relationship Committee, in other public limited companies, have been considered for the Committee position.

None of the Directors hold office in more than 10 public companies as prescribed under the Companies Act, 2013 ('the Act'). No Director holds Directorships in more than 7 listed companies. Further, none of the Non-executive Directors serve as Independent Director in more than 7 listed companies as required under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('the Listing Regulations'). None of the Directors on the Board is a member of more than 10 Committees and Chairperson of more than 5 Committees, across all public limited companies in which he/she is a Director. Independent Directors are Non-executive Directors as defined under the Listing Regulations and the Act along with Rules framed thereunder. In terms of the Listing Regulations, the Independent Directors have confirmed that they are not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact their ability to discharge their duties.

Dr. Vinod Juneja is an Independent Director of Shyam Telecom Limited and Shristi Infrastructure Development Corporation Limited, the listed companies.

Mr. Kunnasagaran Chinniah is an Independent Director of Edelweiss Financial Services Limited and a Nominee Director of Nirlon Limited, the listed companies.

Based on the declarations received from the Independent Directors, the Board has confirmed that they meet the criteria of independence as prescribed under the Listing Regulations and that they are independent of the management. Further, the Independent Directors have, in terms of Section 150 of the Act read with Rule 6 of the Companies (Appointment & Qualification of Directors) Rules, 2014, confirmed that they have enrolled themselves in the Independent Directors' Databank maintained with the Indian Institute of Corporate Affairs. In the opinion of the Board, the Independent Directors are persons of integrity and possess relevant expertise, experience and proficiency.

All the Directors of the Company have confirmed that they are not disqualified for appointed as Directors pursuant to Section 164 of the Act.

M/s. SVVS & Associates, Company Secretaries, have issued a certificate certifying that none of the Directors on the Board of the Company have been debarred or disqualified from being appointed or continuing as Directors of Companies by the Securities & Exchange Board of India (SEBI), the Ministry of Corporate Affairs and any such statutory authority.

Board skills/expertise/competence matrix

The Board have identified the following parameters with respect to the skill/expertise/competence that are available with the Board in the context of the business and sector for it to function effectively:

Directors	Industry Knowledge / Experience			Technical Skills/Experience						Behavioural Competencies	
	Financial and Capital Markets	Understanding of laws and regulations	International Experience	Accounting and Finance	Risk Management	Strategic Management	Legal and Compliance	Information Technology	Governance	Leadership and Mentoring Skills	Interpersonal Relations
Dr. Vinod Juneja	*	*	*	*	*	*	*	*	*	*	*
Ms. Ananya Suneja	*	*	*	*	*	*	*	*	*	*	*
Mr. Santosh Dadheech	*	*	*	*	*	*	*	*	*	*	*
Mr. Nikhil Johari	*	*	*	*	*	*	*	-	*	*	*
Mr. Kunnasagaran Chinniah	*	*	*	*	*	*	*	*	*	*	*

Committees of the Board:

A) Audit Committee

Meetings held:

During the Financial Year 2021-22, the Committee met 5 times on June 10, 2021, August 4, 2021, September 17, 2021, October 27, 2021 and January 28, 2022.

The Committee comprises of Independent Directors only. The composition as on March 31, 2022 and attendance during the year ended March 31, 2022 is as under:-

Name of the Members	No. of meetings Attended
Mr. Kunnasagaran Chinniah - Chairman	5
Dr. Vinod Juneja	5
Mr. Nikhil Johari	5

All the members have financial management expertise. The constitution and terms of reference of the Committee are in compliance with the requirements of the Act and the Listing Regulations.

Brief description of the terms of reference of the Audit Committee *inter alia* include:

- 1) Oversight of the Company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible
- 2) Recommendation for appointment, remuneration and terms of appointment of auditors of the Company
- 3) Approval of payment to the statutory auditors for any other service rendered by the statutory auditors
- 4) Reviewing, with the Management, the annual financial statements and auditor's report thereon before submission to the Board for approval with particular reference to:
 - a. matters required to be included in the Directors Responsibility statement to be included in the Board's Report in terms of clause (c) of sub section 3 of the Section 134 of the Companies Act, 2013
 - b. changes if any, in the accounting policies and practices and reasons for the same
 - c. major accounting entries involving estimates based on the exercise of judgement by management
 - d. significant adjustments made in the financial statements arising out of audit findings
 - e. compliance with the listing and other legal requirements relating to financial statements
 - f. disclosure of any related party transactions
 - g. qualifications in the draft audit report.
- 5) Reviewing, with the Management, the quarterly financial statements before submission to the Board for approval
- 6) Evaluation of internal financial controls and risk management systems
- 7) Reviewing, with the management, performance of statutory auditors and internal auditors, adequacy of the internal control systems
- 8) Discussion with internal auditors of any significant findings and follow up thereon
- 9) Discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post audit discussion to ascertain any area of concern
- 10) To review the functioning of the Whistle Blower/Vigil mechanism
- 11) Carrying out any other function as is mentioned in the terms of reference of the Audit Committee.

The Auditors, Internal Auditors and the Chief Financial Officer are invited to attend the meetings of the Committee. The Company Secretary acts as the Secretary to the Committee.

B) Nomination and Remuneration Committee

Meetings held:

During the Financial Year 2021-22, the Committee met 3 times on May 25, 2021, September 17, 2021 and October 27, 2021.

The composition as on March 31, 2022 and attendance during the year ended March 31, 2022 is as under:-

Name of the Members	No. of Meetings Attended
Dr. Vinod Juneja - Chairman	3
Mr. Kunnasagaran Chinniah	3
Mr. Nikhil Johari	2

Brief description of the terms of reference of the Nomination & Remuneration Committee *inter alia* include:

- 1) Identifying the persons who can become Directors
- 2) Formulating the criteria for determining the qualifications, positive attributes etc. and independence of a Director
- 3) Recommending to the Board a policy relating to the remuneration for the Directors & Key Managerial Personnel
- 4) Recommend to the Board, all remuneration, in whatever form, payable to senior management
- 5) Specify the manner for effective annual evaluation of performance of the Board, its Committees and individual Directors.

The Company has formulated a Remuneration Policy which is annexed to the Board's Report.

Board Evaluation

During the year, in accordance with the Board Evaluation Policy and the Guidance Note on Board Evaluation issued by SEBI, an annual evaluation of its own performance and that of the Committees and Directors pursuant to the provisions of the Act and the Listing Regulations was carried out by the Board on various parameters which inter alia included composition, diversity, effectiveness, quality of discussion, contribution at the meetings, business acumen, strategic thinking, time commitment, relationship with the stakeholders, corporate governance practices, contribution of the Committees etc.

A separate meeting of the Independent Directors was held wherein the performance of the Non-Independent Directors, performance of the Board as a whole (including the Committees) and also that of the Chairman in terms of the provisions of the Act, the Listing Regulations and the Guidance Note issued by SEBI in this regard was discussed.

Familiarization Programme

The Independent Directors are familiarized with their roles, rights, responsibilities etc. in relation to the nature of the financial services sector and the business model of the Company. The details are uploaded on the website of the Company at: www.ercsl.edelweissfin.com.

Remuneration to the Directors

The Company pays sitting fees of ₹20,000 per meeting to the Independent Directors for attending the meetings of the Board and the Committees thereof.

The details of the remuneration paid to the Directors during the financial year ended March 31, 2022 are as under:

(Amount Rs. in million)

Name of the Director	Remuneration (fixed & performance bonus)	Perquisites	Sitting Fees	Commission	Others*	Total

Compliance Certificate on Corporate Governance

The Members,

Edelweiss Rural & Corporate Services Limited

2nd Floor, MB Towers, Plot No. 5,

Road No. 2, Banjara Hills,

Hyderabad,

Telangana – 500034.

We have examined the compliance with the conditions of Corporate Governance of **Edelweiss Rural & Corporate Services Limited** ("the Company") for the year ended on 31st March, 2022, as prescribed in the Regulations 17 to 27, 62(1A), and Para C, D and E of **Schedule V** of The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance, as mandatorily applicable, as specified in **the aforesaid provisions** of the Listing Regulations.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statements of the Company. We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of Edelweiss Rural & Corporate Services Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Edelweiss Rural & Corporate Services Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate comprising of the consolidated Balance sheet as at March 31 2022, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries and associate, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, and its associate as at March 31, 2022, their consolidated loss including other comprehensive loss, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group and its associate in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to note 63 of the consolidated financial statements, which describes the economic and social disruption as a result of continued COVID-19 pandemic of the Group's business and financial metrics including the Group's estimates of impairment of loans and investments, which are highly dependent on uncertain future developments. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matters	How our audit addressed the key audit matter
Impairment of financial instruments (expected credit losses) (as described in Note 53 (c) of the consolidated financial statements)	
<p>Ind AS 109 requires the Group to provide for impairment of its financial assets as at the reporting date using the expected credit loss (ECL) approach. ECL involves an estimation of probability-weighted loss on financial instruments over their life, considering reasonable and supportable information about past events, current conditions, and forecasts of future economic conditions which could impact the credit quality of the Group's financial assets (loan portfolio).</p> <p>In the process, a significant degree of judgement has been applied by the management for:</p> <ul style="list-style-type: none"> • Staging of financial assets (i.e. classification in 'significant increase in credit risk' ("SICR") and 'default' categories); • Assigning internal rating grades to customers for which external rating is not available; 	<p>Our audit procedures included but were not limited to:</p> <ul style="list-style-type: none"> • Read and assessed the Group's accounting policy for impairment of financial assets and its compliance with Ind AS 109 • Tested the design and operating effectiveness of the controls for staging of loans based on their past-due status. Tested samples of performing (stage 1) loans to assess whether any loss indicators were present requiring them to be classified under stage 2 or 3. • We performed procedures to test the inputs used in the ECL computation, on a sample basis. • Tested assumptions used by the management in determining the overlay for macro-economic factors (including COVID-19 pandemic). • Tested the arithmetical accuracy of computation of ECL provision performed by the Group in spreadsheets. • Assessed disclosures included in the consolidated financial statements in respect of expected credit losses including

Key audit matters	How our audit addressed the key audit matter
<ul style="list-style-type: none"> • Calibrating external ratings-linked probability of default to align with past default rates; • Estimation of management overlay for macro-economic factors bearing a correlation with the credit quality of the Group's loan portfolio. <p>Impact of COVID-19</p> <p>Considering the evolving nature of the COVID-19 pandemic, which has continued to impact the Group's business operations, resulting in higher loan losses, the Group has recorded a management overlay as part of its ECL, to reflect among other things an increased risk of deterioration in macro-economic factors caused by the pandemic. In accordance with the guidance in Ind AS 109, the management overlay estimate requires to takes into account reasonable and supportable information.</p> <p>In view of the high degree of management's judgement involved in estimation of ECL, accentuated by the COVID-19 pandemic, it is a key audit matter.</p>	<p>the specific disclosures made with regards to the management's evaluation of the uncertainties arising from COVID-19 and its impact on ECL estimation.</p>
<p>Information technology (IT) systems and controls</p>	
<p>The reliability and security of IT systems play a key role in the business operations, financial accounting and reporting process of the Group. Since large volume of transactions are processed daily, the IT controls are required to ensure that applications process data as expected and that changes are made in an appropriate manner. Any gaps in the IT control environment could result in a material misstatement of the financial accounting and reporting records.</p>	<p>We performed the following procedures for testing IT general controls and for assessing the reliability of electronic data processing, assisted by specialized IT auditors:</p> <ul style="list-style-type: none"> • The aspects covered in the IT General Control audit were (i) User Access Management (ii) Program Change Management (iii) Other related ITGCs - to understand the design and test the operating effectiveness of such controls; • Assessed the changes that were made to the key systems during the audit period and assessing changes that have impact on financial reporting;

Key audit matters	How our audit addressed the key audit matter
Therefore, due to the pervasive nature and complexity of the IT environment, the assessment of the general IT controls and the application controls specific to the accounting and preparation of the financial information is considered to be a key audit matter.	<ul style="list-style-type: none">• Tested the periodic review of access rights. We inspected requests of changes to systems for appropriate approval and authorization.• Performed tests of controls (including other compensatory controls wherever applicable) on the IT application controls and IT dependent manual controls in the system.• Tested the design and operating effectiveness of compensating controls, where deficiencies were identified and, where necessary, extended the scope of our substantive audit procedures.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board report, but does not include the consolidated financial statements and our auditor's report thereon, which we have obtained prior to the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and of its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of

preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and of its associate are also responsible for overseeing the financial reporting process of the Group and of its associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.

- ▶ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ▶ Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements and other financial information, in respect of 4 subsidiaries whose financial statements include total assets of Rs 49,529.02 million as at March 31, 2022, and total revenues of Rs 7,581.52 million and net cash outflows of Rs 6,512.86 million for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. The consolidated financial statements also include the Group's share of net loss of Rs. 360.82 million for the year ended March 31, 2022, as considered in the consolidated financial statements, in respect of 1 associate, whose financial statements, other financial information have been audited by other auditors and whose reports have been furnished to us by the Management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and associate, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, and associate, is based solely on the reports of such other auditors.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies and associate, incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure 1" a statement on the matters specified in paragraph 3(xxi) of the Order.
2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries and associates, as noted in the 'other matter' paragraph we report, to the extent applicable, that:
 - (a) We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies and its associate, none of the directors of the Group's companies and its associates, incorporated in India, is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies, and its associate, incorporated in India, and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

- (g) In our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries and associates incorporated in India, the managerial remuneration for the year ended March 31, 2022 has been paid / provided by the Holding Company, its subsidiaries and associates incorporated in India to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries and associate, as noted in the 'Other matter' paragraph:
- i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group and its associates in its consolidated financial statements - Refer Note 42.1 to the consolidated financial statements;
 - ii. The Group and its associates did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31, 2022;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, its subsidiaries and associate, incorporated in India during the year ended March 31, 2022.
 - iv. a) The respective managements of the Holding Company and its subsidiaries and associate which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries and associate respectively that, to the best of its knowledge and belief, as disclosed in note 76 (a) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries and associate to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the respective Holding Company or any of such subsidiaries and associate ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

Annexure 2 to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Edelweiss Rural & Corporate Services Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Edelweiss Rural & Corporate Services Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group and its associate, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statement included obtaining an understanding of internal financial controls with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to these consolidated financial statements.

Meaning of Internal Financial Controls With Reference to these Consolidated Financial Statements

A Company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group and its associate, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

S.R. BATLIBOI & Co. LLP

Chartered Accountants

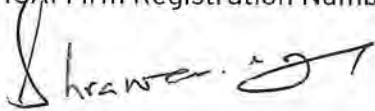

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, in so far as it relates to these 4 subsidiaries and 1 associate, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries incorporated in India.

It is part of Edelweiss Group and is a ultimate subsidiary of the listed holding company Edelweiss Financial Services Limited. The Company provides loans to group companies and makes investments within the group. It also holds the technology shared service centre which provides service to group companies. Further, the company owns property which earns regular rental income.

1.2 Basis of preparation and presentation of consolidated financial statements

The consolidated financial statements relate to Edelweiss Rural & Corporate Services Limited ('the Company') and its subsidiaries (together 'the Group'). The Group is primarily engaged in (a) agency business which includes advisory and other fee based services, (b) Capital based business which includes income from treasury, investment income and financing.

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules ,2015 (as amended from time to time).

These consolidated financial statements have been prepared on a historical cost basis except for certain financial instruments such as financial asset measured at fair value through other comprehensive income ("FVOCI") instruments, derivative financial instruments, fair value through Profit or Loss and other financial assets held for trading, which have been measured at fair value. The consolidated financial statements are presented in Indian Rupees ("INR") and all values are rounded to the nearest million, except when otherwise indicated.

All assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Group has considered an operating cycle of 12 months.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (continued)

Principles of consolidation

The consolidated financial statements as on 31 March 2022, comprise the financial statements of the Company and its subsidiaries as at 31 March 2022. The Group consolidates a subsidiary when it controls it. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee, if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies. However, no subsidiaries have followed different accounting policies other than those followed by the Group for the preparation of these consolidated financial statements.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent Group, i.e., year ended on 31 March 2022.

Consolidation procedure:

- Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary, refer note 1.19 for policy on business combination.
- Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, are eliminated in full). Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (continued)

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction. With respect to put options granted by the Group to the holders of non-controlling interests in a subsidiary, where the Group does not have a present ownership interest in the shares subject to put, till the put remains unexercised, non-controlling continues to be recognised including allocation of profit or loss, other comprehensive income and other changes in equity of the subsidiary. However, at each reporting date, the non-controlling interest is derecognised as if it were acquired at that date and a financial liability is recognised and measured at its fair value. The difference between these two amounts is recognised as an equity transaction and attributed to owners of the parent.

Investment in associates:

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decision of the investee, but its not control or joint control over those policies.

The subsidiaries considered in the consolidated financial statements.

S. No	Name of the Entity	Country of Incorporation	Proportion of ownership interest as at 31 March 2022
Subsidiaries			
1	Edelweiss Comtrade Limited*	India	100%
2	Allium Finance Private Limited	India	70.97 %
3	Edelweiss Housing Finance Limited	India	55.23 %
4	Edelweiss Investment Adviser Limited	India	100.00%
Associates			
1	Edel Land Limited	India	37.59%

*Edelweiss Comtrade Limited, a subsidiary of the Group has ceased its operation and does not have any business activity planned for future. Accordingly, the financial statements for the year have been prepared on a non-going concern basis

1.3 Use of estimates

The preparation of the consolidated financial statements requires management to make certain estimates and assumptions that affect the reported amount of assets, liabilities and disclosure of contingent liabilities on the date of the consolidated financial statements and the reported revenue and expense during the reporting period. Actual results could differ from the estimates.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

1.4 Revenue recognition

- Revenue is measured at fair value of the consideration received or receivable. Revenue is recognized when the Group satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when the customer obtains control of that asset. When a performance obligation is satisfied, the Group recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation. The Group applies the five-step approach for recognition of revenue:
 - (i) identification of contract(s) with customers;
 - (ii) Identification of the separate performance obligations in the contract;
 - (iii) Determination of transaction price;
 - (iv) Allocation of transaction price to the separate performance obligations; and
 - (v) Recognition of revenue when each performance obligation is satisfied
- Fee income including advisory fees is accounted over the period as the customer simultaneously receives and consumes the benefits, as the services are rendered.
- Business support services including web-based services are accounted on accrual basis in accordance with the terms and contracts entered into between the Group and the counterparty.
- Profit / loss on sale of investments is recognised on trade date basis.
- Commodities sales are accounted as per terms of agreement with the parties.
- Interest income is recorded using the effective interest rate ("EIR") method for all financial instruments measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset. The EIR is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR.
- Warehouse income is recognised on accrual basis by reference to the agreements entered with customers.
- Agency commission/procurement income is recorded in pursuant to the terms and conditions mentioned in scope of work /agreement.
- Insurance and other claims are recognized as revenue on certainty of realisation.
- Interests on delayed payments, warehousing charges and rental income are recognised on accrual basis by reference to the agreements entered.
- Profit / (loss) from share in partnership firm is accounted once the amount of the share of profit/ (loss) is ascertained and credited / debited to the Group's account in the books of the partnership firm.
- Dividend income is recognised in profit or loss when the Group's right to receive payment of the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity, and the amount of the dividend can be measured reliably.
- Real estate advisory income is recognised basis the terms and conditions mentioned in the agreement.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

1.5 *Financial Instruments*

Date of recognition

Financial assets and financial liabilities, with the exception of borrowings are initially recognised on the trade date i.e. the date that the Group becomes a party to the contractual provisions of the instrument. This includes regular way trades; purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. The Group recognises borrowings when funds reach the Group.

Initial measurement of financial instruments

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Day 1 profit or loss

When the transaction price of the financial instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Group recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in statement of profit and loss when the inputs become observable, or when the instrument is derecognised.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

Classification of financial instruments

The Group classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- Amortised cost
- Fair value through Other Comprehensive Income ("FVTOCI")
- Fair Value through Profit or loss ("FVTPL")

The Group measures debt financial assets that meet the following conditions at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Sales that occur for below reason are considered as consistent with business model whose objective is to hold financial assets in order to collect contractual cash flows.

- if those sales are infrequent (even if significant in value) or insignificant in value both individually and in aggregate (even if frequent).
- if such sales are made close to maturity of financial asset and proceeds from sale approximate the collection of the remaining contractual cashflow
- selling a financial asset because of significant increase in credit risk.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are subsequently measured at FVTPL.

Amortized cost and Effective interest rate (EIR)

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition. For purchased or originated credit impaired financial assets, a credit-adjusted effective interest rate is calculated by discounting the estimated future cash flows, including expected credit losses, to the amortised cost of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (continued)

Financial assets held for trading

The Group classifies financial assets as held for trading when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is evidence of a recent pattern of short-term profit taking. Held for trading assets and liabilities are recorded and measured in the balance sheet at fair value.

Financial assets at fair value through profit or loss

Financial assets in this category are those that are not held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109. These include debt securities, equity instruments, mutual fund units, nifty linked debentures etc.

Disclosure requirement of Ind AS 107-Financial Instruments: Disclosure

Investment in equity instruments

The Group subsequently measures all equity investments (other than subsidiaries, associates, and other group companies) at fair value through profit or loss, unless the management has elected to classify irrevocably some of its strategic equity investments to be measured at FVTOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis. Investments in subsidiaries and associates are carried at cost as permitted under Ind AS 27 (Consolidated and Separate Financial Statements). The investment in other group companies are carried at cost.

Investment in mutual funds and preference Shares

The Group subsequently measures all investments in mutual fund and preference shares at fair value through profit or loss as these financial assets do not pass the contractual cash flow test as required by Ind AS- 109- Financial Instruments, for being designated at amortised cost or FVTOCI, hence classified at FVTPL.

Financial liabilities

All financial liabilities are measured at amortised cost except loan commitments, financial guarantees, and derivative financial liabilities.

Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the EIR.

The Group has issued certain non-convertible debentures, the return of which is linked to performance of specified indices over the period of the debenture. Such debentures have a component of an embedded derivative which is fair valued at a reporting date. The resultant 'net unrealised loss or gain' on the fair valuation of these embedded derivatives is recognised in the statement of profit and loss. The debt component of such debentures is measured at amortised cost using yield to maturity basis.

Financial liabilities and equity instruments

Financial instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group entity are recognised at the proceeds received, net of direct issue costs.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (continued)

Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.

Redeemable preference shares

Redeemable preference shares issued are classified as financial liabilities and are measured at fair value at inception and at amortised cost subsequently.

Where the transaction price for the preference shares issued differs from the fair value, the difference is recognized in profit or loss unless the difference is a deemed capital contribution from the Group, in which case, the said difference is recognized in equity.

In accounting for these preference shares at amortised cost subsequent to initial recognition, interest expense based on the effective interest rate is recognized in profit or loss. This effective interest rate is based on the initial measurement of the preference shares (fair value) and the maturity amount. Any gain or loss on derecognition is recognized in profit or loss unless the difference is due to a transaction with a related party, in which case, the same is recognized as a deemed distribution or return of deemed capital contribution, as the case may be.

Compulsory Convertible Instruments

Compulsory Convertible Debentures/ Preference shares are separated into liability and equity components based on the terms of the contract. At the inception of the Compulsory Convertible Instruments, the following two elements will be separated:

- (a) a liability component arising from the interest payments; and
- (b) an equity component representing the delivery of fixed number of equity shares in future.

On issuance of the Compulsory Convertible Instrument, the fair value of the liability portion is determined using a market interest rate for an equivalent non convertible bonds. This amount is recorded as a liability on an amortised cost basis until extinguished on conversion of the bonds. The remainder of the proceeds is attributable to the equity portion of the compound instrument since it meets Ind AS 32, Financial Instruments: Presentation, criteria for fixed to fixed classification. The carrying amount of the equity component is not subsequently re-measured.

Reclassification of financial assets and liabilities

The Group does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Group acquires, disposes of, or terminates a business line.

Derecognition of financial assets and financial liabilities

A transfer only qualifies for derecognition if either:

- The Group has transferred substantially all the risks and rewards of the asset; or
- The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Group considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing financial liability are substantially modified, such an exchange or modification is treated as a derecognition of the original financial liability and the recognition of a new financial liability. The difference

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

Impairment of financial assets

The Group records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, together with loan commitment and financial guarantee contracts, in this section all referred to as 'financial instruments'. Equity instruments are not subject to impairment.

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables and lease receivables. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on portfolio of its receivables. The provision matrix is based on its historically observed default rates over the expected life of the receivables.

For all other financial instruments, the Group recognises lifetime ECL when there has been a significant increase in credit risk (SICR) since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses (12m ECL). The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of an evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. As for the exposure at default (EAD), for financial assets, this is represented by the assets' gross carrying amount at the reporting date; for loan commitments and financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Group's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the ECL is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate. The Group recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Collateral valuation

To mitigate its credit risks on financial assets, the Group seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. Collateral, unless repossessed, is not recorded on the balance sheet. However, the fair value of collateral affects the calculation of ECLs. It is generally assessed, at a minimum, at inception and re-assessed on a periodical basis. However, some collateral, for example, cash or securities relating to margining requirements, is valued daily.

To the extent possible, the Group uses active market data for valuing financial assets held as collateral. Other financial assets which do not have readily determinable market values are valued using models.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

Collateral repossessed

The Group's policy is to determine whether a repossessed asset can be best used for its internal operations or should be sold. Assets determined to be useful for the internal operations are transferred to their relevant asset category at the lower of their repossessed value or the carrying value of the original secured asset. Assets for which selling is determined to be a better option are transferred to assets held for sale at their fair value (if financial assets) and fair value less cost to sell for non-financial assets at the repossession date in line with the Group's policy.

Write off

Financial assets are written off either partially or in their entirety only when the Group has no reasonable expectation of recovery.

Derivative financial instruments

Initial recognition and subsequent measurement

The Group uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The purchase contracts that meet the definition of a derivative under Ind AS 109 are recognised in the statement of profit and loss. Commodity contracts that are entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the Group's expected purchase, sale or usage requirements are held at cost.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability.

Business model assessment

Classification and measurement of financial assets depends on the results of the solely payments of principal and interest (SPPI) and the business model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed.

Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

Determination of fair value

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

- Level 1 financial instruments –Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.
- Level 2 financial instruments–Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.
- Level 3 financial instruments –Those that include one or more unobservable input that is significant to the measurement as whole. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Group periodically reviews its valuation techniques including the adopted methodologies and model calibrations.

Therefore, the Group applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments.

The Group evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (continued)

1.6 Earnings per share

Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all potential equity shares.

1.7 Foreign currency transactions

The financial statements are presented in Indian Rupees which is also functional currency of the Group. Transactions in currencies other than Indian Rupees (i.e. foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

1.8 Retirement and other employee benefit

Provident fund and national pension scheme

The Group contributes to a recognised provident fund and national pension scheme which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognised in the statement of profit and loss.

Gratuity

The Group's gratuity scheme is a defined benefit plan. The Group's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Remeasurements are not reclassified to profit or loss in subsequent periods.

Compensated Absences

The eligible employees of the Group are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Group recognises the charge in the statement of profit and loss and corresponding liability on such non-vesting

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

accumulated leave entitlement based on a valuation by an independent actuary. The cost of providing annual leave benefits is determined using the projected unit credit method.

1.9 *Share-based payment arrangements*

Equity-settled share-based payments to employees are granted by the ultimate parent Group. These are measured by reference to the fair value of the equity instruments at the grant date. These includes Stock Appreciation Rights ("SAR"s) where the right to receive the difference between the SAR price and the market price of equity shares of the ultimate parent Group on the date of exercise, either by way of cash or issuance of equity shares of the ultimate parent Group, is at the discretion of the ultimate parent Group. These are classified as equity settled share-based transaction.

The fair value determined at the grant date of the equity-settled share-based payments is expensed over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the 'ESOP reserve'. In cases where the share options granted vest in instalments over the vesting period, the Group treats each instalment as a separate grant, because each instalment has a different vesting period, and hence the fair value of each instalment differs.

1.10 *Property, plant and equipment*

Property, Plant and Equipment is stated at cost excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent costs incurred on an item of property, plant and equipment are recognised in the carrying amount thereof when those costs meet the recognition criteria as mentioned above. Repairs and maintenance are recognised in profit or loss as incurred.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives. Depreciation is provided on a written down value basis from the date the asset is ready for its intended use or put to use whichever is earlier. In respect of assets sold, depreciation is provided up to the date of disposal.

As per the requirement of Schedule II of the Companies Act, 2013, the Group has evaluated the useful lives of the respective fixed assets which are as per the provisions of Part C of the Schedule II for calculating the depreciation. The estimated useful lives of the fixed assets are as follows:

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (continued)

Estimated useful lives of the assets are as follows:

Nature of assets	Estimated Useful Life
Building (Other than Factory Building)	60 years
Plant and equipments	15 years
Furniture and fittings	10 years
Vehicles	8 years
Office equipments	5 years
Computers - Servers and networks	6 years
Computers - End user devices, such as desktops, laptops, etc.	3 years
Solar Power Plant	15 years

Leasehold improvements are amortised on a straight-line basis over the estimated useful lives of the assets or the period of lease, whichever is shorter.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Land and buildings are subsequently shown at fair value based on periodic valuations by external independent valuers, less subsequent depreciation for buildings. Valuations will be carried out on a regular basis, unless the management consider it appropriate to have an earlier revaluation, such that the carrying amount of property does not differ materially from that which would be determined using fair values at the end of the reporting period. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset, and the net amount is restated to the revalued amount of the asset.

Subsequent measurement of land and building under revaluation model

Increases in the carrying amount arising on revaluation of land and buildings are credited to other comprehensive income and shown as a revaluation reserve in shareholders' equity. An exception is a gain on revaluation that reverses a revaluation decrease (impairment) on the same asset previously recognised as an expense. Decreases that offset previous increases of the same asset are charged in other comprehensive income and debited against the revaluation reserve directly in equity; all other decreases are charged to profit or loss. Each year the difference between depreciation based on the revalued carrying amount of the asset charged to profit or loss and depreciation based on the asset's original cost is transferred from the revaluation reserve to retained earnings.

Right-of-use assets are presented together with property and equipment in the statement of financial position – refer to the accounting policy 1.16. Right-of-use assets are depreciated on a straight-line basis over the lease term.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (continued)

amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Intangible fixed assets

Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortization and impairment, if any.

Intangibles such as software are amortised over a period of 3 years based on its estimated useful life.

Intangible assets under development are recorded at the consideration paid for the acquisition of such assets.

Impairment of non-financial assets

The Group assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of the depreciable historical cost.

1.11 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less.

1.12 Inventories

Inventories in the form of commodities are valued at weighted average cost or net realisable value, whichever is lower.

1.13 Provisions and other contingent liabilities

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Claims against the Group, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

1.14 Income tax expenses

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax assets are also recognised with respect to carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

It is probable that taxable profit will be available against which a deductible temporary difference, unused tax loss or unused tax credit can be utilised when there are sufficient taxable temporary differences which are expected to reverse in the period of reversal of deductible temporary difference or in periods in which a tax loss can be carried forward or back. When this is not the case, deferred tax asset is recognised to the extent it is probable that:

- the entity will have sufficient taxable profit in the same period as reversal of deductible temporary difference or periods in which a tax loss can be carried forward or back; or
- tax planning opportunities are available that will create taxable profit in appropriate periods.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

Minimum Alternative Tax (MAT) credit

MAT credit asset is recognized where there is convincing evidence that the asset can be realized in future. MAT credit assets are reviewed as at the balance sheet date and written down or written up to reflect the amount that is reasonably certain to be realised.

1.15 Operating leases

Group as a lessee

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right of use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

Lease Liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Group as a lessor

The Group's accounting policy under Ind AS 116 has not changed from the comparative period. As a lessor the Group classifies its lease as either operating or financing leases. A Lease is classified as finance lease if it transfers substantially all the risks and rewards incidental to ownership of the underlying asset and classified as an operating lease if does not.

1.16 Investment property

Properties, including those under construction, held to earn rentals and/or capital appreciation are classified as investment property and are measured and reported at cost, including transaction costs.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

Depreciation is recognised using straight line method so as to write off the cost of the investment property less their residual values over their useful lives specified in Schedule II to the Companies Act, 2013 or in the case of assets where the useful life was determined by technical evaluation, over the useful life so determined. Depreciation method is reviewed at each financial year end to reflect the expected pattern of consumption of the future benefits embodied in the investment property. The estimated useful life and residual values are also reviewed at each financial year end and the effect of any change in the estimates of useful life/residual value is accounted on prospective basis.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of property is recognised in the Statement of Profit and Loss in the same period.

1.17 Receivables from Agency Business

The Group's business includes 'Agency Business' wherein acts as a procurement agent for its various principals, and renders other related end to end value additive services like procurement formalities including importing, receiving and storing of goods, insuring, maintenance of goods in proper condition, dispatch to designated parties, facilitating funding, etc. The Group procures goods and makes payment to the supplier on behalf of the principal. The payment made to supplier is shown as Trade receivables (current) and is secured by inventory held on behalf of principal marked as lien.

1.18 Business Combination

The acquisition method of accounting is used for business combinations by the Group. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values with certain limited exceptions. Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Common controlled business combination means a business combination involving entities or businesses in which all the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination, and that control is not transitory. Business combinations involving entities or businesses under common control are accounted for using the pooling of interests method.

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements *(continued)*

1.19 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 1, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations, that the management has made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements.

Business model assessment

Classification and measurement of financial assets depends on the results of the solely payments of principal and interest (SPPI) and the business model test. The Group determines the business model at a level that reflects how Group's of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance is measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the quantum, the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Significant increase in credit risk

ECL is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. In assessing whether the credit risk of an asset has significantly increased the Group takes into account qualitative and quantitative reasonable and supportable forward-looking information.

Determining lease term for lease contracts with renewal and termination option

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain, whether or not, to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control that affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation of the leased asset).

1.20 Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, as described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values.

Impairment of financial assets

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Group's expected credit loss (ECL) calculations are outputs of models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- Probability of default (PD) calculation includes historical data, assumptions and expectations of future conditions.
- The Group's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life-time expected credit loss and the qualitative assessment.
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs

Edelweiss Rural & Corporate Services Limited

Notes to the consolidated financial statements (*continued*)

- Determination of associations between macroeconomic scenarios and, economic
- Inputs, such as unemployment levels and collateral values, and the effect on PDs, Exposure at default (EAD) and loss given default (LGD)
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

It is Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

Effective interest rate method

The Group's EIR methodology, as explained in Note 1.6, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of characteristics of the product life cycle.

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes fee income/expense that are integral parts of the instrument

Accounting for deferred taxes

Deferred tax assets are recognised on unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Group has recognised deferred tax assets on carried forward tax losses with respect to certain subsidiaries where the Group believes that the said deferred tax assets shall be recoverable based on the estimated future taxable income which in turn is based on approved business plans and budgets. The losses are allowed to be carried forward to the years in which the Group expects that there will be sufficient taxable profits to offset these losses.

Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate ('IBR') to measure lease liabilities. Incremental borrowing rate is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

Edelweiss Rural & Corporate Services Limited

Edel Finance company Limited	4,65,35,367	100.00%	3,97,75,367	100.00%

Rights, preferences and restrictions attached to equity shares:

the Company has only one class of equity shares having a par value of Rs 10 each. Each holder of equity shares is entitled to one vote per share held. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

Terms of Compulsory Convertible Preference Shares ("CCPS")

Non-cumulative Dividend of 0.01% per annum on the face value of the CCPS shall be paid to the CCPS holders. The CCPS will automatically be convertible into equity shares at the end of 10 years from the date of allotment. 1 CCPS will be Converted into 1 Equity Share. 13,59,955 equity shares will be issued on conversion.

Terms of Compulsorily Convertible Debentures (the "Debenture"/"CCDs")

CCD carrying coupon of 0.01% on the face value of the CCDs shall be paid to the CCD holders. The CCDs will be convertible into equity shares within period not exceeding 10 years from the date of allotment. 1 CCD will be converted into 2.71 Equity Shares. i.e. 33,21,033 equity shares will get issued on the date of conversion of CCD.

Note 1:

No share allotted as fully paid up by way of bonus shares by the Company during the period of five years immediately preceding the balance sheet date.

Note 2:

No shares bought back by the Company during the period of five years immediately preceding the balance sheet date.

	<u>(5,042.21)</u>	<u>(6,068.05)</u>

Capital reserve

The Group recognises profit and loss on purchase, sale, issue or cancellation of the Group's own equity instruments to capital reserve.

Reserve under section 29C of the National Housing Bank Act, 1987

Reserve created under section 29C of National Housing Bank Act, 1987 a sum not less than twenty per cent of its net profit every year as disclosed in the profit and loss account and before any dividend is declared.

Special Reserve under Section 45-IC of the Reserve Bank of India Act, 1934

Reserve created under 45-IC(1) in The Reserve Bank of India Act, 1934, a sum not less than twenty per cent of its net profit every year, as disclosed in the statement of profit and loss account and before any dividend is declared.

Capital redemption reserve

As per Companies Act, 2013, capital redemption reserve is created when Group purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve. The reserve is utilised in accordance with the provisions of section 69 of the Companies Act, 2013.

Securities premium

Securities premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of section 52 of the Companies Act, 2013.

Debenture redemption reserve

The Companies Act 2013 requires companies that issue debentures to create a debenture redemption reserve from annual profits until such debentures are redeemed. the Group is required to transfer a specified percentage (as provided in the Companies Act, 2013) of the outstanding redeemable debentures to debenture redemption reserve. The amounts credited to the debenture redemption reserve may not be utilised except to redeem debentures. On redemption of debentures, the amount may be transferred from debenture redemption reserve to retained earnings.

ESOP reserve

Certain of the Group's employees have been granted options to acquire equity shares of the ultimate holding Company (Edelweiss Financial Services Limited). This reserve represents the cost of these options based on their fair value at the grant dates as recognised over the vesting period of such options, to the extent that the ultimate holding Company has not recovered such cost from the Group.

Deemed contribution / distribution

For transactions with group companies, where the transaction price is different than the fair value of the concerned financial instrument on the transaction date, the difference is treated as deemed contribution from the group or deemed distribution to the group (as the case may be) and recognized in retained earnings.

Revaluation Reserve

The Group decided to move to revaluation model from cost model for accounting a class of asset (i.e. flats and building) as at 31st March 2020. The management approved revaluation of owned land and buildings classified under property plant and equipment after assessing the valuation made by duly appointed independent valuer. The difference between valuation amount and the carrying value of land and buildings is accounted under Revaluation Reserve through other comprehensive income.

40 Segment reporting

Primary Segment (Business segment)

The Group's business is organised and management reviews the performance based on the business segments as mentioned below:

Segment	Activities covered
Capital based business	Capital intensive business includes Lending, investing and investment property
Treasury management	Interest income and trading in securities
Business Support Services	Centralized support services in the nature of administration, compliance, payroll, finance and accounts, Technical support etc. provided to group companies
Warehouse services	Warehouse services includes warehousing and collateral management services for agri commodities
Trading in commodities	Purchase and sale of agri commodities

Income for each segment has been specifically identified. Expenditure, assets and liabilities are either specifically identified with individual segments or have been allocated to segments on a systematic basis. Based on such allocations, segment disclosures relating to revenue, results, assets and liabilities have been prepared.

Secondary Segment

Since the business operations of the Group are primarily concentrated in India, the Group is considered to operate only in the domestic segment and therefore there is no reportable geographic segment.

The following table gives information in terms of provisions of Accounting Standard on Segment Reporting (Ind AS 108)

Particulars		As at/ For the year ended 31 March 2022	As at/ For the year ended 31 March 2021

0.00 represents amount less than Rs. 0.01 million

Note:

- (1) Previous year's figures have been restated where necessary.
- (2) As part of fund based activities, intergroup company loans and advances activities undertaken are generally in the nature of revolving demand loans. Such loans and advances, voluminous in nature, are carried on at arm's length and in the ordinary course of business. Pursuant to Ind AS 24 – Related Party Disclosures, maximum amount of loans given and repaid are disclosed above as in the view of the management it provides meaningful reflection of such related party
- (3) Information relating to remuneration paid to key managerial person mentioned above excludes provision made for gratuity, leave encashment and deferred bonus which are provided for group of employees on an overall basis. These are included on cash basis. The variable compensation included herein is on cash
- (4) Loan given to subsidiaries and fellow subsidiaries are for the general corporate business.
- (5) Remuneration to KMP's shall be within the limit as prescribed.

B

Edelweiss Rural & Corporate Services Limited

Notes to the Consolidated financial statements (continued)

(Currency: Indian rupees in millions)

42 Contingent liabilities, commitments and leasing arrangements:

42.1 Contingent liabilities and commitments

- a) Taxation matters in respect of which appeal is pending Rs. 418.52 million (Previous year: Rs. 510.00 million).
- b) Corporate guarantee given by the Group to bank for Rs.1,324.42 million (Previous year: Rs. 1,890.58 million) for availing Fund based Banking facilities by its subsidiary Company Edelweiss Housing Finance Limited.
- c) The Group has given composite corporate guarantee to bank for Rs. 569.98 million (Previous year: Rs. Nil million) for availing fund based Banking facilities by its subsidiary/fellow Subsidiary Companies i.e. Edelweiss Housing Finance Limited, ECL Finance Limited and Edelweiss Retail Finance Limited.
With reference Deed of Guarantee agreement between the Company and the Lender, the liability of the Company is lower of value of immovable properties of the Company or outstanding respective facilities of the respective Group Companies. The charge created on immovable properties of the Company amounting to Rs. 569.98 million as at March 31, 2022.
- d) The Group has given guarantee of Rs. 726.55 million (Previous year Rs.766.20 million) on behalf of Edel Finance Company Limited ('EFCL'), a holding company, which has sold certain financial assets to Edelweiss Asset Reconstruction Company Limited ('EARC'), another group company. The terms of sale required any Edelweiss group company to provide EARC with unconditional and irrevocable guarantee for securing the guaranteed obligation of EFCL.
- e) Undrawn Commitments for AIF funds Rs.. 4,743.14 million (Previous Year Rs.3,184.67 million)
- f) During the year ended 31 March 2022, certain assets amounting to Rs. 1284.40 million were sold to alternative assets funds by the fellow subsidiary NBFCs. The Group has, vide a put agreement dated 31 July 2021, has guaranteed / undertaken to purchase these financial assets amounting to Rs. 1284.40 million on occurrence of certain trigger event as per the agreement
- g) Litigation pending against Group amounts to Rs. 177.90 as at 31 March 2022 (Previous Year: Nil) on account of ammended value proposed by regulation authority in the case of IDBI Trusteeship Ltd v/s. Ornate Spaces Ltd.
- h) The Group operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent in it's operation. As a result, the company is involved in various litigation, arbitration and regulatory proceedings in the ordinary course of it's business. The company has formal controls and policies for managing legal claims. Based on professional legal advise, the company had several unresolved legal claims however individually any of the claim is not material. The aggregate value of claim against the company is Rs. 2.54 million
- i) Undrawn Committed credit lines subject to meeting of conditions, Rs. 287.95.00 (Previous Year: Rs. 325.00) as at the balance sheet date
- j) Capital Commitments - Estimated amount of contracts remaining to be executed on capital account and not provided for Rs. 10.52 million (Previous Year: Rs.334.22 million)
- k) The Group has has provided bank gurantess amouting to 319.23 (Previous Year: Nil million)
- l) The group has Loan sanctioned and pending disbursements of 871.90 million (Previous Year: Rs. 1281.26 million)

The Group's pending litigations mainly comprise of claims against Group pertaining to proceedings pending with Income Tax, Excise, Custom, Sales/VAT tax / GST and other authorities. The Group has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in the financial statements. The amount of provisions / contingent liabilities is based on management's estimate, and no significant liability is expected to arise out of the same.

The Group has received demand notices from tax authorities on account of disallowance of expenditure for earning exempt income under Section 14A of Income Tax Act 1961 read with Rule 8D of the Income Tax Rules, 1962. The Group has filed appeal/s and is defending its position. Based on the favourable outcome in Appellate proceedings in the past and as advised by the tax advisors, Group is reasonably certain about sustaining its position in the pending cases, hence the possibility of outflow of resources embodying economic benefits on this ground is remote.

Edelweiss Rural & Corporate Services Limited

Notes to the Consolidated financial statements (continued)

(Currency: Indian rupees in millions)

43 During the Year March ended 31,2022 the Group has discontinued its agri warehousing and related business activities. The loss before tax of agri warehousing and related business activities for the quarter ended March 31, 2022 and December 31, 2021 is Rs. Nil million and Rs. 8.7 million respectively. The loss before tax of agri warehousing and related business activities for the year ended March 31, 2022 is Rs. 42.2 million.

43.a Owned Stock

Under Supply Chain Management agreements, the Group procures agriculture commodities from market for its clients. The Group has obtained an opinion that pursuant to provisions of the Sale of Goods Act, 1930, the title to the commodities remains with the Group until fulfilment of conditions by these clients. On the basis of the opinion, the Group has been accounting for these transactions as purchase and sale of agricultural commodities and showing unsold stock as inventory. All statutory returns under applicable laws are being filed based on the above premise. As on March 31, 2022, there is no stock lying with the Group under the Supply Chain Management agreements.

43.b Third party stock.

The Group, as a part of its discontinued agriculture commodity business, deals with third party stock. The stock is stored at the Group's warehouses for which the Group is entitled to a fee income.

Third Party Stock comprises of the following:

- Pure warehousing -These stocks are held purely for warehousing purposes in the warehouse of the Group (Off books)
- Pledged stock - These stock merely are held with the Group in the warehouses (Off books), i.e. this stock is funded by third parties like banks/NBFC's and is in the custody of Group.

Edelweiss Rural & Corporate Services Limited

Notes to the Consolidated financial statements (continued)

(Currency: Indian rupees in millions)

45 Earnings per share (EPS)

Basic earnings per share (EPS) is calculated by dividing the net profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted EPS is calculated by dividing the net profit attributable to equity holders (after adjusting for interest on the convertible preference shares and interest on the convertible bond, in each case, net of tax) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

In accordance with Indian Accounting Standard 33 – "Earnings Per Share" prescribed by Companies (Accounts) Rules, 2015, the computation of earnings per share is set out below:

	2021-22	2020-21
Profit/(loss) for the year	(1,536.37)	(8,798.18)
Weighted average number of equity shares for calculating basic EPS		
Number of shares outstanding at the beginning of the year	3,97,75,367	3,97,75,367
Number of Shares issued during the year	67,60,000	-
Compulsory Convertible Debenture and Preference share	2,57,49,955	-
Total number of equity shares outstanding at the end of the year	7,22,85,322	3,97,75,367
Weighted average number of equity shares for calculating Basic EPS	6,55,62,363	3,97,75,367
Number of dilutive potential equity shares	-	-
Weighted average number of equity shares for calculating diluted EPS	6,55,62,363	4,01,83,750
Earnings per share (EPS) (Face value Re.1 each)		
Basic earnings share (in Rs)	(23.43)	(218.95)
Dilutive earning per share (in Rs)	(23.43)	(218.95)

The weighted average number of shares takes into account 25,749,955 equity shares to be converted on issuance of compulsorily convertible debentures ("CCD") & compulsorily convertible preference shares ("CCPS")

49 Cost sharing and other recoveries

Cost Sharing:

Edelweiss Financial Services Limited, being the Ultimate Holding Company along with fellow subsidiaries incurs expenditure like common senior management compensation cost, Group Mediclaim, etc. which is for the common benefit of itself and its certain subsidiaries including the Group. This cost so expensed is reimbursed by the Group on the basis of number of employees, time spent by employees of other companies, actual identifications etc. On the same lines, costs like rent, electricity charges incurred by the Group for the benefit of fellow subsidiaries and associate companies are recovered as reimbursement by the Company from the subsidiaries and associate companies on similar basis. Accordingly, and as identified by the management, the expenditure heads in note 36 and 39 include reimbursements paid and are net of the reimbursements received based on the management's best estimate.

As per the master service agreement, The Group provides necessary support for activities relating to information technology, human resource, administrative, finance and operations related services to holding company, subsidiaries, fellow subsidiaries and associate companies. The income in note 31 as Business support services income relates to amount recovered from these entities for the said services.

Other recoveries:

The income in note 33 relates to amount recovered from the ultimate holding Company, subsidiaries, fellow subsidiaries, for occupying office premises in the Group's building.

50 Details of dues to micro enterprise and small enterprise:

Trade Payables includes Rs.7.26 million (Previous year: Rs. 0.33 million) payable to "Suppliers" registered under the Micro, Small and Medium Enterprises Development Act, 2006. No interest has been paid / is payable by the Group during the year to "Suppliers" registered under this act. The afore mentioned is based on the responses received by the Group to its inquiries with suppliers with regard to applicability under the said act.

Details of dues to micro and small enterprises as defined under the MSMED Act ,2006

	2021-22	2020-21
The principal amount and interest due thereon remaining unpaid to any supplier as at end of accounting year		
Principal amount due to micro and small enterprises	7.26	0.23
Interest due on above	-	-
Total	7.26	0.23
The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006	-	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	-	-

51 Corporate social responsibility (CSR):

As per the provisions of Section 135 of the Companies' Act, 2013:

- Gross amount required to be spent by the Group during the year was Rs. 10.53 million (Financial Year 20-21 Rs. 21.52 million)
- Amount spent during the year on:

Particulars	In cash	Yet to be paid in cash	Total
Constructions / acquisition of any assets	-	-	-
On purpose other than (i) above	10.53	-	10.53

- Shorfall at the end of the year was Rs. Nil million (Previous Year Nil million)
- Total of previous years shorfall was Rs. Nil million (Previous Year Nil million)

53 Risk Management framework

A) Governance framework

The primary objective of the Group's risk and financial management framework is to protect the Group's shareholders from events that hinder the sustainable achievement of financial performance objectives, including failing to exploit opportunities. Key management recognises the critical importance of having efficient and effective risk management systems in place.

B) Approach to capital management

Group's objectives when managing capital, are to (a) maximise shareholder value and provide benefits to other stakeholders and maintain an optimal capital structure to reduce the cost of capital.

For the purposes of the Group's capital management, capital includes issued capital, share premium and all other equity reserves attributable to the equity holders

Group monitors capital using debt-equity ratio, which is total debt divided by total equity.

Particular	As at 31st March 2022	As at 31st March 2021
Total Debt	59,080.10	76,370.61
Equity	4,923.14	3,829.70
Net Debt to Equity	12.00	19.94

C) Credit Risk

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Group is exposed to credit risk from its operating activities primarily trade receivables and financial instruments.

The Group's management policy is to closely monitor creditworthiness of counterparties by reviewing their credit ratings, financial statements on regular basis

The Group's financial assets subject to the expected credit loss model within Ind AS 109 are short-term trade and other receivables and financial instruments. Group applies the expected credit loss model for recognising impairment loss. Expected credit loss allowance in respect of receivables is computed based on a provision matrix which takes into account historical credit loss experience.

Group is exposed to credit risk on mutual fund investments, however these investments are not subjected to Ind AS 109 impairment requirements as they are measured at FVTPL. The carrying value of these investments, under Ind AS 109 represents the group's maximum exposure to credit risk on financial instruments not subject to the Ind AS 109 impairment requirements on the respective reporting dates.

The expected credit loss is a product of exposure at default, probability of default and loss given default. The Group has devised an internal model to evaluate the probability of default and loss given default based on the parameters set out in Ind AS. Accordingly, the financial instruments are classified into various stages as follows:

Internal rating grade	Internal grading description	Stages
Performing		
High grade	0 dpd and 1 to 30 dpd	Stage I
Standard grade	31 to 90 dpd	Stage II
Non-performing		
Individually impaired	90+ dpd	Stage III

Credit loss is the difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

Significant increase in credit risk (SICR)

Group considers a financial instrument defaulted, classified as Stage 3 (credit-impaired) for ECL calculations, in all cases when the borrower becomes 90 days past due. Classification of assets from stage 1 to stage 2 has been carried out based on SICR criterion. Accounts which are more than 30 days past due have been identified as accounts where significant increase in credit risk has been observed. These accounts have been classified as Stage 2 assets. As a part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate unlikelihood to pay. When such events occur, the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate.

Probability of Default

Historical DPD data is used to calculate historic default rates for each portfolio. This is done by using transition matrix which are calculated by assessing the transition from the one DPD state to the default DPD state 12 months from the cohort date.

Loss Given Default (LGD)

The LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money. The Loss Given Default (LGD) has been computed with workout methodology. Workout LGD is widely considered to be the most flexible, transparent and logical approach to build an LGD model. Along with actual recoveries, value of the underlying collateral has been factored in to estimate future recoveries in LGD computation. Workout LGD computation involves the actual recoveries as well as future recoveries (as a part of the workout process) on a particular facility, as a percentage of balance outstanding at the time of Default Restructuring. The assessment of workout LGD was then performed. Principal outstanding at NPA was assessed, which went into the denominator of the LGD calculation. LGD computation has been done for each segment and sub-segment separately.

Exposure at Default (EAD)

The amount which the borrower will owe to the portfolio at the time of default is defined as Exposure at Default (EAD). While the drawn credit line reflects the explicit exposure for the Group, there might be variable exposure that may increase the EAD. These exposures are of the nature where the Group provides future commitments, in addition to the current credit. Therefore, the exposure will contain both on and off balance sheet values. The value of exposure is given by the following formula:

$$EAD = \text{Drawn Credit Line} + \text{Credit Conversion Factor} \times \text{Undrawn Credit Line}$$

Where,

$$\text{Drawn Credit Line} = \text{Current outstanding amount}$$

Credit Conversion Factor (CCF) = Expected future drawdown as a proportion of undrawn amount / Undrawn Credit Line = Difference between the total amount which the group has committed and the drawn credit line. While the drawn exposure and limits for the customer are available, the modelling of CCF is required for computing the EAD.

53 Risk Management Framework (Continued)

F) Liquidity risk and funding management

- Liquidity risk is defined as the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Exposure to liquidity risk arises because of
- Possibility that the Group could be required to pay its trade payables earlier than expected
 - Mismatch in maturity profile of assets and liabilities
 - Delay in receipt of receivables including agency receivables

The Group policy is to satisfy redemption requests by the following means (in decreasing order of priority)

- Withdrawal of cash deposits
- Disposal of highly liquid assets (i.e. short-term, low-risk debt investments, inventory)
- Either disposal of other assets or increase of leverage

The Group also has undrawn borrowing facilities amounting to Rs. 70 million as on 31 March 2022 (as on 31 March 2021: Rs. 1400.70 million)

I. Analysis of financial assets and financial liabilities by remaining contractual maturities

The table below summarises the maturity profile of the undiscounted cash flows of the Group's non-derivatives financial liabilities. Repayments which are subject to notice are treated as if notice were to be given immediately. However, the Group expects that the counterparties will not request repayment on the earliest date it could be required to pay.

Analysis of non-derivative financial liabilities by remaining contractual maturities

As at 31-Mar-22

Non-derivative financial liabilities	Upto 3 months	Between 3 to 6 months	Between 6 months to 1 year	Between 1 year to 3 years	More than 3 years	Total
Trade payables	220.93	97.20	-	-	-	318.13
Borrowings (other than debt securities)	4,688.23	1,591.31	8,855.35	16,158.50	561.13	31,854.52
Debt securities	9,155.50	394.06	5,077.76	1,045.12	13,019.05	28,691.49
Subordinated financial liabilities	-	-	2,290.75	112.50	612.50	3,015.75
Other financial liabilities	1,343.72	362.03	803.98	2,564.94	4,660.18	9,673.85
Total undiscounted non-derivative financial liabilities	15,407.38	2,444.60	17,027.84	19,881.06	18,792.86	73,553.74

Analysis of non-derivative financial assets by remaining contractual maturities

Non-derivative financial assets	Upto 3 months	Between 3 to 6 months	Between 6 months to 1 year	Between 1 year to 3 years	More than 3 years	Total
Cash and cash equivalent and other bank balances	4,853.94	35.78	977.72	335.06	24.68	6,227.18

Investments	25.12	-	1.00	11,367.10	-	11,493.22
Other financial assets	950.93	389.52	1.23	75.64	365.84	1,683.16
Total undiscounted non-derivative financial assets	15,174.53	4,704.34	12,763.71	40,639.67	9,194.64	82,476.89

Based on the stress tests considering various scenarios, management believes that the Company will be able to pay its obligations as and when these become due in the next one year. Management assessments of such stress testing included recoveries from sale of its investments, scheduled recovery from group company receivables, expected borrowing and future cash flows that will be generated from operations. The holding company represents that it will continue to provide operating and financial support to the Company. The Board of Directors have approved the business plan, the liquidity, asset liability management of the Company and that the Company will be able to repay its debts.

Analysis of derivative financial liabilities by remaining contractual maturities

As at 31-Mar-22

Derivative Financial assets	Upto 3 months	Between 3 to 6 months	Between 6 months to 1 year	Between 1 year to 3 years	More than 3 years	Total

(Currency: Indian rupees in millions)

53 Risk Management framework (Continued)

G) Market risk

Market risk is the risk which can affect the Group's income or the value of its holdings of financial instruments due to adverse movements in market prices of instrument due to interest rates, equity prices, foreign exchange rates and credit spreads. The objective of the Group's market risk management is to manage and control market risk exposures within acceptable parameters.

Market risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. Group classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios separately.

(i) Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The Company is not exposed to interest rate risk as it does not trade in Interest Rate Derivatives and does not have any loans having variable interest rates.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being constant) of the Group's statement of profit and loss and equity.

2021-22						
Currency of borrowing / advances	Increase in basis points	Effect on profit before tax	Effect on Equity	Decrease in basis points	Effect on profit before tax	Effect on Equity
INR Loans	0.25	30.92	-	0.25	(30.92)	-
INR Borrowing	0.25	(15.01)	-	0.25	15.01	-

2020-21						
Currency of borrowing / advances	Increase in basis points	Effect on profit before tax	Effect on Equity	Decrease in basis points	Effect on profit before tax	Effect on Equity
INR Loans	0.25	35.74	-	0.25	(35.74)	-
INR Borrowing	0.25	(11.63)	-	0.25	11.63	-

(ii) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings.

The table below indicates the currencies to which the Group had significant exposure at the end of the reported periods. The analysis calculates the effect of a reasonably possible movement of the currency rate against the INR (all other variables being constant) on the statement of profit and loss (due to the fair value of currency sensitive non-trading monetary assets and liabilities) and equity (due to the change in fair value of currency swaps and forward foreign exchange contracts used as cash flow hedges).

2021-22						
Currency	Increase in currency rate (%)	Effect on profit before tax	Effect on Equity	Decrease in currency rate (%)	Effect on profit before tax	Effect on Equity
USD	5	-	-	5	-	-

2020-21						
Currency	Increase in currency rate (%)	Effect on profit before tax	Effect on Equity	Decrease in currency rate (%)	Effect on profit before tax	Effect on Equity
USD	5	-	-	5	-	-

(iii) Equity price risk

Equity price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the level of individual investment in equity share

2021-22						
Impact on	Increase in equity price (%)	Effect on profit before tax	Effect on Equity	Decrease in equity price (%)	Effect on profit before tax	Effect on Equity
Derivatives	5	(0.60)	-	5	0.60	-
Mutual Funds	5	65.09	-	5	(65.09)	-

2020-21						
Impact on	Increase in equity price (%)	Effect on profit before tax	Effect on Equity	Decrease in equity price (%)	Effect on profit before tax	Effect on Equity

54 Fair Value Measurement

A) Valuation Principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

B) Assets and liabilities by fair value hierarchy

The following table shows an analysis of financial instruments measured at fair value at the reporting date, by the level in the fair value hierarchy into which the fair value measurement is categorised.

Particulars	31-Mar-22			Total
	Level 1	Level 2	Level 3

Total financial liabilities measured at fair value on a recurring basis	17.12	-	-	17.12

Fair valuation techniques :

Debt securities

Whilst most of these instruments are standard fixed or floating rate securities, however nifty linked debentures have embedded derivative characteristics. Fair value of these instruments is derived based on the indicative quotes of price and yields prevailing in the market as at the reporting date. Company has used quoted price of national stock exchange wherever bonds are traded actively. In cases where debt securities are not actively traded Company has used CRISIL Corporate Bond Valuer model for measuring fair value.

Equity instruments

The majority of equity instruments are actively traded on recognised stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. Units held in funds are measured based on fund net asset value (NAV), taking into account redemption and/or other restrictions. Such NAV Such instruments are generally Level 3. Equity instruments in non-listed entities are initially measured at transaction price and re-measured at each reporting date at valuation provided by external valuer at instrument level. Such unlisted equity securities are classified at Level 3.

Units of Alternative Investment Funds and Mutual Fund.

Units held in Alternative Investment funds are measured based on fund net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are classified at Level 3.

Open-ended funds that are redeemable at any time, and that report a daily net asset value (NAV) and for which sufficient subscriptions and redemptions occur at NAV are measured at NAV and classified as level 1.

Derivatives

The Company enters into derivative financial instruments with various counter-parties, primarily banks with investment grade credit ratings. Derivatives valued using valuation techniques with market observable inputs are mainly interest rate swaps, exchange traded futures and options contracts. The most frequently applied valuation techniques include quoted price for exchange traded derivatives and Black Scholes models (for option valuation).

Embedded derivatives

An embedded derivative is a component of a hybrid instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative.

Group uses valuation models. Inputs to valuation models are determined from observable market (Indices) data wherever possible, including prices available from exchanges, dealers, brokers. Group classify these embedded derivative as level 3 instruments.

54 Fair Value Measurement (continued)

C) Financial instruments not measured at fair value

The following table sets out the fair values of financial instruments not measured at fair value and analysing them by the level in the fair value hierarchy into which each fair value measurement is categorised. The information given below is with respect to financial assets and financial liabilities measured at amortised cost for which the fair value is different than the carrying amount. Carrying amounts of cash and cash equivalents, trade receivables, trade and other payables as on 31 March 2022 approximate the fair value because of their short-term nature. Difference between carrying amounts and fair values of bank deposits, other financial assets and other financial liabilities is not significant in each of the years presented.

Particulars	31 March 2022				
	Total Carrying Amount	Total fair value	Level 1	Level 2	Level 3
Financial assets:					
Loans	39,295.25	40,414.74	-	-	40,414.74

58 Income tax

The components of income tax expense recognised in profit or loss for the years ended 31 March 2022 and 31 March 2021 are:

Particulars	2021-22	2020-21
Current tax	105.53	62.70
Adjustment in respect of current income tax of prior years	(11.74)	(126.81)
Deferred tax relating to origination and reversal of temporary differences	(8.00)	491.23
Deferred tax relating to unused tax losses and unused tax credits (including write-downs) (net)	-	(34.47)
Total tax expense	85.79	392.65
Total current tax	93.79	(64.11)
Total deferred tax	(8.00)	456.76

Reconciliation of the total tax expense

The tax expense shown in the statement of profit and loss differs from the tax expense that would apply if all profits had been charged at India corporate tax rate. A reconciliation between the tax expense and the accounting profit multiplied by India's domestic tax rate for the years ended 31 March 2022 and 31 March 2021 are follows:

Particulars	2021-22	2020-21
Profit / (Loss) before tax	(1,089.76)	(8,405.53)
Tax rate	34.94%	34.94%
Income tax expense calculated based on above tax rate	(361.09)	(2,937.23)
Adjustment in respect of income tax of prior years	(12.01)	(126.81)
Others -share of partnership firm / Dividend Income	-	(1.73)
Tax break deduction u/s 36(1)(viii) of Income tax act,1961	2.33	(0.76)
Deduction u/s 35D of Income tax act,1961	(0.08)	(0.08)
Effect of non-deductible expenses	23.08	-
Penalties	0.00	-
Preference shares cost	-	32.74
Standard Deduction and Property Tax on HP Income	-	(3.39)
Effect of utilisation of tax losses or deferred tax assets on losses earlier recognised now considered not recoverable	-	1,909.37
Impact of certain items being taxed at different rates	-	-
Impact of tax rate changes between two accounting periods	-	-
Losses without DTA	-	1,298.32
Write-down / reversal of write down of deferred tax assets on unused tax credits and unused tax losses (net)	(65.67)	-
Effect of non-recognition of deferred tax asset on current-period losses	497.62	5.82
Others	1.60	216.40
Tax expense recognised in profit or loss	85.79	392.65

Total revenue from contract with customers		1,498.74

- 62 Edelweiss Custodial Services Limited ("ECDSL"), an associate of the Edelweiss Financial Services Company ("EFSL"), challenged an order, by an investigating agency, marking lien on its clearing account, before the 47th Additional Chief Metropolitan Magistrate Court ("ACMM"), Mumbai. Since the investigation against the trading member, for which ECDSL was a clearing member, is still under process, the said investigative agency contended that it had no objection to setting aside the lien order upon ECDSL providing an undertaking to keep sufficient assets unencumbered. The matter is subjudice and has been listed for further hearing and there is no further update on this matter during the year.

On behalf of ECDSL, the Company has since provided the undertaking to keep sufficient assets amounting to Rs.251.95 crores belonging to the Company unencumbered and consequently the said lien order on ECDSL's clearing bank account has been set aside on October 01, 2020.

The Company has been represented by ECDSL that it has acted in accordance with the agreement entered with the trading member and in accordance with applicable laws and regulations. Accordingly, there is no adjustment required in the financial statements for the year ended March 31, 2022.

63 Impact of Covid

The uncertainty on account of COVID-19 outbreak continues to have adverse effect across the world economy including India. However, recent results from the industry is showing signs of revival signaling a return in economic growth. The impact of the COVID-19 pandemic, on Group's results, including credit quality and provisions, gain/loss on fair value changes, investment, remains uncertain and dependent on actual visibility of growth over coming quarters and steps taken by the government, RBI and other regulators to mitigate the economic impact and foster speedier growth. Further, the Group has assessed the impact of the COVID-19 pandemic on its liquidity and ability to repay its obligations as and when they are due. Management has considered various financial support from banks and other fundraising opportunities in determining the Group liquidity position over the next 12 months. Based on the foregoing and necessary stress tests considering various scenarios, management believes that the Group will be able to pay its obligations as and when these become due in the foreseeable future. In assessing the recoverability of loans, receivables, deferred tax assets, intangible assets (including goodwill), investments and in case of life insurance business, estimate of claims, the Group has considered internal and external sources of information, including credit reports, economic forecasts and industry reports up to the date of approval of these financial statements. Since the situation continue to evolve, its effect on the operations of the Group may be different from that estimated as at the date of approval of these financial statements. The Group will continue to closely monitor material changes in markets and future economic conditions.

INDEPENDENT AUDITOR'S REPORT

To the Members of Edelweiss Rural & Corporate Services Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Edelweiss Rural & Corporate Services Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit including other comprehensive income its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to note 66 of the standalone financial statements, which describes the economic and social disruption as a result of continued COVID-19 pandemic with respect to Company's estimates of impairment of loans and investments, which are highly dependent on uncertain future developments. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

S.R. BATLIBOI & Co. LLP

Chartered Accountants

Key audit matters	How our audit addressed the key audit matter
<p>Impairment of financial instruments (expected credit losses) (as described in Note 53(c) of the standalone financial statements)</p>	
<p>Ind AS 109 requires the Company to provide for impairment of its financial assets as at the reporting date using the expected credit loss (ECL) approach. ECL involves an estimation of probability-weighted loss on financial instruments over their life, considering reasonable and supportable information about past events, current conditions, and forecasts of future economic conditions which could impact the credit quality of the Company's financial assets (loan portfolio).</p> <p>In the process, a significant degree of judgement has been applied by the management for:</p> <ul style="list-style-type: none"> • Staging of financial assets (i.e. classification in 'significant increase in credit risk' ("SICR") and 'default' categories); • Assigning internal rating grades to customers for which external rating is not available; • Calibrating external ratings-linked probability of default to align with past default rates; • Estimation of management overlay for macro-economic factors bearing a correlation with the credit quality of the Company's loan portfolio. <p>Impact of COVID-19</p> <p>Considering the evolving nature of the COVID-19 pandemic, which has continued to impact the Company's business operations, resulting in higher loan losses, the Company has recorded a management overlay as part of its ECL, to reflect among other things an increased risk of deterioration in macro-economic factors caused by the pandemic. In accordance with the guidance in Ind AS 109, the management overlay estimate requires to takes into account reasonable and supportable information.</p> <p>In view of the high degree of management's judgement involved in estimation of ECL, accentuated by the COVID-19 pandemic, it is a key audit matter.</p>	<p>Our audit procedures included but were not limited to:</p> <ul style="list-style-type: none"> • Read and assessed the Company's accounting policy for impairment of financial assets and its compliance with Ind AS 109 • Tested the design and operating effectiveness of the controls for staging of loans based on their past-due status. Tested samples of performing (stage 1) loans to assess whether any loss indicators were present requiring them to be classified under stage 2 or 3. • We performed procedures to test the inputs used in the ECL computation, on a sample basis. • Tested assumptions used by the management in determining the overlay for macro-economic factors (including COVID-19 pandemic). • Tested the arithmetical accuracy of computation of ECL provision performed by the Company in spreadsheets. • Assessed disclosures included in the financial statements in respect of expected credit losses including the specific disclosures made with regards to the management's evaluation of the uncertainties arising from COVID-19 and its impact on ECL estimation.

Key audit matters	How our audit addressed the key audit matter
Information technology (IT) systems and controls	
<p>The reliability and security of IT systems play a key role in the business operations, financial accounting and reporting process of the Company. Since large volume of transactions are processed daily, the IT controls are required to ensure that applications process data as expected and that changes are made in an appropriate manner. Any gaps in the IT control environment could result in a material misstatement of the financial accounting and reporting records.</p> <p>Therefore, due to the pervasive nature and complexity of the IT environment, the assessment of the general IT controls and the application controls specific to the accounting and preparation of the financial information is considered to be a key audit matter.</p>	<p>We performed the following procedures for testing IT general controls and for assessing the reliability of electronic data processing, assisted by specialized IT auditors:</p> <ul style="list-style-type: none"> • The aspects covered in the IT General Control audit were (i) User Access Management (ii) Program Change Management (iii) Other related ITGCs - to understand the design and test the operating effectiveness of such controls; • Assessed the changes that were made to the key systems during the audit period and assessing changes that have impact on financial reporting; • Tested the periodic review of access rights. We inspected requests of changes to systems for appropriate approval and authorization. • Performed tests of controls (including other compensatory controls wherever applicable) on the IT application controls and IT dependent manual controls in the system. • Tested the design and operating effectiveness of compensating controls, where deficiencies were identified and, where necessary, extended the scope of our substantive audit procedures.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Board report, but does not include the standalone financial statements and our auditor’s report thereon, which we obtained prior to the date of this auditors report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the email confirmation received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - (g) In our opinion, the managerial remuneration for the year ended March 31, 2022 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - (Refer Note 42 to the standalone financial statements);
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
 - iv.
 - a) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 76 (a) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) ~~The management has represented that, to the best of its knowledge and belief, other than as disclosed in the note 76 (b) to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend~~

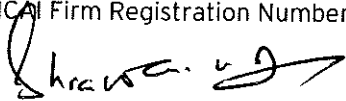

S.R. BATLIBOI & Co. LLP
Chartered Accountants

or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. No dividend has been declared or paid during the year by the Company.

ANNEXURE 1REFERRED TO IN PARAGRAPH 1 UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE

Re: Edelweiss Rural & Corporate Services Limited ("the Company")

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a)(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (a)(B) The Company has maintained proper records showing full particulars of intangibles assets.
- (b) The Company has a regular programme of physical verification of its property, plant and equipment and are verified by the management according to a phased programme designed to cover all the items over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with the policy, the Company has physically verified certain property, plant and equipment during the year and no discrepancies were noticed in respect of assets verified during the year.
- (c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.
- (d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2022.
- (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The Company's business does not require maintenance of inventories and, accordingly the requirement to report on clause 3(ii)(a) of the Order is not applicable to the Company.
- (b) As disclosed in note 24 to the financial statements, the Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of a subsidiary. During the year the Company has availed overdraft facility from one Bank and pursuant to confirmation received from the said bank, there were no requirement to file any return/statement with the bank.
- (iii) (a) During the year the Company has provided loans, advances in the nature of loans, stood guarantee and provided security to companies or any other parties as follows:

Amounts in Rs. millions

Particulars	Guarantees (Rs.)	Put option (Rs.)	Loans (Rs.)	Advances in nature of loans (Rs.)
Aggregate amount granted/ provided during the year				
Holding Company	-	-	7,312.10	-
Subsidiaries*	288.39	-	7,368.30	-
Fellow subsidiaries*	281.59	1,284.40	123,387.70	-
Others	-	-	1,767.60	-
Balance outstanding as at balance sheet date in respect of above cases				
Holding Company	726.50	-	2,632.60	-
Subsidiaries*	1,613.0	-	3,776.80 (net)	-
Fellow subsidiaries*	281.60	1,284.40	2,853.44 (net)	-
Others	-	-	1,235.29 (net)	-

*As disclosed in note 2 to the financial statements, charge created on immovable properties of the Company amounting to Rs. 569.98 million.

- (b) During the year the investments made, guarantees provided, and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees to companies are not prejudicial to the Company's interest. The Company has not given any security during the year.
- (c) In respect of a loans granted to group companies, payment of interest was stipulated in the agreement and interest payment is regular. The schedule of repayment of principal was not stipulated. Hence, we are unable to comment on the regularity of principal repayment. However, during the year the Company has entered into supplementary agreement to stipulate the principal repayment. The repayment of principal as per supplementary agreement is not due.

In respect of loans granted to companies other than related parties, the schedule of repayment of principal and payment of interest has been stipulated and the repayment or receipts are regular except in the following cases:

Name of the Entity	Amounts in Rs. million	Due date	Extent of delay	Remarks, if any
Various parties	2,473.84	Various	>90 days	Provision made in earlier years amounting to Rs. 2,359.63 million

- (d) The following amounts are overdue for more than ninety days from companies or other than related parties to whom loan has been granted, and reasonable steps have been taken by the Company for recovery of the overdue amount of principal and interest.

Name of the Entity	Amounts in Rs. million	Due date	Extent of delay	Remarks, if any
Various parties	2,473.84	Various	>90 days	Provision made in earlier years amounting to Rs. 2,359.63 million

- (e) Loans and advance given to group Companies were due during the year have been renewed/extended by entering into supplementary agreement to stipulate principal repayment terms. As represented by the management, the Company has not granted fresh loan to settle the overdues of existing loans given to the same parties.

Amounts in Rs. million

Name of Parties	Aggregate amount of overdues existing renewed or extended	Percentage of the aggregate to the total loans or advances in the nature of loans granted during the year
Various group companies	54,053.20	6.1% to 100%

S.R. BATLIBOI & Co. LLP

Chartered Accountants

- (f) As disclosed in note 75 to the financial statements, the Company has granted loans or advances to Group companies in the nature of loans, without specifying period of repayment of principal to companies. However, during the year the Company has executed supplementary agreement with all Group companies to stipulate the schedule for repayment of principal. The repayment of principal as per supplementary agreement is not due on these loans. Of these following are the details of the aggregate amount of loans or advances in the nature of loans granted to promoters or related parties as defined in clause (76) of section 2 of the Companies Act, 2013:

	All Parties	Promoters	Related Parties - Group Companies
Aggregate amount of loans/ advances in nature of loans - Agreement does not specify any terms or period of repayment	Rs. 31,833.40 million	Nil	Rs. 31,833.40 million
Percentage of loans/ advances in nature of loans to the total loans	5.5% to 52%	Nil	5.5% to 52%

- (iv) The Company has not advanced loans to directors / to a Company in which the director is interested to which provisions of section 185 of the Companies Act 2013 apply and hence not commented upon. The Company has made investments/ given loans /guarantees which is in compliance to the provisions of section 186 of the Companies Act 2013.
- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of Sections 73 to 76 of the Companies Act, 2013 and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013, for the products/services of the Company.
- (vii) (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, cess, value added tax and other statutory dues applicable to it though there has been a slight delay in a few cases. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable. The provisions relating to custom, duty of excise, and sales tax are not applicable to Company.
- (b) The dues of goods and services tax, provident fund, employees' state insurance, income-tax, cess, and other statutory dues have not been deposited on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (Rs. In million)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax	9.97 (demand paid under protest Rs.1.99)	A.Y. 2015-16	The Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	0.79 (demand paid under protest Rs. 0.16)	A.Y. 2017-18	The Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	6.09	A.Y. 2018-19	The Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	25.69	A.Y. 2018-19	The Commissioner of Income Tax (Appeals)

Rajasthan Value Added Tax	Value Added Tax	26.63 (demand paid under protest 13.50)	F.Y 2010-11	Tax Board
Madhya Pradesh Value Added Tax	Value Added Tax	2.74 (demand paid under protest 0.59)	F.Y 2012-13	Assistant Commissioner
Uttar Pradesh Value Added Tax	Value Added Tax	55.16 (demand paid under protest 11.03)	F.Y 2015-16	Commercial Tax Tribunal
Gujarat Value Added Tax	Value Added Tax	29.39 (demand paid under protest Rs. nil)	F.Y 2014-15	Joint Commissioner (Appeals)
Gujarat Value Added Tax	Value Added Tax	53.68 (demand paid under protest Rs. nil)	F.Y 2016-17	Joint Commissioner (Appeals)
Gujarat Value Added Tax	Value Added Tax	7.04 (demand paid under protest Rs. 0.75)	F.Y 2017-18	Deputy Commissioner

(viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) In respect of a loan taken from group companies, payment of interest was stipulated in the agreement and interest payment is regular. The schedule of repayment of principal was not stipulated. Hence, we are unable to comment on the regularity of principal repayment. However, during the year the Company has entered into supplementary agreement to stipulate the principal repayment. The repayment of principal as per supplementary agreement is not due. The Company has not defaulted in repayment of other borrowings or payment of interest thereon to any lender.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.

(d) On an overall examination of the financial statements of the Company, the Company has used funds raised on short-term basis aggregating to Rs. 15,416 million for long-term purposes.

(e) On an overall examination of the financial statements of the Company, the Company has taken funds from following entities and persons on account of or to meet the obligations of its subsidiaries, associates or joint ventures as per details below:

Nature Of fund taken	Name of lender	Amount involved	Name of the subsidiary, joint venture, associate	Relation	Nature of transaction for which funds utilized
Group Company loan	Edelweiss Financial Services Limited	Rs. 3,930 million	Edelweiss Investment Advisor Limited	Subsidiary	Amount utilised for lending to the subsidiary of the Company to repay its existing liabilities

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Hence, the requirement to report on clause (ix)(f) of the Order is not applicable to the Company.

~~(x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.~~

- (b) The Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) No fraud by the Company or no fraud on the Company has been noticed or reported during the year.
- (b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by secretarial auditor or by us in Form ADT - 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii) of the Order is not applicable to the Company.
- (xiii) Transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- (xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.
- (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.
- (xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtaining a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- (c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.
- (d) The Group has one Core Investment Company as part of the Group.
- (xvii) The Company has incurred cash losses amounting to Rs. 290.76 million and amounting to Rs. 1,425.76 million in the immediately preceding financial year respectively.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.
- (xix) On the basis of the financial ratios disclosed in note 65 to the financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee

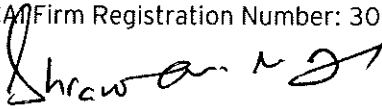

S.R. BATLIBOI & Co. LLP
Chartered Accountants

nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) (a) There are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in note 52 to the financial statements.
- (b) There are no unspent amounts that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act. This matter has been disclosed in note 52 to the financial statements.

Annexure 2 to the Independent Auditor's Report of even date on the Standalone Financial Statements of Edelweiss Rural & Corporate Services Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Edelweiss Rural & Corporate Services Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statement included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone financial statements.

Meaning of Internal Financial Controls With Reference to these Standalone Financial Statements

A Company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

S.R. BATLIBOI & Co. LLP

Chartered Accountants

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

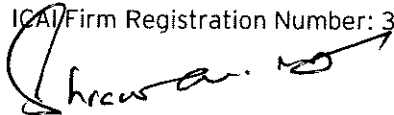

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Statement of Changes in Equity (continued)

Nature and purpose of reserves

Capital reserve

The Company recognises profit and loss on purchase, sale, issue or cancellation of the Company's own equity instruments to capital reserve.

Capital redemption reserve

As per Companies Act, 2013, capital redemption reserve is created when company purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve. The reserve is utilised in accordance with the provisions of section 69 of the Companies Act, 2013.

Securities premium

Securities premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of section 52 of the Companies Act, 2013.

General reserve

The general reserve is a free reserve which is used from time to time to transfer profits from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to statement of profit and loss.

Debenture redemption reserve

The Companies Act 2013 requires companies that issue debentures to create a debenture redemption reserve from annual profits until such debentures are redeemed. The Company is required to transfer a specified percentage (as provided in the Companies Act, 2013) of the outstanding redeemable debentures to debenture redemption reserve. The amounts credited to the debenture redemption reserve may not be utilised except to redeem debentures. On redemption of debentures, the amount may be transferred from debenture redemption reserve to retained earnings.

ESOP reserve

Certain of the company's employees have been granted options to acquire equity shares of the Ultimate Parent Company (Edelweiss Financial Services Limited). This reserve represents the cost of these options based on their fair value at the grant dates as recognised over the vesting period of such options, to the extent that the Ultimate Parent Company has not recovered such cost from the Company.

Revaluation Reserve

The Company decided to move to revaluation model from cost model for accounting a class of asset (i.e. flats and building) as at 31st March 2020. The management approved revaluation of owned land and buildings classified under property plant and equipment after assessing the valuation made by duly appointed independent valuer. The difference between valuation amount and the carrying value of land and buildings is accounted under Revaluation Reserve through other comprehensive income.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements

1. Significant accounting policies

1.1 Background

Edelweiss Rural & Corporate Services Limited ('the Company') was incorporated on October 17, 2006 in the State of Maharashtra. It is part of Edelweiss Group and is a ultimate subsidiary of the listed holding company Edelweiss Financial Services Limited. The Company provides loans to group companies and makes investments within the group. It also holds the technology shared service centre which provides service to group companies. Further, the company owns property which earns regular rental income.

1.2 Basis of preparation and presentation of financial statements

The Company's financial statements has been prepared and presented in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and in compliance with the Division II of the Schedule III to the Companies Act, 2013.

The Company's financial statements have been prepared on a historical cost basis, except for certain financial instruments such as financial asset measured at fair value through other comprehensive income (FVTOCI) instruments, derivative financial instruments, and other financial assets held for trading, which have been measured at fair value. The Company's financial statements are presented in Indian Rupees (INR) in millions.

All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

1.3 Use of estimates

The preparation of the financial statements requires management to make certain estimates and assumptions that affect the reported amount of assets, liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported revenue and expense during the reporting period. Actual results could differ from the estimates.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (continued)

1.4 Revenue recognition

- Revenue is measured at fair value of the consideration received or receivable. Revenue is recognized when the Company satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when the customer obtains control of that asset. When a performance obligation is satisfied, the Company recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation. The Company applies the five-step approach for recognition of revenue:
 - (i) identification of contract(s) with customers;
 - (ii) Identification of the separate performance obligations in the contract;
 - (iii) Determination of transaction price;
 - (iv) Allocation of transaction price to the separate performance obligations; and
 - (v) Recognition of revenue when each performance obligation is satisfied
- Fee income including advisory fees is accounted over the period as the customer simultaneously receives and consumes the benefits, as the services are rendered.
- Business support services including web based services are accounted on accrual basis in accordance with the terms and contracts entered into between the Company and the counterparty.
- Profit / loss on sale of investments is recognised on trade date basis.
- Commodities sales are accounted as per terms of agreement with the parties.
- Interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset. The EIR is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR.
- Warehouse income is recognised on accrual basis by reference to the agreements entered with customers.
- Agency commission/procurement income is recorded in pursuant to the terms and conditions mentioned in scope of work /agreement.
- Insurance and other claims are recognized as revenue on certainty of realisation.
- Interests on delayed payments, warehousing charges and rental income are recognised on accrual basis by reference to the agreements entered.
- Profit / loss from share in partnership firm is accounted once the amount of the share of profit/ loss is ascertained and credited / debited to the Company's account in the books of the partnership firm.
- Dividend income is recognised in profit or loss when the Company's right to receive payment of the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity, and the amount of the dividend can be measured reliably.
- Real estate advisory income is recognised basis the terms and conditions mentioned in the agreement.
- Revenue from Investment management services is recognised over the tenure in accordance with the terms and conditions of the investment management agreement with group companies.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (*continued*)

1.5 Financial Instruments

Date of recognition

Financial assets and financial liabilities, with the exception of borrowings are initially recognised on the trade date i.e. the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades; purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. The Company recognises borrowings when funds are received.

Initial measurement of financial instruments

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Day 1 profit or loss

When the transaction price of the financial instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in statement of profit and loss when the inputs become observable, or when the instrument is derecognised.

Classification of financial instruments

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- Amortised cost
- Fair value through other comprehensive income (FVTOCI)
- Fair value through profit or loss (FVTPL)

The Company measures debt financial assets that meet the following conditions at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Sale that occur for below reason are considered as consistent with business model whose objective is to hold financial assets in order to collect contractual cash flows.

- if those sales are infrequent (even if significant in value) or insignificant in value both individually and in aggregate (even if frequent).

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (*continued*)

- if such sales are made close to maturity of financial asset and proceeds from sale approximate the collection of the remaining contractual cashflow
- selling a financial asset because of significant increase in credit risk.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are subsequently measured at FVTPL.

Amortized cost and Effective interest rate (EIR)

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition. For purchased or originated credit impaired financial assets, a credit-adjusted effective interest rate is calculated by discounting the estimated future cash flows, including expected credit losses, to the amortised cost of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Financial assets held for trading

The Company classifies financial assets as held for trading when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is evidence of a recent pattern of short-term profit taking. Held for trading assets and liabilities are recorded and measured in the balance sheet at fair value.

Financial assets at fair value through profit or loss

Financial assets in this category are those that are not held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109. These include debt securities, equity instruments, mutual fund units, nifty linked debentures etc.

Disclosure requirement of Ind AS 107-Financial Instruments: Disclosure

Investment in equity instruments

The Company subsequently measures all equity investments (other than subsidiaries, associates, and other group companies) at fair value through profit or loss, unless the management has elected to classify irrevocably some of its strategic equity investments to be measured at FVTOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis. Investments in subsidiaries and associates are carried at cost as

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (*continued*)

permitted under Ind AS 27 (Consolidated and Separate Financial Statements). The investment in other group companies are carried at cost.

Investment in mutual funds and preference Shares

The Company subsequently measures all investments in mutual fund and preference shares at fair value through profit or loss as these financial assets do not pass the contractual cash flow test as required by Ind AS- 109- Financial Instruments, for being designated at amortised cost or FVTOCI, hence classified at FVTPL.

Financial liabilities

All financial liabilities are measured at amortised cost except loan commitments, financial guarantees, and derivative financial liabilities.

Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the EIR.

The Company has issued certain non-convertible debentures, the return of which is linked to performance of specified indices over the period of the debenture. Such debentures have a component of an embedded derivative which is fair valued at a reporting date. The resultant 'net unrealised loss or gain' on the fair valuation of these embedded derivatives is recognised in the statement of profit and loss. The debt component of such debentures is measured at amortised cost using yield to maturity basis.

Financial liabilities and equity instruments

Financial instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Redeemable preference shares

Redeemable preference shares issued are classified as financial liabilities and are measured at fair value at inception and at amortised cost subsequently.

Where the transaction price for the preference shares issued differs from the fair value, the difference is recognized in profit or loss unless the difference is a deemed capital contribution from the Company, in which case, the said difference is recognized in equity.

In accounting for these preference shares at amortised cost subsequent to initial recognition, interest expense based on the effective interest rate is recognized in profit or loss. This effective interest rate is based on the initial measurement of the preference shares (fair value) and the maturity amount. Any gain or loss on derecognition is recognized in profit or loss unless the difference is due to a transaction with a related party, in which case, the same is recognized as a deemed distribution or return of deemed capital contribution, as the case may be.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (*continued*)

Compulsory Convertible Instruments

Compulsory Convertible Debentures/ Preference shares are separated into liability and equity components based on the terms of the contract. At the inception of the Compulsory Convertible Instruments, the following two elements will be separated:

- (a) a liability component arising from the interest payments; and
- (b) an equity component representing the delivery of fixed number of equity shares in future.

On issuance of the Compulsory Convertible Instrument, the fair value of the liability portion is determined using a market interest rate for an equivalent non convertible bonds. This amount is recorded as a liability on an amortised cost basis until extinguished on conversion of the bonds. The remainder of the proceeds is attributable to the equity portion of the compound instrument since it meets Ind AS 32, Financial Instruments: Presentation, criteria for fixed to fixed classification. The carrying amount of the equity component is not subsequently re-measured.

Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line.

Derecognition of financial assets and financial liabilities

A transfer only qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset; or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing financial liability are substantially modified, such an exchange or modification is treated as a derecognition of the original financial liability and the recognition of a new financial liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (continued)

Impairment of financial assets

The Company records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, together with loan commitment and financial guarantee contracts, in this section all referred to as 'financial instruments'. Equity instruments are not subject to impairment.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables and lease receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on portfolio of its receivables. The provision matrix is based on its historically observed default rates over the expected life of the receivables.

For all other financial instruments, the Company recognises lifetime ECL when there has been a significant increase in credit risk (SICR) since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses (12m ECL). The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of an evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. As for the exposure at default (EAD), for financial assets, this is represented by the assets' gross carrying amount at the reporting date; for loan commitments and financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Company's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the ECL is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate. The Company recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Collateral valuation

To mitigate its credit risks on financial assets, the Company seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. Collateral, unless repossessed, is not recorded on the balance sheet. However, the fair value of collateral affects the calculation of ECLs. It is generally assessed, at a minimum, at inception and re-assessed on a periodical basis. However, some collateral, for example, cash or securities relating to margining requirements, is valued daily.

To the extent possible, the Company uses active market data for valuing financial assets held as collateral. Other financial assets which do not have readily determinable market values are valued using models.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (*continued*)

Collateral repossessed

The Company's policy is to determine whether a repossessed asset can be best used for its internal operations or should be sold. Assets determined to be useful for the internal operations are transferred to their relevant asset category at the lower of their repossessed value or the carrying value of the original secured asset. Assets for which selling is determined to be a better option are transferred to assets held for sale at their fair value (if financial assets) and fair value less cost to sell for non-financial assets at the repossession date in line with the Company's policy.

Write off

Financial assets are written off either partially or in their entirety only when the Company has no reasonable expectation of recovery.

Derivative financial instruments

Initial recognition and subsequent measurement

The Company uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The purchase contracts that meet the definition of a derivative under Ind AS 109 are recognised in the statement of profit and loss. Commodity contracts that are entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the Company's expected purchase, sale or usage requirements are held at cost.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability.

Business model assessment

Classification and measurement of financial assets depends on the results of the solely payments of principal and interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed.

Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (*continued*)

Determination of fair value

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

- Level 1 financial instruments –Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.
- Level 2 financial instruments–Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.
- Level 3 financial instruments –Those that include one or more unobservable input that is significant to the measurement as whole. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Company periodically reviews its valuation techniques including the adopted methodologies and model calibrations.

Therefore, the Company applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments.

The Company evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (continued)

1.6 Earnings per share

Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all potential equity shares.

1.7 Foreign currency transactions

The financial statements are presented in Indian Rupees which is also functional currency of the Company. Transactions in currencies other than Indian Rupees (i.e. foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

1.8 Retirement and other employee benefit

Provident fund and national pension scheme

The Company contributes to a recognised provident fund and national pension scheme which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognised in the statement of profit and loss.

Gratuity

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Remeasurements are not reclassified to profit or loss in subsequent periods.

Compensated Absences

The eligible employees of the Company are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Company recognises the charge in the statement of profit and loss and corresponding liability on such non-vesting accumulated leave entitlement based on a valuation by an independent actuary. The cost of providing annual leave benefits is determined using the projected unit credit method.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (continued)

1.9 Share-based payment arrangements

Equity-settled share-based payments to employees are granted by the ultimate parent Company. These are measured by reference to the fair value of the equity instruments at the grant date. These includes Stock Appreciation Rights (SARs) where the right to receive the difference between the SAR price and the market price of equity shares of the ultimate parent Company on the date of exercise, either by way of cash or issuance of equity shares of the ultimate parent Company, is at the discretion of the ultimate parent Company. These are classified as equity settled share based transaction.

The fair value determined at the grant date of the equity-settled share-based payments is expensed over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the 'ESOP reserve'. In cases where the share options granted vest in instalments over the vesting period, the Company treats each instalment as a separate grant, because each instalment has a different vesting period, and hence the fair value of each instalment differs.

1.10 Property, plant and equipment

Property, plant and equipment is stated at cost excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent costs incurred on an item of property, plant and equipment are recognised in the carrying amount thereof when those costs meet the recognition criteria as mentioned above. Repairs and maintenance are recognised in profit or loss as incurred.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives. Depreciation is provided on a written down value basis from the date the asset is ready for its intended use or put to use whichever is earlier. In respect of assets sold, depreciation is provided up to the date of disposal.

As per the requirement of Schedule II of the Companies Act, 2013, the Company has evaluated the useful lives of the respective fixed assets which are as per the provisions of Part C of the Schedule II for calculating the depreciation. The estimated useful lives of the fixed assets are as follows:

Estimated useful lives of the assets are as follows:

Nature of assets	Estimated Useful Life
Building (Other than Factory Building)	60 years
Plant and equipments	15 years
Furniture and fittings	10 years
Vehicles	8 years
Office equipments	5 years
Computers - Servers and networks	6 years
Computers - End-user devices, such as desktops, laptops, etc.	3 years
Solar Power Plant	15 years

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (*continued*)

Leasehold improvements are amortised on a straight-line basis over the estimated useful lives of the assets or the period of lease, whichever is shorter.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Land and buildings are subsequently shown at fair value based on periodic valuations by external independent valuers, less subsequent depreciation for buildings. Valuations will be carried out on a regular basis, unless the management consider it appropriate to have an earlier revaluation, such that the carrying amount of property does not differ materially from that which would be determined using fair values at the end of the reporting period. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset, and the net amount is restated to the revalued amount of the asset.

Subsequent measurement of land and building under revaluation model

Increases in the carrying amount arising on revaluation of land and buildings are credited to other comprehensive income and shown as a revaluation reserve in shareholders' equity. An exception is a gain on revaluation that reverses a revaluation decrease (impairment) on the same asset previously recognised as an expense. Decreases that offset previous increases of the same asset are charged in other comprehensive income and debited against the revaluation reserve directly in equity; all other decreases are charged to profit or loss. Each year the difference between depreciation based on the revalued carrying amount of the asset charged to profit or loss and depreciation based on the asset's original cost is transferred from the revaluation reserve to retained earnings.

Right-of-use assets are presented together with property and equipment in the statement of financial position – refer to the accounting policy 1.16. Right-of-use assets are depreciated on a straight-line basis over the lease term.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Intangible fixed assets

Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortization and impairment, if any.

Intangibles such as software are amortised over a period of 3 years based on its estimated useful life.

Intangible assets under development are recorded at the consideration paid for the acquisition of such assets.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (continued)

Impairment of non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of the depreciable historical cost.

1.11 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less.

1.12 Inventories

Inventories in the form of commodities are valued at weighted average cost or net realisable value, whichever is lower.

1.13 Provisions and other contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Claims against the Company, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

1.14 Income tax expenses

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. ~~Deferred tax liabilities are generally recognised for all taxable temporary differences.~~ Deferred tax assets are generally recognised for all deductible temporary

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (*continued*)

differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax assets are also recognised with respect to carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

It is probable that taxable profit will be available against which a deductible temporary difference, unused tax loss or unused tax credit can be utilised when there are sufficient taxable temporary differences which are expected to reverse in the period of reversal of deductible temporary difference or in periods in which a tax loss can be carried forward or back. When this is not the case, deferred tax asset is recognised to the extent it is probable that:

- the entity will have sufficient taxable profit in the same period as reversal of deductible temporary difference or periods in which a tax loss can be carried forward or back; or
- tax planning opportunities are available that will create taxable profit in appropriate periods.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Minimum Alternative Tax (MAT) credit

MAT credit asset is recognized where there is convincing evidence that the asset can be realized in future. MAT credit assets are reviewed as at the balance sheet date and written down or written up to reflect the amount that is reasonably certain to be realised.

1.15 Operating leases

Company as a lessee

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right of use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (*continued*)

Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Company as a lessor

The Company's accounting policy under Ind AS 116 has not changed from the comparative period. As a lessor the Company classifies its lease as either operating or financing leases. A Lease is classified as finance lease if it transfers substantially all the risks and rewards incidental to ownership of the underlying asset and classified as an operating lease if does not.

1.16 Investment property

Properties, including those under construction, held to earn rentals and/or capital appreciation are classified as investment property and are measured and reported at cost, including transaction costs.

Depreciation is recognised using straight line method so as to write off the cost of the investment property less their residual values over their useful lives specified in Schedule II to the Companies Act, 2013 or in the case of assets where the useful life was determined by technical evaluation, over the useful life so determined. Depreciation method is reviewed at each financial year end to reflect the expected pattern of consumption of the future benefits embodied in the investment property. The estimated useful life and residual values are also reviewed at each financial year end and the effect of any change in the estimates of useful life/residual value is accounted on prospective basis.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of property is recognised in the Statement of Profit and Loss in the same period.

1.17 Receivables from Agency Business

The Company's business includes 'Agency Business' wherein acts as a procurement agent for its various principals, and renders other related end to end value additive services like procurement formalities including importing, receiving and storing of goods, insuring, maintenance of goods in proper condition, dispatch to designated parties, facilitating funding, etc. The Company procures goods and makes payment to the supplier on behalf of the principal. The payment made to supplier is shown as Trade receivables (current) and is secured by inventory held on behalf of principal marked as lien.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (continued)

1.18 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 1, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations, that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements.

Significant increase in credit risk

ECL is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

Determining lease term for lease contracts with renewal and termination option

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain, whether or not, to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control that affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation of the leased asset).

1.19 Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, as described below. The Company based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (*continued*)

Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values.

Impairment of financial assets

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The company's expected credit loss (ECL) calculations are outputs of models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- Probability of default (PD) calculation includes historical data, assumptions and expectations of future conditions.
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life-time expected credit loss and the qualitative assessment.
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic
- Inputs, such as unemployment levels and collateral values, and the effect on PDs, Exposure at default (EAD) and loss given default (LGD)
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

It is Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

Effective interest rate method

The Company's EIR methodology, as explained in Note 1.6, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (*continued*)

the expected behavioural life of loans given / taken and recognises the effect of characteristics of the product life cycle.

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes fee income/expense that are integral parts of the instrument.

Accounting for deferred taxes

Deferred tax assets are recognised on unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Company has recognised deferred tax assets on carried forward tax losses with respect to certain subsidiaries where the Company believes that the said deferred tax assets shall be recoverable based on the estimated future taxable income which in turn is based on approved business plans and budgets. The losses are allowed to be carried forward to the years in which the Company expects that there will be sufficient taxable profits to offset these losses.

Estimating the incremental borrowing rate

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate ('IBR') to measure lease liabilities. Incremental borrowing rate is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

Standards issued but not yet effective

There are no new standard or amendment issued but not effective.

Rights, preferences and restrictions attached to equity shares:

The Company has only one class of equity shares having a par value of Rs 10 each. Each holder of equity shares is entitled to one vote per share held. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

Terms of Compulsory Convertible Preference Shares ("CCPS")

Non-cumulative Dividend of 0.01% per annum on the face value of the CCPS shall be paid to the CCPS holders. The CCPS will automatically be convertible into equity shares at the end of 10 years from the date of allotment. 1 CCPS will be Converted into 1 Equity Share. 13,59,955 equity shares will be issued on conversion .

Terms of Compulsorily Convertible Debentures (the "Debenture"/"CCDs")

CCD carrying coupon of 0.01% on the face value of the CCDs shall be paid to the CCD holders. The CCDs will be convertible into equity shares within period not exceeding 10 years from the date of allotment. 1 CCD will be converted into 2.71 Equity Shares. i.e. 33,21,033 equity shares will get issued on the date of conversion of CCD.

Note 1:

No share allotted as fully paid up by way of bonus shares by the Company during the period of five years immediately preceding the balance sheet date.

Note 2:

No shares bought back by the Company during the period of five years immediately preceding the balance sheet date.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (Continued)
(Currency : Indian rupees in millions)

38 Edelweiss Custodial Services Limited ("ECDSL"), an associate of the Edelweiss Financial Services Company ("EFSL"), challenged an order, by an investigating agency, marking lien on its clearing account, before the 47th Additional Chief Metropolitan Magistrate Court ("ACMM"), Mumbai. Since the investigation against the trading member, for which ECDSL was a clearing member, is still under process, the said investigative agency contended that it had no objection to setting aside the lien order upon ECDSL providing an undertaking to keep sufficient assets unencumbered. The matter is subjudice and has been listed for further hearing and there is no further update on this matter during the year.

On behalf of ECDSL, the Company has since provided the undertaking to keep sufficient assets amounting to Rs.2,519.50 million belonging to the Company unencumbered and consequently the said lien order on ECDSL's clearing bank account has been set aside on October 01, 2020.

The Company has been represented by ECDSL that it has acted in accordance with the agreement entered with the trading member and in accordance with applicable laws and regulations. Accordingly, there is no adjustment required in the financial statements for the year ended March 31, 2022.

39 Segment reporting

Primary Segment (Business segment)

the Company's business is organised and management reviews the performance based on the business segments as mentioned below

Segment	Activities covered
Capital based business	Capital intensive business includes Lending, investing and investment
Treasury management	Interest income and trading in securities
Business Support Services	Centralized support services in the nature of administration, compliance, payroll, finance and accounts, Technical support etc. provided to group
Warehouse services	Warehouse services includes warehousing and collateral management services for Agri commodities (Refer note 42.A)
Trading in commodities	Purchase and sale of commodities

Income for each segment has been specifically identified. Expenditure, assets and liabilities are either specifically identified with individual segments or have been allocated to segments on a systematic basis. Based on such allocations, segment disclosures relating to revenue, results, assets and liabilities have been prepared.

Secondary Segment

Since the business operations of the Company are primarily concentrated in India, the Company is considered to operate only in the domestic segment and therefore there is no reportable geographic segment.

The following table gives information in terms of provisions of Accounting Standard on Segment Reporting (Ind AS 108)

Particulars		As at/ For the year ended 31 March 2022	As at/ For the year ended 31 March 2021

42 Contingent liabilities, commitments and leasing arrangements:

42.1 Contingent liabilities and commitments

- a) Taxation matters in respect of which appeal is pending Rs. 409.60 million (Previous year: Rs. 497.53 million).
- b) The Company has given composite corporate guarantee to bank for Rs. 569.98 million (Previous year: Rs. Nil million) for availing fund based Banking facilities by its subsidiary/fellow Subsidiary Companies i.e. Edelweiss Housing Finance Limited, ECL Finance Limited and Edelweiss Retail Finance Limited.
With reference Deed of Guarantee agreement between the Company and the Lender, the liability of the Company is lower of value of immovable properties of the Company or outstanding respective facilities of the respective Group Companies. The charge created on immovable properties of the Company amounting to Rs. 569.98 million as at March 31, 2022.
- c) Corporate guarantee given by the company to the bank for Rs.1,324.42 million (Previous year: Rs.1,890.58 million) for availing Fund based Banking facilities by its subsidiary Company Edelweiss Housing Finance Limited.
- d) The Company has given guarantee of Rs. 726.55 million (Previous year Rs.766.20 million) on behalf of Edel Finance Company Limited ('EFCL'), a holding company, which has sold certain financial assets to Edelweiss Asset Reconstruction Company Limited ('EARC'), another group company. The terms of sale required any Edelweiss group company to provide EARC with unconditional and irrevocable guarantee for securing the guaranteed obligation of EFCL.
- e) Undrawn Commitments for AIF funds RS. 4,743.14 million (Previous Year Rs.3,184.67 million)
- f) The company has provided bank guarantees amounting to Rs.319.23 million as on 31 March 2022.
- g) During the year ended 31 March 2022, certain assets amounting to Rs. 1,284.40 million were sold to alternative assets funds by the fellow subsidiary NBFCs. The Company has, vide a put agreement dated 31 July 2021, has guaranteed / undertaken to purchase these financial assets amounting to Rs. 1284.40 million on occurrence of certain trigger event as per the agreement.

The Company's pending litigations mainly comprise of claims against the Company pertaining to proceedings pending with Income Tax, Excise, Custom, Sales/VAT tax / GST and other authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in the financial statements. The amount of provisions / contingent liabilities is based on management's estimate, and no significant liability is expected to arise out of the same.

The Company has received demand notices from tax authorities on account of disallowance of expenditure for earning exempt income under Section 14A of Income Tax Act 1961 read with Rule 8D of the Income Tax Rules, 1962. The Company has filed appeal/s and is defending its position. Based on the favourable outcome in Appellate proceedings in the past and as advised by the tax advisors, Company is reasonably certain about sustaining its position in the pending cases, hence the possibility of outflow of resources embodying economic benefits on this ground is remote.

42.A During the Year March ended 31,2022 the Company has discontinued its agri warehousing and related business activities. The loss before tax of agri warehousing and related business activities for the year ended March 31, 2022 is Rs. 42.2 million .

42.B Owned Stock

Under Supply Chain Management agreements, the Company procures agriculture commodities from market for its clients. The Company has obtained an opinion that pursuant to provisions of the Sale of Goods Act, 1930, the title to the commodities remains with the Company until fulfilment of conditions by these clients. On the basis of the opinion, the Company has been accounting for these transactions as purchase and sale of agricultural commodities and showing unsold stock as inventory. All statutory returns under applicable laws are being filed based on the above premise. As on March 31, 2022, there is no stock lying with the Company under the Supply Chain Management agreements.

42.C Third party stock.

The Company, as a part of its discontinued agriculture commodity business, deals with third party stock. The stock is stored at the Company's warehouses for which the Company is entitled to a fee income.

Third Party Stock comprises of the following:

- a) Pure warehousing -These stocks are held purely for warehousing purposes in the warehouse of the Company (Off books)
- b) Pledged stock - These stock merely are held with the Company in the warehouses (Off books), i.e. this stock is funded by third parties like banks/NBFC's and is in the custody of Company

e)	Fixed deposits aggregating to Rs.322.83 million (Previous year: Rs. Nil million) have been pledged with banks for securing bank Guarantee.

44 Earnings per share (EPS)

Basic earnings per share (EPS) is calculated by dividing the net profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted EPS is calculated by dividing the net profit attributable to equity holders (after adjusting for interest on the convertible preference shares and interest on the convertible bond, in each case, net of tax) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

In accordance with Indian Accounting Standard 33 – "Earnings Per Share" prescribed by Companies (Accounts) Rules, 2015, the computation of earnings per share is set out below:

	2021-22	2020-21
Profit /(loss) for the year	(746.01)	(9,175.31)
Weighted average number of equity shares for calculating basic EPS		
Number of shares outstanding at the beginning of the year	39,775,367	39,775,367
Number of Shares issued during the year	6,760,000	-
Compulsory Convertible Debenture and Preference share	25,749,955	408,383
Total number of equity shares outstanding at the end of the year	72,285,322	40,183,750
Weighted average number of equity shares for calculating Basic EPS	65,562,363	40,183,750
Number of dilutive potential equity shares	-	-
Weighted average number of equity shares for calculating diluted EPS	65,562,363	40,183,750
Earnings per share (EPS) (Face value Re.1 each)		
Basic earnings share (in Rs)	(11.38)	(228.23)
Dilutive earning per share (in Rs)*	(11.38)	(228.23)

*The weighted average number of shares takes into account 25,749,955 equity shares to be converted on issuance of compulsorily convertible debentures ("CCD") & compulsorily convertible preference shares ("CCPS")

45 Capital commitments (to the extent not provided for):

Estimated amount of contracts remaining to be executed on capital account (net of advances) and not provided for is Rs. 1.95 million (Previous year: Rs. 0.47 million).

Employee Stock Option Plans

The Holding Company (Edelweiss Financial Services Limited ("EFSL")) has Employee Stock Option Plans and Stock Appreciation Rights Plans (SAR) in force. Based on such ESOP/SAR schemes, parent entity has granted an ESOP/SAR option to acquire equity shares of EFSL that would vest in a graded manner to Company's employees. Based on group policy / arrangement, EFSL has charged the fair value of such stock options, Company has accepted such cross charge and recognised the same under the employee cost. Current year charge of Rs. 8.96 million (previous year release of Rs. 19.55 million).

49 Cost sharing and other recoveries

Edelweiss Financial Services Limited, being the Holding Company along with fellow subsidiaries incurs expenditure like common senior management compensation cost, Group Mediclaim, etc. which is for the common benefit of itself and its certain subsidiaries including the Company. This cost so expensed is reimbursed by the Company on the basis of number of employees, time spent by employees of other companies, actual identifications etc. On the same lines, costs like rent, electricity charges incurred by the Company for the benefit of fellow subsidiaries and associate companies are recovered as reimbursement by the Company from the subsidiaries and associate companies on similar basis. Accordingly, and as identified by the management, the expenditure heads in note 35 and 37 include reimbursements paid and are net of the reimbursements received based on the management's best estimate.

As per the master service agreement, The Company provides necessary support for activities relating to information technology, human resource, administrative, finance and operations related services to holding company, subsidiaries, fellow subsidiaries and associate companies. The income in note 29 as Business support services income relates to amount recovered from these entities for the said services.

Other recoveries:

The income in note 32 relates to amount recovered from the holding Company, subsidiaries, fellow subsidiaries, for occupying office premises in the Company's building.

50 Disclosure of loans and advances pursuant to regulation 53(f) of the Securities and Exchange Board of India (SEBI) (Listing obligations and disclosure requirements) Regulations, 2015:

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (Continued)
(Currency : Indian rupees in millions)

51 Details of dues to micro enterprise and small enterprise:

Trade Payables includes Rs. 2.07 million (Previous year: Rs. 0.23 million) payable to "Suppliers" registered under the Micro, Small and Medium Enterprises Development Act, 2006. No interest has been paid / is payable by the Company during the year to "Suppliers" registered under this act. The afore mentioned is based on the responses received by the Company to its inquiries with suppliers with regard to applicability under the said act.

52 Corporate social responsibility (CSR):

As per the provisions of Section 135 of the Companies Act, 2013:

i) Gross amount required to be spent by the Company during the year was Rs. Nil million (Financial Year 20-21 Rs. 5.10 million)

ii) Amount spent during the year on:

Particulars	In cash	Yet to be paid in cash	Total
Constructions / acquisition of any assets	-	-	-
On purpose other than (i) above	-	-	-

iii) Shortfall at the end of the year was Rs. Nil million (Financial Year 20-21 Rs. Nil million)

iv) Total of previous years shortfall was Rs. Nil million (Financial Year 20-21 Rs. Nil million)

53 Risk Management framework

A) Governance framework

The primary objective of the Company's risk and financial management framework is to protect the Company's shareholders from events that hinder the sustainable achievement of financial performance objectives, including failing to exploit opportunities. Key management recognises the critical importance of having efficient and effective risk management systems in place.

B) Approach to capital management

Company objectives when managing capital, are to (a) maximise shareholder value and provide benefits to other stakeholders and maintain an optimal capital structure to reduce the cost of capital.

For the purposes of the Company's capital management, capital includes issued capital, share premium and all other equity reserves attributable to the equity holders.

Company monitors capital using debt-equity ratio, which is total debt divided by total equity.

Particular	As at 31st March 2022	As at 31st March 2021
Total Debt	35,087.06	38,490.39
Equity	6,292.58	4,537.72
Net Debt to Equity	5.58	8.48

C) Credit Risk

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and financial instruments.

The Company's management policy is to closely monitor creditworthiness of counterparties by reviewing their credit ratings, financial statements on regular basis.

The Company's financial assets subject to the expected credit loss model within Ind AS 109 are short-term trade and other receivables and financial instruments. Company applies the expected credit loss model for recognising impairment loss. Expected credit loss allowance in respect of receivables is computed based on a provision matrix which takes into account historical credit loss experience.

Company is exposed to credit risk on mutual fund investments, however these investments are not subjected to Ind AS 109 impairment requirements as they are measured at FVTPL. The carrying value of these investments, under Ind AS 109 represents the Company's maximum exposure to credit risk on financial instruments not subject to the Ind AS 109 impairment requirements on the respective reporting dates.

The expected credit loss is a product of exposure at default, probability of default and loss given default. The Company has devised an internal model to evaluate the probability of default and loss given default based on the parameters set out in Ind AS. Accordingly, the financial instruments are classified into various stages as follows:

Internal rating grade	Internal grading description	Stages
Performing		
High grade	0 dpd and 1 to 30 dpd	Stage I
Standard grade	31 to 90 dpd	Stage II
Non-performing		
Individually impaired	90+ dpd	Stage III

Credit loss is the difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

Significant increase in credit risk (SICR)

Company considers a financial instrument defaulted, classified as Stage 3 (credit-impaired) for ECL calculations, in all cases when the borrower becomes 90 days past due. Classification of assets from stage 1 to stage 2 has been carried out based on SICR criterion. Accounts which are more than 30 days past due have been identified as accounts where significant increase in credit risk has been observed. These accounts have been classified as Stage 2 assets. As a part of a qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate unlikelihood to pay. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate.

Probability of Default

Historical DPD data is used to calculate historic default rates for each portfolio. This is done by using transition matrix which are calculated by assessing the transition from the one DPD state to the default DPD state 12 months from the cohort date.

Loss Given Default (LGD)

The LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money. The Loss Given Default (LGD) has been computed with workout methodology. Workout LGD is widely considered to be the most flexible, transparent and logical approach to build an LGD model. Along with actual recoveries, value of the underlying collateral has been factored in to estimate future recoveries in LGD computation. Workout LGD computation involves the actual recoveries as well as future recoveries (as a part of the workout process) on a particular facility, as a percentage of balance outstanding at the time of Default/Restructuring. The assessment of workout LGD was then performed. Principal outstanding at NPA was assessed, which went into the denominator of the LGD calculation. LGD computation has been done for each segment and sub-segment separately.

Exposure at Default (EAD)

The amount which the borrower will owe to the portfolio at the time of default is defined as Exposure at Default (EAD). While the drawn credit line reflects the explicit exposure for the Company, there might be variable exposure that may increase the EAD. These exposures are of the nature where the Company provides future commitments, in addition to the current credit. Therefore, the exposure will contain both on and off balance sheet values. The value of exposure is given by the following formula:

$$EAD = \text{Drawn Credit Line} + \text{Credit Conversion Factor} * \text{Undrawn Credit Line}$$

Where,

$$\text{Drawn Credit Line} = \text{Current outstanding amount}$$

Credit Conversion Factor (CCF) = Expected future drawdown as a proportion of undrawn amount Undrawn Credit Line = Difference between the total amount which the Company has committed and the drawn credit line While the drawn exposure and limits for the customer are available, the modelling of CCF is required for computing the EAD.

D) Liquidity risk and funding management

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Exposure to liquidity risk arises because of:

- I) Possibility that the Company could be required to pay its trade payables earlier than expected.
- II) Mismatch in maturity profile of assets and liabilities
- III) Delay in receipt of receivables including agency receivables

The Company's policy is to satisfy redemption requests by the following means (in decreasing order of priority):

- I) Withdrawal of cash deposits
- II) Disposal of highly liquid assets (i.e. short-term, low-risk debt investments, inventory)
- III) Either disposal of other assets or increase of leverage

The Company also has undrawn borrowing facilities amounting to Rs. 70 million as on 31 March 2022 (as on 31 March 2021: Rs. Nil million)

53.1. Analysis of financial assets and financial liabilities by remaining contractual maturities

The table below summarises the maturity profile of the undiscounted cash flows of the Company's non-derivative financial liabilities. Repayments which are subject to notice are treated as if notice were to be given immediately. However, the company expects that the counterparties will not request repayment on the earliest date it could be required to pay.

Analysis of non-derivative financial liabilities by remaining contractual maturities

As at 31-Mar-22

Non-derivative financial liabilities	Upto 3 months	Between 3 to 6 months	Between 6 months to 1 year	Between 1 year to 3 years	More than 3 years	Total
Trade payables	-	97.19	-	-	-	97.19

Based on the stress tests considering various scenarios, management believes that the Company will be able to pay its obligations as and when these become due in the next one year. Management assessments of such stress testing included recoveries from sale of its investments, scheduled recovery from group company receivables, expected borrowing and future cash flows that will be generated from operations. Basis this expected cumulative assets maturing in the next one year are Rs. 11,468.49 million and cumulative liabilities maturing in the next one year are Rs. 11,322.66 million. Further, during the year, Edel Finance Company Limited, the holding company has infused equity capital amounting to Rs. 2,500 million into the Company. The holding company represents that it will continue to provide operating and financial support to the Company. The Board of Directors have approved the business plan, the liquidity, asset liability management of the Company and that the Company will be able to repay its debts as scheduled.

Edelweiss Rural & Corporate Services Limited

Notes to the financial statements (Continued)
(Currency : Indian rupees in millions)

54 There have been no events or transactions which have occurred since the date of balance sheet or pending that would have material effect on the financial statement and requires adjusting to accounting estimates and disclosures included in financial statements at that date or for the period then ended, other than those reflected or fully disclosed in the financial statements.
No events have occurred that are of such significance in relation to the company's affairs to require mention in a note to the financial statements in order to make them not misleading regarding the financial position, results of operations, or cash flow or changes in equity of the company.

55 Collateral held and other credit enhancements

i The tables on the following pages show the maximum exposure to credit risk by class of financial asset.

Market risk

Market risk is the risk which can affect the Company's income or the value of its holdings of financial instruments due to adverse movements in market prices of instrument due to interest rates, equity prices, foreign exchange rates and credit spreads. The objective of the Company's market risk management is to manage and control market risk exposures within acceptable parameters. The Company separates its exposure to market risks between trading and non-trading portfolios.

Market risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices. Company classifies exposures to market risk into either trading or non-trading portfolios and manages each of those portfolios separately.

i) Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair values of financial instruments. The Company is not exposed to interest rate risk as it does not trade in Interest Rate Derivatives and does not have any loans having variable interest rates.

ii) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings.

The table below indicates the currencies to which the Company had significant exposure at the end of the reported periods. The analysis calculates the effect of a reasonably possible movement of the currency rate against the INR (all other variables being constant) on the statement of profit and loss (due to the fair value of currency sensitive non-trading monetary assets and liabilities) and equity (due to the change in fair value of currency swaps and forward foreign exchange contracts used as cash flow hedges).

Currency	2021-22			2020-21		
	Increase in currency rate (%)	Effect on profit before tax	Effect on Equity	Decrease in currency rate (%)	Effect on profit before tax	Effect on Equity

57 Fair Value Measurement

a) Valuation Principles:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

b) Assets and liabilities by fair value hierarchy

The following table shows an analysis of financial instruments measured at fair value at the reporting date, by the level in the fair value hierarchy into which the fair value measurement is categorized.

Particulars	31-Mar-22			Total

Fair valuation techniques:

Debt securities

Whilst most of these instruments are standard fixed or floating rate securities, however nifty linked debentures have embedded derivative characteristics. Fair value of these instruments is derived based on the indicative quotes of price and yields prevailing in the market as at the reporting date. Company has used quoted price of national stock exchange wherever bonds are traded actively. In cases where debt securities are not actively traded Company has used CRISIL Corporate Bond Valuer model for measuring fair value.

Equity instruments

The majority of equity instruments are actively traded on recognised stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. Units held in funds are measured based on fund net asset value (NAV), taking into account redemption and/or other restrictions. Such NAV Such instruments are generally Level 3. Equity instruments in non-listed entities are initially measured at transaction price and re-measured at each reporting date at valuation provided by external valuer at instrument level. Such unlisted equity securities are classified at Level 3

Units of Alternative Investment Funds and Mutual Fund.

Units held in Alternative Investment funds are measured based on fund net asset value (NAV), taking into account redemption and/or other restrictions. Such instruments are classified at Level 3.

Open-ended funds that are redeemable at any time, and that report a daily net asset value (NAV) and for which sufficient subscriptions and redemptions

Derivatives

The Company enters into derivative financial instruments with various counter-parties, primarily banks with investment grade credit ratings. Derivatives valued using valuation techniques with market observable inputs are mainly interest rate swaps, exchange traded futures and options contracts. The most frequently applied valuation techniques include quoted price for exchange traded derivatives and Black Scholes models (for option valuation).

Embedded derivatives

An embedded derivative is a component of a hybrid instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative.

Company uses valuation models. Inputs to valuation models are determined from observable market (Indices) data wherever possible, including prices available from exchanges, dealers, brokers. Company classify these embedded derivative as level 3 instruments

c) **Financial instruments not measured at fair value**

The following table sets out the fair values of financial instruments not measured at fair value and analysing them by the level in the fair value hierarchy into which each fair value measurement is categorised. The information given below is with respect to financial assets and financial liabilities measured at amortised cost for which the fair value is different than the carrying amount. Carrying amounts of cash and cash equivalents, trade receivables, trade and other payables as on 31 March 2022 approximate the fair value because of their short-term nature. Difference between carrying amounts and fair values of bank deposits, other financial assets and other financial liabilities is not significant in each of the years presented.

Particulars	31 March 2022				
	Total Carrying Amount	Total fair value	Level 1	Level 2	Level 3
Financial assets:					
Loans	10,935.51	10,935.51	-	-	10,935.51

As at year end, the Company had an equity investment of Rs. 1,000.10 million in Edelweiss Investments Adviser Limited ("EIAL"), a wholly holding owned subsidiary. Over the few years, EIAL's business faced operational challenges and risk on certain counterparties increased leading to increased expected credit losses. These challenges were further accentuated by the ongoing COVID pandemic. Following a detailed assessment, the Company has provided towards impairment loss of Rs.1,000.10 million on investment in EIAL during the year ended March 31, 2021. The Board of Directors of the Company have approved the impairment loss and amount recoverable as at March 31, 2021.

Edelweiss Rural & Corporate Services Limited

61 Income tax

The components of income tax expense recognised in profit or loss for the years ended 31 March 2022 and 31 March 2021 are:

Particulars	2021-22	2020-21
Current tax	-	-
Adjustment in respect of current income tax of prior years	-	(24.15)
Deferred tax relating to origination and reversal of temporary differences	(74.47)	299.86
Total tax expense	(74.47)	275.71
Total current tax	-	(24.15)
Total deferred tax	(74.47)	299.86

Reconciliation of the total tax expense

The tax expense shown in the statement of profit and loss differs from the tax expense that would apply if all profits had been charged at India corporate tax rate. A reconciliation between the tax expense and the accounting profit multiplied by India's domestic tax rate for the years ended 31 March 2022 and 31 March 2021 are follows:

Particulars	2021-22	2020-21
Profit / (Loss) before tax	(820.48)	(8,899.60)
Tax rate	34.94%	34.94%
Income tax expense calculated based on above tax rate	(286.71)	(3,109.87)
Adjustment in respect of income tax of prior years	-	(24.15)
Others -share of partnership firm / Dividend Income	-	(1.73)
Preference shares cost	-	32.74
Standard Deduction and Property Tax on HP Income	-	(3.39)
Effect of utilisation of tax losses or deferred tax assets on losses earlier recognised now considered not recoverable	-	3,380.88
Write-down / reversal of write down of deferred tax assets on unused tax credits and unused tax losses (net)	(74.47)	-
Effect of non-recognition of deferred tax asset on current-period losses	286.71	-
Others	-	1.23
Tax expense recognised in profit or loss	(74.47)	275.71

The Government of India, on 20 September 2019, vide the Taxation Laws (Amendment) Ordinance 2019 (the Ordinance), inserted a new Section 115BAA in the Income tax Act, 1961, which provides an option to the Company for paying income tax at reduced rates. The Company is continuing status quo and in due course will evaluate whether to transit to available option under the Ordinance.

62.A Components of deferred tax

The following table shows deferred tax recorded in the Balance sheet and changes recorded in the income tax expense:

Less: Impairment loss allowance*	8,490.80	-	8,490.80	8,350.26	-	8,350.26
Total (Net) (A)	10,935.51	-	10,935.51	21,573.94	-	21,573.94

*Included in loans and advances an amount of Rs.9,492.31 million (Previous Year: Rs.11,366.91 million) receivable as at March 31, 2022 from Edelweiss Investments Adviser Limited ("EIAL"). EIAL had invested in and had exposure to real estate sector. Over the few years, real estate sector is facing operational challenges and due to which the risk for certain counterparties has increased leading to increased provisioning in the books of EIAL under the expected credit loss models. Such challenges have been further accentuated by factors caused by ongoing COVID pandemic. EIAL has performed detailed assessments of its current and future business plans and on that basis has continued on the expected credit loss amounting to Rs. 4,730.0 million on loans and advances. The Board of Directors of the Company has reviewed and approved business plan, impairment loss and assessment of amount recoverable as at March 31, 2022.

63 Credit Quality (Continued)

The table below shows the credit quality and the maximum exposure to credit risk based on the Company internal grading and year-end stage classification. The amounts presented are gross of impairment allowances. Details of the company internal grading system are explained in Note 53 and policies on whether ECL allowances are calculated on an individual or collective basis.

4 Current ratio, Long Term Debts to Working capital, Bad Debts to Accounts Receivables Ratio, Current Liability Ratio, Debtors turnover, Inventory turnover and Operating Margin (%), Net Profit Margin (%) are not applicable owing to the business model of the company.				

66 Impact of Covid

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables, intangibles, investments and other assets and repayment ability of its borrowers. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the Company has used internal and external sources of information. The Company has assessed the impact of the COVID-19 pandemic on its liquidity and ability to repay its obligations as and when they are due. Management has considered various financial support from banks and other fundraising opportunities in determining the Company's liquidity position over the next 12 months. The Company has reviewed the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

67 The Indian Parliament has approved the Code on Social Security, 2020 which subsumes the Provident Fund and the Gratuity Act and rules there under. The Ministry of Labour and Employment has also released draft rules thereunder on November 13, 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Company will evaluate the rules, assess the impact, if any, and account for the same once the rules are notified and become effective.

68 Title deeds of Immovable Properties not held in name of the Company

There is no immovable property (other than properties where the Company is lessee and the lease agreements are duly executed in favour of the lessee), held by the company, where title deeds are not held in name of company.

69 Details of Benami Property held

The Company does not have any benami property, where any proceeding has been initiated or pending against the company for holding any Benami property.

70 Willful Defaulter

The Company has not been declared as willful defaulter by any bank or financial Institution or other lender.

71 Registration of charges or satisfaction of charges with Registrar of Companies (ROC)

The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.

72 Relationship with Struck off Companies

Transaction with companies struck off under section 248 of the companies Act, 2013 or Section 560 of Companies Act, 1956

For March 31, 2022			
Name of struck off Company	Nature of transactions with struck off Company	Balance outstanding	Relationship with the struck off Company
