NOTICE OF THE 16TH ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN THAT THE 16TH ANNUAL GENERAL MEETING OF THE MEMBERS OF EDEL INVESTMENTS LIMITED WILL BE HELD ON TUESDAY, SEPTEMBER 16, 2025 AT 11.30 A.M. AT THE REGISTERED OFFICE OF THE COMPANY AT 5TH FLOOR, EDELWEISS HOUSE, OFF C.S.T. ROAD, KALINA, MUMBAI - 400098

ORDINARY BUSINESS:

1. To consider and adopt the Audited Financial Statements of the Company for the financial year ended March 31, 2025, together with the Report of the Board and the Auditors thereon.
2. To appoint a director in place of Mr. Ashish Gupta (DIN: 07775554) who retires by rotation and, being eligible, offers himself for re-appointment.

SPECIAL BUSINESS:

3. Appointment of Mr. Dushyant Patadiya as an Executive Director:

To consider and, if thought fit, to pass with or without modification, the following resolution as a Special Resolution:

“RESOLVED that pursuant to the provisions of Sections 196, 197, 198 and 203 read with Schedule V and the Rules framed thereunder and other applicable provisions, if any, of the Companies Act, 2013 (“the Act”) (including any statutory amendment(s) or modification(s) thereto or enactment(s) or re-enactment(s) thereof for the time being in force), the Regulations, Guidelines and Circulars issued in this regard from time to time, and as approved by the Board of Directors of the Company, approval of the Members be and is hereby accorded to appoint Mr. Dushyant Patadiya (DIN: 09646883) as an Executive Director of the Company for a period of 3 years with effect from July 18, 2025, on the terms and conditions as set out below:

- (a) Salary Limit: Not to exceed Rs. 50,00,000/- per annum.
- (b) Performance Bonus: In addition to salary and perquisites, performance-based bonus payments, up to 80% of the salary limit, may also be made, and at such intervals as may be decided from time to time.
- (c) Perquisites: In addition to the salary and the performance bonus, Mr. Dushyant Patadiya shall be entitled to the perquisites as per the Rules of the Company.

FURTHER RESOLVED that subject to the applicable provisions of the Act read with Schedule V and other prevalent laws, where in any financial year during the tenure of appointment of Mr. Dushyant Patadiya the Company has no profits or its profits are inadequate, the Company may pay the aforesaid remuneration to Mr. Dushyant Patadiya and within the overall limits prescribed under the Act;

FURTHER RESOLVED THAT subject to the applicable provisions of the Act, the Board be and is hereby authorized to vary the terms of appointment and to do all such acts, deeds, matters

and things, as it may, in its absolute discretion, deem necessary and with the power on behalf of the Company to settle questions, difficulties or doubts that may arise in this regard without requiring the Board to secure any further consent or approval of the Members of the Company.”

4. Appointment of Mr. Vipin Kumar Gawande as an Executive Director:

To consider and, if thought fit, to pass with or without modification, the following resolution as a Special Resolution:

“RESOLVED that pursuant to the provisions of Sections 196, 197, 198 and 203 read with Schedule V and the Rules framed thereunder and other applicable provisions, if any, of the Companies Act, 2013 (“the Act”) (including any statutory amendment(s) or modification(s) thereto or enactment(s) or re-enactment(s) thereof for the time being in force), the Regulations, Guidelines and Circulars issued in this regard from time to time, and as approved by the Board of Directors of the Company, approval of the Members be and is hereby accorded to appoint Mr. Vipin Kumar Gawande (DIN: 09646670) as an Executive Director of the Company for a period of 3 years with effect from July 18, 2025, on the terms and conditions as set out below:

- (a) Salary Limit: Not to exceed Rs. 50,00,000/- per annum.
- (b) Performance Bonus: In addition to salary and perquisites, performance-based bonus payments, up to 80% of the salary limit, may also be made, and at such intervals as may be decided from time to time.
- (c) Perquisites: In addition to the salary and the performance bonus, Mr. Vipin Kumar Gawande shall be entitled to the perquisites as per the Rules of the Company.

FURTHER RESOLVED that subject to the applicable provisions of the Act read with Schedule V and other prevalent laws, where in any financial year during the tenure of appointment of Mr. Vipin Kumar Gawande the Company has no profits or its profits are inadequate, the Company may pay the aforesaid remuneration to Mr. Vipin Kumar Gawande and within the overall limits prescribed under the Act;

FURTHER RESOLVED THAT subject to the applicable provisions of the Act, the Board be and is hereby authorized to vary the terms of appointment and to do all such acts, deeds, matters and things, as it may, in its absolute discretion, deem necessary and with the power on behalf of the Company to settle questions, difficulties or doubts that may arise in this regard without requiring the Board to secure any further consent or approval of the Members of the Company.”

- b) New Membership and Segment Activations: The Company has successfully obtained membership in the Multi Commodity Exchange of India (MCX). Additionally, the company has activated new trading segments, including Debt and Commodity segments on the National Stock Exchange (NSE) and the Debt segment on the Bombay Stock Exchange (BSE). These developments enhance the company's market presence and diversify its trading capabilities.

General Information:

This section provides an overview of the operational and strategic landscape of Edelcap Securities Limited, a stockbroking firm in India, for the financial year 2024-25. It outlines key market dynamics, regulatory frameworks, economic conditions, industry trends, and our commitment to sustainable growth, which collectively shape our business environment and strategic direction.

1. Accelerating Market

The Indian securities market has witnessed robust growth in FY 2024-25, driven by increased retail investor participation, technological advancements, and a favourable economic environment. The National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) reported market capitalisations of USD 5.25 trillion and USD 4.80 trillion, respectively, as of November 2024, reflecting strong investor confidence. Retail investors accounted for a record 23% of total equities trading volume in early 2024, fueled by rising smartphone penetration, improved internet connectivity, and user-friendly trading platforms.

2. SEBI Regulatory Provisions to Instil Optimism

The Securities and Exchange Board of India (SEBI) continues to strengthen the regulatory framework to enhance transparency, investor protection, and market efficiency. In February 2025, SEBI issued a circular facilitating retail investor participation in algorithmic trading, lowering entry barriers and promoting inclusivity. Additionally, SEBI's expansion of the sustainable finance framework introduced new categories of ESG Debt Securities, including Social Bonds, Sustainable Bonds, and Sustainability-linked Bonds, aligning with global sustainability goals. The mandatory Business Responsibility and Sustainability Reporting (BRSR) for the top 1,000 listed companies by market capitalization has further reinforced ESG compliance, encouraging ethical business practices. These regulatory measures have instilled optimism, fostering a secure and transparent trading environment that supports long-term market growth.

3. External Environment and Economic Outlook

India remains one of the fastest-growing major economies, with a projected GDP growth of 6.5% for FY 2025-26, driven by robust domestic demand, infrastructure investments, and structural reforms. Real GDP for Q2 FY 2025 was estimated at INR 44.10 lakh crore (USD 509.36 billion), reflecting a growth rate of 5.4%. The government's capital expenditure outlay increased by 17.1% to INR 11 lakh crore (USD 133.51 billion) in the Union Budget 2024-25, focusing on infrastructure, renewable energy, and digitalization. Inflation moderated to 5.02% in September 2024, supported by proactive government policies and softening global commodity prices. However, global uncertainties, including geopolitical risks and potential trade disruptions, pose challenges. The company's strategic focus on digital transformation and investor education has positioned it to capitalize on India's favorable economic outlook.

4. Stockbroking Industry Overview and Major Changes During FY 2024-25

The Indian security brokerage market was valued at USD 4.25 billion in 2025, projected to grow at a CAGR of 7.89% to USD 6.21 billion by 2030. Major changes in FY 2024-25 include the widespread adoption of AI and algorithmic trading, enhancing order execution efficiency, and providing real-time market insights. The online trading segment dominated, fueled by user-friendly platforms and increased investor education initiatives. SEBI's regulatory interventions, such as facilitating algorithmic trading for retail investors and enforcing cybersecurity measures, have reshaped industry dynamics. Edel Investments Limited has invested significantly in technology infrastructure, which has contributed to a significant increase in online trading volumes. The industry also saw a shift toward ESG-compliant securities, reflecting growing investor demand for sustainable investments.

5. Sustainable Growth

We firmly believe that shareholder value is intrinsic to stakeholder value. Amidst focusing on the core business of the company, we are also equally committed to complying with the best corporate governance practices – a profound responsibility of the leading corporation in the modern era. At the heart of effective corporate governance lies integrity, transparency, accountability, and fairness in the operations. It is not just a regulatory obligation but a commitment to our stakeholders.

Governance alone not being sufficient, we also recognize our broader role and embrace our responsibility towards the Corporate Social Responsibility.

6. Way Forward

As we move into the financial year 2025-26, The Company is poised to strengthen its position as a leading stockbroking firm in India by embracing innovation, enhancing client-centric services, and navigating the evolving regulatory and technological landscape. Our strategic roadmap is built on the following key pillars:

1. Accelerating Digital Transformation

The Indian stockbroking industry continues to witness robust retail participation, fueled by technology-driven platforms. We aim to further enhance our digital ecosystem by:

- Upgrading Trading Platforms: Introducing AI-powered tools for personalized investment recommendations and real-time portfolio analytics to empower clients.
- Expanding API Offerings: Strengthening our API services to cater to algo-traders and corporate clients, ensuring low-latency execution and robust security.

2. Strengthening Compliance and Governance

In light of SEBI's evolving regulations, we are committed to maintaining the highest standards of corporate governance and client protection:

- Robust Compliance Framework: Enhancing our systems to ensure full adherence to SEBI's margin pledge norms, client data security, and KYC requirements.
- Transparent Communication: Regularly updating clients on their funds and securities balances, aligning with exchange guidelines to foster trust.
- Cybersecurity Investments: Deploying advanced encryption and multi-factor authentication to safeguard client data against emerging cyber threats.

3. Navigating Macroeconomic Trends

The Indian economy is expected to maintain its growth trajectory, supported by strong domestic consumption and government reforms. However, global uncertainties such as inflation and geopolitical risks remain challenges. We will:

- Monitor Macro Trends: Continuously assess domestic and global economic indicators to guide our investment advisory services.
- Risk Management: Strengthen our risk assessment frameworks to protect client portfolios from market volatility.

Conclusion

Looking ahead, Edel Investments Limited is committed to driving value for our clients, shareholders, and employees by staying agile and innovative in a dynamic market. By leveraging technology, fostering trust, and aligning with regulatory standards, we aim to redefine the stockbroking experience and contribute to the growth of India's capital markets.

Management:**Directors and Key Managerial Personnel:**

- **Independent Directors:**

During the year under review, Mr. Vinod Juneja (DIN: 00044311) has been appointed as an Independent Director (Additional) of the Company, for 1 term of 5 years, with effect from the date of approval by the Stock Exchanges.

In accordance with the provisions of Section 149 of the Act, the Independent Director of the Company has given a declaration that he meets the criteria of independence as provided in the said Section and in terms of the Listing Regulations.

In the opinion of the Board, Mr. Juneja is a person of integrity and possesses the requisite expertise, experience, and proficiency to serve as an Independent Director of the Company.

- **Executive Directors:**

Mr. Dushyant Patadiya (DIN: 09646883) and Mr. Vipin Kumar Gawande (DIN: 09646670) continue to be the Executive Directors of the Company.

At the Board Meeting held on July 18, 2022, the Board had appointed Mr. Dushyant Patadiya (DIN: 09646883) and Mr. Vipin Kumar Gawande (DIN: 09646670) as Executive Directors of the Company for a period of 3 years with effect from July 18, 2022. The tenure of Mr. Dushyant Patadiya (DIN: 09646883) and Mr. Vipin Kumar Gawande (DIN: 09646670) will expire on July 17, 2025. Therefore, the Board has recommended the re-appointment of Mr. Dushyant Patadiya (DIN: 09646883) and Mr. Vipin Kumar Gawande (DIN: 09646670) as Executive Directors of the Company, for a further period of 3 years. The resolution for the appointment of

- Mr. Dushyant Patadiya (DIN: 09646883) as an Executive Director of the Company is being placed for the approval of the members at the forthcoming AGM.
- Mr. Vipin Kumar Gawande (DIN: 09646670) as an Executive Director of the Company is being placed for the approval of the members at the forthcoming AGM.

- **Non-Executive Director:**

Mr. Ashish Gupta (DIN: 07775554) continue to be the Non-Executive Director of the Company.

Key Managerial Personnel:

- **Company Secretary:**

Pursuant to the resignation of Ms. Bhargavi Halapeti, Mr. Akash Soni has been appointed as the Company Secretary of the Company w.e.f. March 29, 2025.

- **Chief Financial Officer:**

Mr. Kaushal Patel continues to be the Chief Financial Officer of the Company.

Retirement by rotation of the Director:

Mr. Ashish Gupta (DIN: 07775554) retires by rotation at the forthcoming Annual General Meeting (AGM) and, being eligible, offers himself for re-appointment. The details of Mr. Ashish Gupta (DIN: 07775554) are included in the notice of the AGM of the Company.

Remuneration Policy

Objective

The Companies Act, 2013 ('the Act') requires a Company to frame policy for determining the remuneration payable to the Directors, Key Managerial Personnel (KMPs) and other employees. While appointing the Directors, the Nomination and Remuneration Committee, if any/Board, considers qualification, positive attributes, areas of expertise and number of Directorships in other companies and such other factors as it may deem fit. The Board considers the Committee's recommendation and takes appropriate action.

The objective of the Remuneration Policy (the Policy) of the Company is to provide a framework for the remuneration of the Non-executive Directors, Managing Director/Executive Directors, KMPs and other Senior level employees of the Company.

The objective of this Policy is to ensure that:

- i. the level and composition of remuneration is reasonable and sufficient to attract, retain talent required to run the company successfully;
- ii. relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- iii. remuneration to the Directors, KMPs and senior management comprises a balance of fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.

Remuneration of the Non- executive Directors

- The Non-executive Directors are eligible for sitting fees for attending the meetings of the Board and the Committees thereof.
- The Non-executive Directors are also eligible for commission, subject to limits prescribed under the Act and the Rules framed there under.
- The Non-executive Directors (other than promoter Directors) shall be eligible for stock options.

Remuneration of the Managing Director & Executive Directors

- The remuneration of the Managing Director/Executive Directors is recommended by the Nomination and Remuneration Committee ('NRC'), if any to the Board. Based on the recommendations of the NRC as may be applicable, the Board determines and approves the remuneration of the Managing Director/Executive Directors, subject to necessary approvals, if any.

- The remuneration paid to the Managing Director/Executive Directors is within the limits prescribed under the Act and approved by the shareholders of the Company. The remuneration structure includes fixed salary, perquisites, bonus, other benefits and allowances and contribution to Funds, etc.
- The Executive Directors (other than the promoter Directors) shall be eligible for stock options as approved by the Board from time to time.

Remuneration of the KMP (other than Executive Directors) and Senior level employees

- The key components of remuneration package of the KMP (other than Executive Directors) and Senior level employees shall comprise of fixed salary, perquisites, annual bonus, other benefits and allowances and contribution to Funds, etc.
- They shall be eligible for stock options.

Policy Review

- The Policy may be amended as may be necessary.
- The Board shall implement the Policy, and may issue such guidelines, procedures etc. as it may deem fit.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Edel Investments Limited**

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **Edel Investments Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There are no key audit matters to be reported for the company for the financial year ended March 31, 2025.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Ind AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

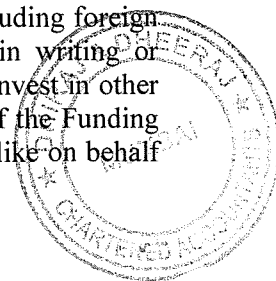

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv.
 - a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- c) Based on such audit procedures that were considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. No dividend has been declared or paid during the year by the Company.
- vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the company as per the statutory requirements for record retention.

Annexure “1” to Independent Auditors’ Report

Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our Report of even date to the members of Edel Investments Limited on the financial statements as of and for the year ended March 31, 2025.

- i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Property, Plant and Equipment are physically verified by the Management according to a regular programme of verification under which verification is done every 3 years. In our opinion, this programme is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the information and explanations given to us and the records of the Company examined by us, the Company does not own any immovable properties. Therefore, the provisions of Clause (i)(c) of the said Order are not applicable to the company.
- (d) According to the information and explanations given to us the Company has not revalued its Property, Plant and Equipment and Intangible Assets during the year ended March 31, 2025.
- (e) Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder, and therefore the question of our commenting on whether the company has appropriately disclosed the details in its financial statements does not arise.
- ii. (a) Based on our examination of documents and records, the Company did not own any physical inventory at any time during the year. Accordingly, clause 3(ii)(a) of the Order is not applicable to the Company.
- (b) During the year, the company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate from banks and financial institutions on the basis of security of current assets and accordingly, the question of our commenting on whether the quarterly returns or statements are in agreement with the unaudited books of account of the Company does not arise.
- iii. The company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause (iii)(a), (iii)(b), (iii)(c), (iii)(d), (iii)(e) and (iii)(f) of the said Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. The company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. Having regard to the nature of the Companies’ business activities, reporting under clause CARO 2020 relating to maintenance of cost records under section 148(1) of the Act is not applicable to the Company.

vii. (a) According to the information and explanations given to us and the records of the company examined by us, in our opinion, the company is regular in depositing the undisputed statutory dues, including provident fund, income tax, cess, goods and service tax and other material statutory dues, as applicable, with the appropriate authorities.

(b) According to the information and explanations given to us and the records of the company examined by us, the dues outstanding on account of dispute are as follows:

Name of the statute	Nature of dues	Amount (Rs.)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	Rs. 0.54 Million	A.Y. 2023-24	Assessing Officer

viii. According to the information and explanations given to us and the records of the company examined by us, there is no income surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

ix. (a) According to the records of the company examined by us and the information and explanation given to us, the company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender as at the balance sheet date.

(b) According to the information and explanations given to us and based on our audit procedures, we report that the company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

(c) According to the records of the company examined by us and the information and explanations given to us, the company has not obtained any term loans.

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the company, we report that no funds raised on short-term basis have been used for long-term purposes by the company.

(e) According to the information and explanations given to us and on an overall examination of the financial statements of the company, we report that the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and procedures performed by us, we report that the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

x. (a) The company has not raised any money by way of initial public offer or further public offer (Including debt instruments) during the year. Accordingly, the reporting under Clause (x)(a) of the Order are not applicable to the Company.

(b) The Company has not made any preferential allotment of preference shares during the year. Accordingly, the requirements of Section 42 of the Act are not applicable to the company.

xi. (a) During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the company or on the company, noticed or reported during the year, nor have we been informed of any such case by the Management.

(b) During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, report under section 143(12) of the Act, in Form ADT-4 was not required to be filed. Accordingly, the reporting under Clause (xi)(b) of the Order are not applicable to the company.

- (c) During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, and as represented to us by the management, no whistle-blower complaints have been received during the year by the company. Accordingly, the reporting under Clause (xi)(c) of the Order is not applicable to the company.
- xii. The company is not a Nidhi Company as per the provisions of the Companies Act, 2013. Therefore the provisions of Clause (xii) of the Order are not applicable to the company.
- xiii. The company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.
- xiv. a) In our opinion and according to the information and explanation given to us, There is internal audit system commensurate with the size and nature of its business,
b) The reports of the Internal Auditors for the period under audit were considered by the statutory auditor
- xv. The company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause (xv) of the Order are not applicable to the company
- xvi. (a) The company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause (xvi) of the Order are not applicable to the company.
(b) The company has not conducted non-banking financial / housing finance activities during the year. Accordingly, the reporting under Clause (xvi)(b) of the Order is not applicable to the Company.
(c) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clause (xvi)(c) of the Order is not applicable to the Company.
(d) Based on the information and explanations provided by the management of the Company, the Group has 1 CICs as part of the Company.
- xvii. The company has not incurred cash losses in the financial year and nor in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year, hence this clause is not applicable;
- xix. According to the information and explanations given to us and on the basis of the financial ratio ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

- xx. In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of section 135 of the Act pursuant to any project. Accordingly, clauses (xx) (a) and (xx) (b) of the Order are not applicable.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statement of the Company. Accordingly, no comment in respect of the said clause has been included in this report.

Annexure “2” to Independent Auditors’ Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to Ind AS financial statements of **Edel Investments Limited** (“the Company”) as of March 31, 2025 in conjunction with our audit of the Ind AS Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to these Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to special purpose financial statement included obtaining an understanding of internal financial controls with reference to these Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to these Ind AS financial statements.

Meaning of Internal Financial Controls with Reference to these Ind AS Financial Statements

A Company's internal financial controls with reference to Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Ind AS Financial Statements

Because of the inherent limitations of internal financial controls with reference to these Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Ind AS financial statements to future periods are subject to the risk that the internal financial control with reference to Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to Ind AS financial statements and such internal financial controls with reference to Ind AS financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Capital redemption reserve:

As per Companies Act, 2013, capital redemption reserve is created when Company purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve. The reserve is utilised in accordance with the provisions of section 69 of the Companies Act, 2013.

Securities premium:

Securities premium is used to record the premium on issue of shares and the reserve is utilised in accordance with the provisions of section 52 of the Companies Act, 2013.

Edel Investments Limited

Notes to the financial statements

for the year ended 31 March 2025

1. Background

Edel Investment Limited ('the Company') was incorporated on 24-Nov-2009 as a public limited company.

The Company is a subsidiary of Ecap Equities Limited and is registered as a trading member in Equity segment, Derivatives segment and Currency derivatives Segment with National Stock Exchange of India Limited (NSE) and BSE Limited ('BSE').

2. Basis of preparation of financial statements

The Company's financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

The Company's financial statements have been prepared on a historical cost basis, except for certain financial instruments such as financial asset measured at fair value through other comprehensive income (FVTOCI) instruments, derivative financial instruments, fair value through profit and loss account and other financial assets held for trading, which have been measured at fair value. The Company's financial statements are presented in Indian Rupees (INR) and all values are rounded off to the nearest millions, except when otherwise indicated.

3. Presentation of financial statements

The Company presents its balance sheet in order of liquidity in compliance with the Division III of the Schedule III to the Companies Act, 2013. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in Note 49.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the company and or its counterparties

4. Material accounting policies information

4.1 Revenue recognition

4.1.1 Fee income including advisory fees for services rendered is accounted over the period as the customer simultaneously receives and consumes the benefits, as the services are rendered.

4.1.2 Interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost and debt instrument measured at FVTOCI. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the financial asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of

Edel Investments Limited

Notes to the financial statements

for the year ended 31 March 2025

the EIR. The Company recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk. The adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income.

When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Company calculates interest income by applying the effective interest rate to the amortised cost of the financial asset. If the financial assets cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

For purchased or originated credit-impaired (POCI) financial assets, the Company calculates interest income by calculating the credit-adjusted EIR and applying that rate to the amortised cost of the asset. The credit-adjusted EIR is the interest rate that, at original recognition, discounts the estimated future cash flows (including credit losses) to the amortised cost of the POCI assets.

- 4.1.3** Dividend income is recognised in profit or loss when the Company's right to receive payment of the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity, and the amount of the dividend can be measured reliably.
- 4.1.4** Brokerage income on broking business is recognised as per contracted rates at the time of execution of transactions on behalf of the customers on the trade date and is reflected net of related sub-brokerage expenses, goods and service tax ("GST"), transaction charges and stock exchange expenses.
- 4.1.5** Profit/loss on sale of investments is recognised on trade date basis.

4.2 Financial Instruments

4.2.1 Date of recognition

Financial assets and financial liabilities, with the exception of borrowings are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades; purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. The Company recognises borrowings when funds are available for utilisation to the Company.

4.2.2 Initial measurement of financial instruments

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

4.2.3 Day 1 profit or loss

Edel Investments Limited
Notes to the financial statements
for the year ended 31 March 2025

When the transaction price of the financial instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in statement of profit and loss when the inputs become observable, or when the instrument is derecognised.

4.3 Classification of financial instruments

4.3.1 Financial assets:

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- Amortised cost
- Fair value through other comprehensive income [FVTOCI]
- Fair value through profit or loss [FVTPL]

The Company measures debt financial assets that meet the following conditions at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Sale that occur for below reason are considered as consistent with business model whose objective is to hold financial assets in order to collect contractual cash flows

- if those sales are infrequent (even if significant in value) or insignificant in value both individually and in aggregate (even if frequent).
- If such sales are made close to maturity of financial asset and proceeds from sale approximate the collection of the remaining contractual cashflow.
- Selling a financial asset because of significant increase in credit risk.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Other than above classification of amortised cost and FVOCI, all other financial assets are initially measured at fair value and subsequently measured at FVTPL.

4.3.1.1 Amortized cost and Effective interest rate method (EIR)

The effective interest rate method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the

Edel Investments Limited
Notes to the financial statements
for the year ended 31 March 2025

effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected credit life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition. For purchased or originated credit impaired financial assets, a credit-adjusted effective interest rate is calculated by discounting the estimated future cash flows, including expected credit losses, to the amortised cost of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

4.3.1.2 Financial assets held for trading

The Company classifies financial assets as held for trading when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there evidence of a recent pattern of short-term profit is taking. Held-for-trading assets and liabilities are recorded and measured in the balance sheet at fair value.

4.3.1.3 Financial asset measured at FVOCI

Unrealised gains or losses on debt instruments measured at FVOCI are recognised in other comprehensive income, and on derecognition of such instrument accumulated gains or losses are recycled to statement of profit and loss. Interest income on such instrument is recognised in statement of profit and loss as per EIR method.

4.3.1.4 Investment in equity instruments

The Company subsequently measures all equity investments at fair value through profit or loss, unless the management has elected to classify irrevocably some of its strategic equity investments to be measured at FVTOCI, when such instruments meet the definition of Equity under Ind AS and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

Investments in subsidiaries and associates is measured at cost less provision for impairment.

4.3.2 Financial liabilities

All financial liabilities are measured at amortised cost except loan commitments, financial guarantees, and derivative financial liabilities.

4.3.2.1 Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the instrument.

4.3.2.2 Financial assets and financial liabilities at fair value through profit or loss

Edel Investments Limited
Notes to the financial statements
for the year ended 31 March 2025

Financial assets and financial liabilities in this category are those that are not held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109. Management only designates an instrument at FVTPL upon initial recognition when one of the following criteria are met. Such designation is determined on an instrument-by-instrument basis:

- The designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis; or
- The liabilities are part of a group of financial liabilities, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy; or
- The liabilities containing one or more embedded derivatives, unless they do not significantly modify the cash flows that would otherwise be required by the contract, or it is clear with little or no analysis when a similar instrument is first considered that separation of the embedded derivative(s) is prohibited.

Financial assets and financial liabilities at FVTPL are recorded in the balance sheet at fair value. Changes in fair value are recorded in statement of profit and loss with the exception of movements in fair value of liabilities designated at FVTPL due to changes in the Company's own credit risk. Such changes in fair value are recorded in the own credit reserve through OCI and do not get recycled to the profit or loss. Interest earned or incurred on instruments designated at FVTPL is accrued in interest income or finance cost, respectively, using the EIR, taking into account any discount/ premium and qualifying transaction costs being an integral part of instrument. Interest earned on assets mandatorily required to be measured at FVTPL is recorded using contractual interest rate.

4.3.2.3 Financial guarantee:

Financial guarantees are contracts that require the Company to make specified payments to reimburse to holder for loss that it incurs because a specified debtor fails to make payment when it is due in accordance with the terms of a debt instrument.

Financial guarantee issued or commitments to provide a loan at below market interest rate are initially measured at fair value and the initial fair value is amortised over the life of the guarantee or the commitment. Subsequently they are measured at higher of this amortised amount and the amount of loss allowance.

4.3.2.4 Loan commitment

Undrawn loan commitments are commitments under which, the Company is required to provide a loan with pre-specified terms to the customer during the duration of commitment.

4.3.3 Financial liabilities and equity instruments

Financial instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received.

Edel Investments Limited
Notes to the financial statements
for the year ended 31 March 2025

4.3.4 Derivatives

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts and interest rate swaps.

Derivatives are initially recognised at fair value and are subsequently re-measured at fair value through profit or loss. The resulting gain or loss is recognised in statement of profit and loss immediately.

4.4 Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

4.5 Derecognition of financial assets and financial liabilities

4.5.1 Derecognition of financial assets due to substantial modification of terms and conditions

The Company derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised financial assets are classified as Stage 1 for ECL measurement purposes, unless the new financial asset is deemed to be POCI.

When assessing whether or not to derecognise a financial asset, amongst others, the Company considers the following factors:

- Change in currency of the loan
- Introduction of an equity feature
- Change in counterparty

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted

at the original EIR, the Company records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

4.5.2 Derecognition of financial assets other than due to substantial modification

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, and only if, either:

- The Company has transferred its contractual rights to receive cash flows from the financial asset; or
- It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement.

Pass-through arrangements are transactions whereby the Company retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a

Edel Investments Limited

Notes to the financial statements

for the year ended 31 March 2025

contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), when all of the following conditions are met:

- The Company has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates
- The Company cannot sell or pledge the original asset other than as security to the eventual recipients

The Company has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Company is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset; or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

4.5.3 Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires.

Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the financial liability and the consideration paid, including modified contractual cash flow recognised as new financial liability, is recognised in the statement of profit and loss.

4.6 Impairment of financial assets

The Company records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, together with loan commitment and financial guarantee contracts, in this section all referred to as 'financial instruments'. Equity instruments are not subject to impairment.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables and lease receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on portfolio of its receivables. The provision matrix is based on its historically observed default rates over the expected life of the receivables. However, if receivables contain a significant financing component, the Company chooses as its accounting policy to measure the loss allowance by applying general approach to measure ECL.

For all other financial instruments, the Company recognises lifetime ECL when there has been a significant increase in credit risk (SICR) since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial

Edel Investments Limited

Notes to the financial statements

for the year ended 31 March 2025

recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses (12m ECL). The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. As for the exposure at default (EAD), for financial assets, this is represented by the assets' gross carrying amount at the reporting date; for loan commitments and financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Company's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the ECL is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate. The Company recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

If a financial instrument includes both a loan (i.e. financial asset) and an undrawn commitment (i.e. loan commitment) component and the Company cannot separately identify the ECL on the loan commitment component from those on the financial asset component, the ECL on the loan commitment have been recognised together with the loss allowance for the financial asset. To the extent that the combined ECL exceed the gross carrying amount of the financial asset, the ECL have been recognised as a provision. Also, for other loan commitments and all financial guarantee contracts, the loss allowance has been recognised as a provision.

4.7 Collateral valuation

To mitigate its credit risks on financial assets, the Company seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. Collateral, unless repossessed, is not recorded on the balance sheet. However, the fair value of collateral affects the calculation of ECLs. It is generally assessed, at a minimum, at inception and re-assessed on a periodical basis. However, some collateral, for example, cash or securities relating to margining requirements, is valued daily.

To the extent possible, the Company uses active market data for valuing financial assets held as collateral. Other financial assets which do not have readily determinable market values are valued using models.

4.8 Collateral repossessed

The Company's policy is to determine whether a repossessed asset can be best used for its internal operations or should be sold. Assets determined to be useful for the internal operations are transferred to their relevant asset category at the lower of their repossessed

Edel Investments Limited

Notes to the financial statements

for the year ended 31 March 2025

value or the carrying value of the original secured asset. Assets for which selling is determined to be a better option are transferred to assets held for sale at their fair value (if financial assets) and fair value less cost to sell for non-financial assets at the repossession date in, line with the Company's policy.

In its normal course of business, the Company does not physically repossess properties or other assets in its retail portfolio, but engages external agents to recover funds, generally at auction, to settle outstanding debt. Any surplus funds are returned to the customers/obligors.

4.9 Write off

Financial assets are written off either partially or in their entirety only when the Company has no reasonable expectation of recovery.

4.10 Forborne and modified loan

The Company sometimes makes concessions or modifications to the original terms of loans as a response to the borrower's financial difficulties, rather than taking possession or to otherwise enforce collection of collateral. The Company considers a loan forborne when such concessions or modifications are provided as a result of the borrower's present or expected financial difficulties and the Company would not have agreed to them if the borrower had been financially healthy. Indicators of financial difficulties include defaults on covenants, or significant concerns raised by the Credit Risk Department. Forbearance may involve extending the payment arrangements and the agreement of new loan conditions. Once the terms have been renegotiated, any impairment is measured using the original EIR as calculated before the modification of terms. It is the Company's policy to monitor forborne loans to help ensure that future payments continue to be likely to occur. Derecognition decisions and classification between Stage 2 and Stage 3 are determined on a case-by-case basis. If these procedures identify a loss in relation to a loan, it is disclosed and managed as an impaired Stage 3 forborne asset, until it is collected or written off.

4.11 Determination of fair value

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial

Edel Investments Limited

Notes to the financial statements

for the year ended 31 March 2025

instruments are classified based on a hierarchy of valuation techniques, as summarised below:

- Level 1 financial instruments –Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.
- Level 2 financial instruments–Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.
- Level 3 financial instruments –Those that include one or more unobservable input that is significant to the measurement as whole. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The Company periodically reviews its valuation techniques including the adopted methodologies and model calibrations.

Therefore, the Company applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments.

The Company evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

4.12 Earnings per share

Basic earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax attributable to the equity shareholders for the year by weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all potential equity shares.

4.13 Foreign currency transactions

The financial statements are presented in Indian Rupees. Transactions in currencies other than Indian Rupees (i.e. foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences on monetary items are recognised in statement of profit and loss in the period in which they arise.

Edel Investments Limited

Notes to the financial statements

for the year ended 31 March 2025

4.14 Retirement and other employee benefit

4.14.1 Provident fund and national pension scheme

The Company contributes to a recognised provident fund and national pension scheme which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognised in the statement of profit and loss.

4.14.2 Gratuity

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Remeasurements are not reclassified to statement of profit and loss in subsequent periods.

4.14.3 Compensated Absences

The eligible employees of the Company are permitted to carry forward certain number of their annual leave entitlement to subsequent years, subject to a ceiling. The Company recognises the charge in the statement of profit and loss and corresponding liability on such non-vesting accumulated leave entitlement based on a valuation by an independent actuary. The cost of providing annual leave benefits is determined using the projected unit credit method.

4.14.4 Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services that are granted by the ultimate parent Company are measured by reference to the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the 'ESOP reserve'. In cases where the share options granted vest in instalments over the vesting period, the Company treats each instalment as a separate grant, because each instalment has a different vesting period, and hence the fair value of each instalment differs.

4.15 Property, plant and equipment

Property plant and equipment is stated at cost excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the

Edel Investments Limited

Notes to the financial statements

for the year ended 31 March 2025

expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent costs incurred on an item of property, plant and equipment is recognised in the carrying amount thereof when those costs meet the recognition criteria as mentioned above. Repairs and maintenance are recognised in profit or loss as incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives. Depreciation is provided on a written down value basis from the date the asset is ready for its intended use or put to use whichever is earlier. In respect of assets sold, depreciation is provided upto the date of disposal.

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its tangible assets recognised as of 1 April 2017 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

As per the requirement of Schedule II of the Companies Act, 2013, the Company has evaluated the useful lives of the respective fixed assets which are as per the provisions of Part C of the Schedule II for calculating the depreciation. The estimated useful lives of the fixed assets are as follows:

Estimated useful lives of the assets are as follows:

Nature of assets	Useful Life
Computers and data processing units - End user devices, such as desktops, laptops, etc.	3 years
Computers and data processing units - Servers and networks	6 years
Motor Vehicles	8 years

4.16 Intangible assets

Intangible assets are recorded at the consideration paid for the acquisition of such assets and are carried at cost less accumulated amortization and impairment, if any.

Intangibles such as software are amortised over a period of 3 years based on its estimated useful life. For transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as of 1 April 2017 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

4.17 Impairment of non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired based on internal/external factors. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit which the asset belongs to is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of the depreciable historical cost.

4.18 Cash and cash equivalents

Edel Investments Limited

Notes to the financial statements

for the year ended 31 March 2025

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less.

4.19 Provisions and Contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Claims against the Company, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

4.20 Income tax expenses

Income tax expense represents the sum of the tax currently payable and deferred tax (net).

4.20.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

4.20.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax assets are also recognised with respect to carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

It is probable that taxable profit will be available against which a deductible temporary difference, unused tax loss or unused tax credit can be utilised when there are sufficient taxable temporary differences which are expected to reverse in the period of reversal of deductible temporary difference or in periods in which a tax loss can be carried forward or back. When this is not the case, deferred tax asset is recognised to the extent it is probable that:

Edel Investments Limited
Notes to the financial statements
for the year ended 31 March 2025

- the entity will have sufficient taxable profit in the same period as reversal of deductible temporary difference or periods in which a tax loss can be carried forward or back; or
- tax planning opportunities are available that will create taxable profit in appropriate periods.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

4.20.3 Minimum Alternative Tax (MAT) credit

MAT paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes unused MAT credit as a deferred tax asset only to the extent that it is probable that the Company will be able to utilise during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognises deferred tax asset (MAT credit) as an asset, the said asset is created by way of credit to the statement of profit and loss. The Company reviews the MAT asset at each reporting date and writes down the asset to the extent that it is not probable that the Company will be able to utilise it during the specified period.

5. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, the management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

5.1 Critical judgements in applying accounting policies

Edel Investments Limited
Notes to the financial statements
for the year ended 31 March 2025

The following are the critical judgements, apart from those involving estimations, that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements.

a. Business model assessment

Classification and measurement of financial assets depends on the results of the solely payments of principal and interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance is measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the quantum, the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

b. Significant increase in credit risk

ECL is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

c. Consolidation of structured entities

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to administrative tasks only and the relevant activities are directed by means of contractual arrangements. In the context of the Company, structured entities comprise securitisation trusts in asset reconstruction business, mutual fund schemes and alternative investment funds / schemes thereof. The Company consolidates the structured entities that it controls. When making this judgement, the Company also considers voting and similar rights available to itself and other parties, who may limit the Company's ability to control, including rights to appoint, reassign or remove members of the structured entity's key management personnel who have the ability to direct the relevant activities, the exposure to variability of returns and whether the Company has the ability to use its power to affect the amount of the Company's returns i.e. the variability of returns in relation to the total returns of the investee entity.

d. Determining lease term for lease contracts with renewal and termination option:

Edel Investments Limited

Notes to the financial statements

for the year ended 31 March 2025

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain, whether or not, to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control that affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation of the leased asset).

5.2 Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, as described below. The Company based its assumptions and estimates on parameters available when the stand-alone financial statements are prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a. Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values.

For Investments made into Security receipts (SRs), Company uses discounted cash flow model, given that the SRs are less liquid instruments. Expected cash flow levels including timing of cash flows are estimated by using quantitative and qualitative measures regarding the characteristics of the underlying assets including default rates, nature and value of collaterals, manner of resolution and other economic drivers. For any valuation which are based on models, Judgements and estimates are applied, which include considerations of liquidity, credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

b. Impairment of financial assets

Edel Investments Limited

Notes to the financial statements

for the year ended 31 March 2025

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Company's ECL calculations are outputs of models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- PD calculation includes historical data, assumptions and expectations of future conditions.
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life-time expected credit loss and the qualitative assessment.
- The segmentation of financial assets when their ECL is assessed on a collective basis.
- Development of ECL models, including the various formulas and the choice of inputs.
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, EAD and LGD.
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models.

It is Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

c. Effective interest rate method

The Company's EIR methodology recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of characteristics of the product life cycle

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes fee income/expense that are integral parts of the instrument.

d. Accounting for deferred taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Company has recognised deferred tax assets on carried forward tax losses where the Company believes that the said deferred tax assets shall be recoverable based on the estimated future taxable income which in turn is based on approved business plans and

Edel Investments Limited
Notes to the financial statements
for the year ended 31 March 2025

budgets. The losses are allowed to be carried forward to the years in which the Company expects that there will be sufficient taxable profits to offset these losses.

e. Estimating the incremental borrowing rate:

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate ('IBR') to measure lease liabilities. Incremental borrowing rate is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

6. Standards issued but not yet effective

There are no new standard or amendment issued but not effective.

33 Segment reporting

The Company's business is organised and management reviews the performance based on the business segments as mentioned below:

Segment	Activities covered	
Capital based business	Interest Income on loans and other capital based activities	
Treasury	Income from treasury operations, income from investments, interest income on debt instruments and dividend income.	
Agency business	Broking, advisory and product distribution services	
Income for each segment has been specifically identified. Expenditures, assets and liabilities are either specifically identified with individual segments or have been allocated to segments on a systematic/reasonable basis. Based on such allocations, segment disclosures relating to revenue, results, assets and liabilities have been prepared. Since the business operations of the Company are primarily concentrated in India, the Company is considered to operate only in the domestic segment and therefore there is no reportable geographic segment. The following table gives information as required under the Ind AS -108 - Operating Segment Reporting:		
Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
I Segment revenue

44 Sensitivity analysis on derivative instruments

(i) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings.

The table below indicates the currencies to which the Group had significant exposure at the end of the reported periods. The analysis calculates the effect of a reasonably possible movement of the currency rate against the INR (all other variables being constant) on the statement of profit and loss (due to the fair value of currency sensitive non-trading monetary assets and liabilities) and equity (due to the change in fair value of currency swaps and forward foreign exchange contracts used as cash flow hedges).

2024-25						
Currency	Increase in currency rate (%)	Effect on profit before tax	Effect on Equity	Decrease in currency rate (%)	Effect on profit before tax	Effect on Equity
USD	5	0.00	-	5	-	-

2023-24						
Currency	Increase in currency rate (%)	Effect on profit before tax	Effect on Equity	Decrease in currency rate (%)	Effect on profit before tax	Effect on Equity
USD	5	0.05	-	5	(0.05)	-

(ii) Equity price risk

Equity price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the level of individual investment in equity share prices.

2024-25						
Impact on	Increase in equity price (%)	Effect on profit before tax	Effect on Equity	Decrease in equity price (%)	Effect on profit before tax	Effect on Equity
Mutual fund units	5	5.92	-	5	(5.92)	-
Nifty Link Debenture	5	82.02	-	5	(82.02)	-

2023-24						
Impact on	Increase in equity price (%)	Effect on profit before tax	Effect on Equity	Decrease in equity price (%)	Effect on profit before tax	Effect on Equity
Mutual fund units	5	5.51	-	5	(5.51)	-
Nifty Link Debenture	5	68.71	-	5	(68.71)	-

(iii) Index price risk

Index price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the level of equity indices.

2024-25						
Impact on	Increase in index price (%)	Effect on profit before tax	Effect on Equity	Decrease in index price (%)	Effect on profit before tax	Effect on Equity
Derivatives	5	-	-	5	-	-

2023-24						
Impact on	Increase in index price (%)	Effect on profit before tax	Effect on Equity	Decrease in index price (%)	Effect on profit before tax	Effect on Equity
Derivatives	5	(0.12)	-	5	0.12	-

Fair valuation techniques:

(i) Equity instruments and units of Alternative Investment Funds

The majority of equity instruments are actively traded on recognized stock exchanges with readily available active prices on a regular basis. Such instruments are classified as Level 1. Units held in funds are measured based on fund net asset value (NAV), taking into account redemption and/or other restrictions. Such NAV Such instruments are generally Level 3. Equity instruments in non-listed entities are initially recognised at transaction price and re-measured at each reporting date at valuation provided by external valuer at instrument level. Unlisted equity securities are classified at Level 3.

(ii) Debt securities

While most of these instruments are standard fixed rate securities, however nifty linked debentures have embedded derivative characteristics. Fair value of these instruments is derived based on the indicative quotes of price and yields prevailing in the market as at the reporting date. Company has used quoted price of national stock exchange wherever bonds are traded actively. In cases where debt securities are not actively traded Company has used CRISIL Corporate Bond Valuer model for measuring fair value.

(iii) Derivatives

The Company enters into derivative financial instruments with various counter-parties, primarily banks with investment grade credit ratings. Derivatives valued using valuation techniques with market observable inputs are exchange traded futures and options contracts. The most frequently applied valuation techniques include quoted price for exchange traded derivatives and Black Scholes models (for option valuation).
